The Orthodox New Testament The Holy Gospels Hardcover:

Classic Orthodox Bible - Vol. 5 - New Testament - Gospels C J S Hayward, 2025-01-14 For the Classic Orthodox Bible positive reviews have praised the translation and negative reviews have complained that the three inch thick glue spine makes the volume excessively brittle One ought preferably to acknowledge both points of feedback the recommendation is not to buy this volume specifically but buy it as a hardcover series or as ePubs available from <https://classicorthodoxbible.com> series An Orthodox Bible that sounds like a real Bible Some people want a Bible to have majestic Thee s and Thou s and sound like a Bible with the same English that ordinary people prefer in the Orthodox Divine Liturgy The Classic Orthodox Bible is a complete Bible that not only sounds majestic but is based on the Orthodox Church s official versions of the Old and New Testament Readers who appreciate the beauty grandeur and meticulous accuracy of the King James Version will find it a thrill and a delight If you only buy ONE version of the Bible to help you understand Holy Orthodoxy without a doubt buy the Orthodox Study Bible But if you buy two as there is good reason to do you might consider the Classic Orthodox Bible to go with it Divinization The entire purpose of being Christian is to become by grace what Christ is by nature This is called divinization Some of the fingerprints of divinization in the Bible have not survived English translation well such as translating the Greek with one word when it refers to the Lord and a different unrelated term when it refers to all the faithful Those passages and several like them are translated a little more clearly in the Classic Orthodox Bible A Protestant like C S Lewis can write The Son of God became a man that men might become the Sons of God and this text capitalizes Son and Sons when it refers to people who are called to become by grace what Christ is by nature Continuity in rendering between Old and New Testament It s not just that the same word is used in Thou art the Christ the Son of the Living God Matt 16 16 and saying Touch not My Christs and do My prophets no harm Psalm 104 16 The name Joshua is not translated Joshua in the Old Testament and Jesus in the new it is translated as Jesus in both Testaments possibly adding a bit more intelligibly by the Greek Fathers unending wordplay about the Jesus in the book after Deuteronomy Furthermore Pascha is Pascha in Old and New Testament alike The Orthodox Church s Greek Old Testament The Orthodox Church s official Bible is the Septuagint or LXX made by seventy of the best Jewish scholars centuries before Christ It is the source of many but not all Greek quotations of the Old Testament in the New Testament Orthodox believe that the Holy Spirit was active in some of that process of translation and the text of the Septuagint has a special place This translation is based on Sir Lancelot Brenton s King James Version style translation of the Greek Old Testament Perhaps more importantly the New Testament is based on the Byzantine New Testament No other translations can boast both of these

heresiologists exhibit awareness of the phenomenon even as they condemn it Although the Gospel of Truth is often set apart from mainstream Christianity in scholarship its ideas about the nature of authoritative writing engaged with Greco Roman culture and cohered with Jewish and Christian ideas about books in antiquity Valentinus views about the relationship between the oral and the written dovetailed with thinking on the nature of the sacred book that gradually became the trademark of Rabbinic Judaism Kreps contends Ultimately because the Gospel of Truth reflects a mind that was at the center of the discursive debates that formed Judaism and Christianity her book demonstrates the usefulness of so called heretical texts for discussions on the parting of the ways between the two traditions Orthodox Christianity Carl S.
