Teach Your Children To Read Well Level 2:

Teach Your Children to Read Well Michael Maloney, 2000-09 Systematic reading program for 3rd 4th Grade students These 60 lessons review all basic decoding skills and teach complex decoding strategies to develop fluent readers **The Core** Leigh A. Bortins, 2025-10-16 In the past correct spelling the multiplication tables the names of the state capitals and the American presidents were basics that all children were taught in school Today many children graduate without this essential knowledge Most curricula today follow a haphazard sampling of topics with a focus on political correctness instead of teaching students how to study Leigh Bortins a leading figure in the homeschooling community is having none of it She believes that there are core areas of knowledge that are essential to master Without knowing the multiplication tables children can't advance to algebra Without mastery of grammar students will have difficulty expressing themselves Without these essential building blocks of knowledge students may remember information but they will never possess a broad and deep understanding of how the world works In **The Core** Bortins gives parents the tools and methodology to implement a rigorous thorough and broad curriculum based on the classical model including Rote memorization to cement knowledge Systematic learning of geography historical facts and timelines Reading the great books and seminal historical documents instead of adaptations and abridged editions Rigorous training in math and the natural sciences **TEACH YOUR CHILD TO READ IN LESS THAN 10 MINUTES A DAY!** Amanda McNamara Lowe, 2015-07-16 Stretch Catch Words is an easy method developed by Amanda McNamara Lowe M Ed to help all children learn to read in just 10 minutes a day Whether your child excels in school or needs additional help the Stretch Catch Method will teach your child to read Stretch Catch Words is an innovative developmentally appropriate method designed to enable everyone from the concerned parent caregiver to the professional educator help teach a child how to read using this easy guide This book is meant for children of all levels All children including children with learning difficulties or disabilities can benefit from this 10 minute a day approach In order to teach a child to read the child must understand how words work By teaching your child Stretch Catch Words they will use many of their senses to see how words are formed That combined with The Word List Words high frequency words can create a reader in any child **How the Ant Met the Zebra: Teach Your Child the Alphabet and How to Read Using Phonics and 42 Magic Words** Patricia A. Stryker, 2024-09-01 This is a charming children's story about a city ant that goes to the country to visit his friends a cat and a dog They have a good time together and meet a horse named George a lion flying a kite a very friendly octopus and a busy zebra If you want to you can also use this book to help teach children the alphabet and how to read using phonics and the 42 Magic Words that are always shaded in the story These 42 words start with ordinary easy to read words like ant bus cat dog egg fish gate etc They are magic because they contain at least one spelling of all of the 40 sounds in the English language In the back of the book is useful information that explains phonics and how to teach your children to read This book teaches children the letters of the alphabet and all of the 40 sounds in English

using songs and other fun activities These sounds include the five short vowel sounds the five long vowel sounds the five other vowel sounds aw er ow oy and short oo and the digraphs ch ph sh th wh and ng As you read this story to children over and over again they can learn to read the 42 Magic Words This will give them a great start in learning to read Later children can enjoy reading this book themselves Comment from the author I wanted to see if I could make it easier for children to learn to read using phonics by introducing short and long vowels at the same time And by teaching them not just the alphabet but also teaching them all of the 40 sounds in English using songs and other fun activities This is the purpose of this book Pat Stryker

Leveled Reading, Leveled Lives Timothy Shanahan, 2025-07-28 An engaging and evidence based examination of how reading instruction has been misinterpreted and misapplied for decades and how to right the course to improve reading skills for all students In *Leveled Reading Leveled Lives* leading literacy expert Timothy Shanahan curates a lively tour of the history of reading instruction in the United States arguing that the most popular reading instruction method is failing students and suppressing their literacy achievement He breaks down the reasons why teachers and researchers alike have favored this accepted wisdom known as instructional level theory in US schools over the past five decades and presents a compelling case for a new way forward that will bolster students reading skills Today it s not uncommon to find students in a fourth grade classroom reading books suitable for third second or even first graders Teachers suggest books to students at their deemed instructional levels but how these instructional levels are determined is suspect With a comprehensive critical analysis of instructional level pedagogy Shanahan exposes its shaky foundations and shows how faulty research findings have become so entrenched He gathers an extensive body of research studies that overwhelmingly contradict the instructional level theory and offers an evidence based consideration of how educators must instead use grade level reading to bring about maximum learning gains This seminal book concludes with practical advice for implementing grade level reading instruction including detailed descriptions of the types of instruction and scaffolding needed to increase students reading achievement from teaching decoding and challenging texts to scaffolding reading to maintaining motivation Shanahan asserts that a better approach can ensure that all students have an opportunity to leave high school with reading abilities commensurate with their personal social civic and economic goals
