The Once And Future Wife:

The Once and Future Wife Laurie Paige,1994 The lawman s wife Only duty could bring FBI agent Tracy Roper back to Montana where her once blissful marriage had been shattered Sheriff Judd Hensley had given her almost everything a wife could want except what she d needed most Now his passionate embrace promised to set their broken dreams to right But would a second go round mean love for better or for worse **The Once and Future Wife** Random House,1998-08-01

Once and Future Wife Random House,1998-08-01 **The Once and Future Camelot** Felicity Pulman,2016-05-26 They would do anything to be reunited with those they love even if it means traveling beyond the boundaries of the world as we know it Two women living almost a thousand years apart are experiencing the same catastrophic visions of the future But these are not two ordinary women They are descended from Morgana le Fay and they have access to a magic that can stop this future from coming to pass if they can trust it and trust themselves Marie troubadour at the court of Eleanor of Aquitaine and Morgan a twenty first century botanist are two very different women When their lives collide in a garden in Glastonbury they must overcome the secrets that surround them and work together to save not only the world but each other Both of these women have known true love but lost it and both must overcome their prejudice as well as their fear of the harmful power of magic in order to be healed An astounding historical fantasy turning the King Arthur legend on its head in the tradition of Mary Stewart and T H White **The Once and Future Age** Joe Richardson,2013-11 By no means do I think that the mythos I ve developed is the only one for you There are many works that get you off commonly accepted paradigms and from these sources you may be able to take a little here and a little there in the search for what personally makes sense Many of the books and films I deem valuable are cited within this text But as to why I believe the information encased herein to be important I must say that what I have seen for explanations of reality outside of my own belief structure still leaves many areas unexamined so I included a number of sources perhaps in total they will amount to something greater than their individual parts Also in many correct and important theories the ideas I have come in contact with do not go far enough I see doors that I want to make ajar windows that I seek to get unstuck like a whale I always want to dive deeper And so my promise to you as the reader is that you ll have an opportunity to see subjects that you may have thought you knew portrayed in a different light interpretations coming from a different angle and ideas new to you **The Once and Future Me** Melissa Pace,2025-08-19 Dark Matter meets Girl Interrupted in this gripping psychological thriller about a young woman teetering on the edge of reality Virginia 1954 When a woman wakes on a patient transport bus arriving at Hanover State Psychiatric Hospital she remembers nothing of her life before that moment none of the dark things she must ve seen and done that forged her into the skillful and cunning fighter she is Doctors tell her she s Dorothy Frasier a paranoid schizophrenic committed for her violent delusions She s certain they re wrong until disturbing visions of a dystopian future in which frantic scientists urge her to complete the mission and save mankind begin to invade her reality Believing it s Hanover causing the

hallucinations she tells no one and focuses only on escaping until there s a visitor A man whose loving face and touch she remembers a man who knows all about her visions because he s spent years helping her cope with them her husband Paul Frasier Now she s sure of nothing caught between two realities Believe in the future and she might save the world Believe in her husband and doctors plans for her treatment and she might save herself She needs answers but to get them she ll have to harness the darkness inside her as she risks her freedom her mind and ultimately her life in a heart stopping quest for the truth

The Once and Future Great Lakes Country John L. Riley,2013-10-01 North America s Great Lakes country has experienced centuries of upheaval Its landscapes are utterly changed from what they were five hundred years ago The region s superabundant fish and wildlife and its magnificent forests and prairies astonished European newcomers who called it an earthly paradise but then ushered in an era of disease warfare resource depletion and land development that transformed it forever The Once and Future Great Lakes Country is a history of environmental change in the Great Lakes region looking as far back as the last ice age and also reflecting on modern trajectories of change many of them positive John Riley chronicles how the region serves as a continental crossroads one that experienced massive declines in its wildlife and native plants in the centuries after European contact and has begun to see increased nature protection and re wilding in recent decades Yet climate change globalization invasive species and urban sprawl are today exerting new pressures on the region s ecology Covering a vast geography encompassing two Canadian provinces and nine American states The Once and Future Great Lakes Country provides both a detailed ecological history and a broad panorama of this vast region It blends the voices of early visitors with the hopes of citizens now

The Once and Future Silver Queen of the Rockies Christine Bradley,Duane A

Smith,2019-03-01 There are many studies of local communities during their heydays but the life of a community in decline is rarely studied The Once and Future Silver Queen of the Rockies delves into the life of Georgetown Colorado after the turn of the twentieth century as mining in Clear Creek County steadily declined and ultimately collapsed One of the earliest mining communities in the state Georgetown began to struggle for survival as the nineteenth century drew to a close The price of silver dropped precipitously while other mining camps were still opening around the region The new bright future once envisioned for the Silver Queen of the Rockies began to fade Yet the community managed to survive and re create itself in

the new world of the twentieth century Tourism skiing and historic preservation replaced mineral extraction as the basis of the regional economy Today Georgetown maintains the aesthetic feel of a nineteenth century mining town and stands as an example of community supported historic preservation This richly illustrated sequel to The Rise of the Silver Queen tells the compelling story of Georgetown s survival and ultimate flourishing after the loss of its principal industry It is an interesting and engaging addition to the history of Colorado and the West
