Mom, I thought of running with Peter. But he's in the school athletics team and I don't think I'd be able to keep up with him.

That's a great idea, Mom! I'll ask her right away.

Betty, why don't you ask your friend, Aisha? After all, you've not seen each other for a long time. And tell her not to worry about the registration fee. I'll take care of it.

Writing Genres Amy J Devitt,2004-01-29 In Writing Genres Amy J Devitt examines genre from rhetorical social linguistic professional and historical perspectives and explores genre s educational uses making this volume the most comprehensive view of genre theory today Writing Genres does not limit itself to literary genres or to ideas of genres as formal conventions but additionally provides a theoretical definition of genre as rhetorical dynamic and flexible which allows scholars to examine the role of genres in academic professional and social communities Writing Genres demonstrates how genres function within their communities rhetorically and socially how they develop out of their contexts historically how genres relate to other types of norms and standards in language and how genres nonetheless enable creativity Devitt also advocates a critical genre

pedagogy based on these ideas and provides a rationale for first year writing classes grounded in teaching antecedent genres

Communication Debra L. Hull,1987 No descriptive material is available for this title *e-Write Your Way To An A-Star [Advanced]* Angeline Tan,2013-05-29 The learning and teaching of composition at Primary Five and Primary Six is similar. How well a student writes a composition is dependent primarily on his or her exposure to the English Language. Language skills are not acquired overnight but can be gradually enhanced through intensive exposure, a voracious appetite for reading and constant practice. Many students who are able to breeze through Paper 2 of their English Language examination find it difficult to score well for Paper 1 Composition and Situation Writing. Given that Paper 1 takes about 30% of the entire PSLE English examination, it is essential for students to develop their writing skills to score in this area. Unfortunately, many students do not get sufficient opportunities to write compositions in school and have them graded by their teachers. Practice makes perfect. It is beneficial for students to get regular practice in writing their own compositions. This book has been specially designed to be a valuable educational aid for students of all ability levels. Whether your child is facing difficulties in writing compositions or is already a prolific young writer seeking to up his or her writing skills, a notch, this book will provide the stimulus for your child to take his or her writing skills to new heights. The model compositions are of a high standard to serve as a reference for students and inspire them to further develop their writing skills. Ample guidance is provided for every composition exercise to help students to pen down terrific compositions they never thought they were capable of. By faithfully going through every composition and situational writing exercise, your child will be embarking on a fruitful journey towards becoming a more confident and creative writer.

7 Things Your Teenager Won't Tell You Jenifer Lippincott, Robin M. Deutsch, Ph.D.,2008-12-10 REVISED AND UPDATED 2011 EDITION The essence of adolescence hasn't changed since this book was first published in 2005. Their brains haven't skipped a growth spurt, their search for identity hasn't been called off, or even detoured; they haven't forgotten how to speak with the ease of attitude. And yet, fingers fly across keys to a host of new adolescent domains: from texting to iTunes, from chats to anything on demand. This update traverses new adolescent territory, both charted and uncharted, to bring parents up to speed on what to expect and how to deal. Every teenager keeps secrets, and if you're like most parents, you worry about what your kids don't tell you, especially when they prefer text messages and social networking sites to face-to-face conversation. Now this popular guide has been revised and updated to address the challenges parents face with a wired and Web-savvy generation. Jenifer Lippincott and Robin Deutsch offer a deceptively simple plan for talking to your kids that's based on a simple set of rules: Teens need to stay safe, show respect, and keep in touch online and in real life.
