Six Years After D Day Cycling Through:

Six Years After D-Day Marie Bennett Alsmeyer, 1995 In 1950 a young couple both WWII veterans a WAVE and an airman and both with GI Bill journalism degrees quit their jobs on a South Texas weekly newspaper and embarked upon a 1200 mile bicycle tour through Europe Such a trip made no sense at all in 1950 writes Alsmeyer but it was a gloriously crazy senseless thing to do Based on notes diaries and letters the book is more than a mere travelogue It chronicles the people and places of postwar western Europe including the citizens of Vimoutiers France a town accidentally bombed by Americans One family with twelve children lived in one of the houses that fell during the first wave of the raid The children crouched under a sturdy dining room table until the last of the bombs had hit As rescuers went about their tasks in the smoldering debris these twelve children in single file walked out of the rubble hand in hand They said that only the night before their father had warned them that if there was ever a bombing raid they must hide under the sturdy round table Bicycle enthusiasts war historians sociologists women s studies scholars and readers of travel narratives will all find something of interest in this charmingly written narrative

Allies in Memory Sam Edwards, 2015-03-02 A fresh perspective on World War II commemoration that identifies the central place of war memory in post 1945 transatlantic relations

Cold War Holidays Christopher Endy, 2005-12-15 Moving beyond traditional state centered conceptions of foreign relations Christopher Endy approaches the Cold War era relationship between France and the United States from the original perspective of tourism Focusing on American travel in France after World War II Cold War Holidays shows how both the U S and French governments actively cultivated and shaped leisure travel to advance their foreign policy agendas From the U S government s campaign to encourage American vacations in Western Europe as part of the Marshall Plan to Charles de Gaulle s aggressive promotion of American tourism to France in the 1960s Endy reveals how consumerism and globalization played a major role in transatlantic affairs Yet contrary to analyses of globalization that emphasize the decline of the nation state Endy argues that an era notable for the rise of informal transnational exchanges was also a time of entrenched national identity and persistent state power A lively array of voices informs Endy s analysis Parisian hoteliers and cafe waiters American and French diplomats advertising and airline executives travel writers and tourists themselves The resulting portrait reveals tourism as a colorful and consequential illustration of the changing nature of international relations in an age of globalization

This Breathtaking World: Around the World by Bicycle 1997 - 1999 Tim Doherty, 2009-11-21 In the summer of 1997 Tim Doherty set off alone on a daunting round the world cycle tour which turned out to be even more awe inspiring than he could have hoped For this book he has taken the most fascinating and humorous experiences from his diaries and woven them together into a collection of true short stories With many beautiful photographs sketches and maps This Breathtaking World is a vivid and very personal account of life on the road The title has a double meaning as the author is a chronic asthma sufferer Tim encountered many problems but the varied cultures and fantastic scenery along the way were his daily rewards What remains with him most however is his impression of the people in each of the countries he cycled across their remarkable generosity and hospitality Tim completed his tour successfully finishing up in his home town of Sheffield England more than two years after he d cycled off from there having pedalled a total of 21 688 miles

Pentridge - Behind the Bluestone Walls Cheryl Osborne, Don Osborne, 2015-07-01 When Don Osborne went to Pentridge in 1970 he found a nineteenth century penal establishment in full working order It held about 1200 inmates most of them cooped up in tiny stone cells that sweltered in summer and froze in winter Some had no sewerage or electric light Assigned to teach in the high security section of the prison Don worked in the chapel which doubled as a classroom during the week There he saw the terrible effects of the violence that permeated H Division the prison s punishment section He found himself acting as confidant and counsellor to some of the best known criminals of the era and to others who d become notorious later after H Division had worked its magic on them This book

offers an insider's reflections on how the prison emerged as it did and is supplemented by a stunning pictorial section. It focuses especially on the rebellious 1970s when the military disciplines of H Division began to give way in the face of prisoner resistance and public criticism. Don writes of the people and events that shaped Petnridge's history and etched it into the memories of the city that was its reluctant host. *War and Liberation in France* H. Footitt, 2004-03-15 This book coinciding with the sixtieth anniversary of the Liberation of France takes a unique approach to the events of 1944 by seeing them as shared experiences which brought ordinary Anglo Americans and French people into contact with each other in a variety of different communities. The book looks at the Liberation through 5 case studies: Normandy, Cherbourg, Provence, the Pyrénées Orientales and Reims and uses the words of participants at the time to describe the developing relationship between Liberators and Liberated. *Death Grip* Matt Samet, 2025-06-25 *Death Grip* chronicles a top climber's near-fatal struggle with anxiety and depression and his nightmarish journey through the dangerous world of prescription drugs. Matt Samet lived to climb and craved the challenge, risk and exhilaration of conquering sheer rock faces around the United States and internationally. But Samet's depression, compounded by the extreme diet and fitness practices of climbers, led him to seek professional help. He entered the murky, inescapable world of psychiatric medicine where he developed a dangerous addiction to prescribed medications, primarily benzos or benzodiazepines, that landed him in institutions and nearly killed him. With dramatic storytelling, persuasive research data and searing honesty, Matt Samet reveals the hidden epidemic of benzo addiction, which some have suggested can be harder to quit than heroin. Millions of adults and teenagers are prescribed these drugs, but few understand how addictive they are and how dangerous long-term usage can be, even when prescribed by doctors. After a difficult struggle with addiction, Samet slowly makes his way to a life in recovery through perseverance and a deep love of rock climbing. Conveying both the exhilaration of climbing in the wilderness and the utter madness of addiction, *Death Grip* is a powerful and revelatory memoir. **Album of Genealogy and Biography, Cook County, Illinois**, 1897

Bicycling, 2008-01 *Bicycling* magazine features bikes, bike gear, equipment reviews, training plans, bike maintenance, how-tos and more for cyclists of all levels. *My Time* Bradley Wiggins, 2013-04-01 This book had me hooked from the start. A wonderfully told and often quite frank story of an incredible sportsman and his life from a child up to his amazing tour de France and Olympic victories. On July 22, 2012, Bradley Wiggins made history as the first British cyclist to win the Tour de France. Ten days later, at the London Olympic Games, he won the time trial to become his country's most decorated Olympian. In an instant, Wiggo, now Sir Bradley Marc Wiggins, became a national hero. Two years previously, however, Wiggins had been staring into the abyss. His much-hyped attempt to conquer the 2010 Tour de France had ended in public humiliation. Poor results and indifferent form left him facing release from Team Sky. And then he was hit with the tragic news of the death of his grandfather, George, the man who had raised him as a young boy. At rock bottom, Wiggins had to reach deep inside and find the strength to fight his way back. Outspoken, honest, intelligent and fearless, Wiggins has been hailed as the people's

champion In My Time he tells the story of the remarkable journey that led him from his lowest ebb to win the world's toughest race He opens up about the personal anguish that has driven him on and what it's like behind the scenes at Team Sky the brutal training regimes the sacrifices and his views on his teammates and rivals He talks too about his anger at the specter of doping that pursues his sport how he dealt with the rush of taking Olympic gold and above all what it takes to be the greatest
