a certain unity to human knowledge The claim is that specialists in literature should think the way distinguished scientists think and vice versa

Justice, Dissent, and the Sublime Mark Canuel, 2012-07 Read the Romantics from the perspective of both political theory and literary studies and consider justice through the lens of the sublime In the past ten years theorists from Elaine Scarry to Roger Scruton have devoted renewed attention to the aesthetic of beauty Part of their discussions claim that beauty because it arises from a sense of proportion symmetry or reciprocity provides a model for justice Justice Dissent and the Sublime makes a significant departure from this mode of thinking Mark Canuel argues that the emphasis on beauty unwittingly reinforces in the name of justice the constraints of uniformity and conventionality He calls for a more flexible and inclusive connection between aesthetics and justice one founded on the Kantian concept of the sublime The sublime captures the roles that asymmetry complaint and disagreement play in a complete understanding of a just society a point the author maintains that was appreciated by a number of Romantic writers including Mary Shelley Canuel draws interesting connections between the debate about beauty and justice and issues in cosmopolitanism queer theory and animal studies
