

The Foreign Woman

Lingsheng Yao

The Foreign Woman:

The Foreign Woman G. Vesian Pic, 1902 *The 'Foreignness' of the Foreign Woman in Proverbs 1-9* Nancy Nam Hoon Tan, 2008-12-10 This study is on the figure and also commonly called the Strange Woman in Proverbs 1-9 It is an attempt to understand the meaning which defines her and the origin and development of her motif The first part argues against defining her as a sexual predator but as an ethnic foreigner according to the lexical studies of and It traces her origin within the Hebrew scripture the legal documents and especially to the DtrH's portrayal of foreign women wives Hence it distinguishes the two motifs the motif of the adulteress and the motif of the foreign woman the latter which symbolizes the temptation to apostasy The study will then go on to explain how the writer of Proverbs 1-9 employs this motif of the foreign woman in his poetic composition The second part tracks the development of this motif through the subsequent Jewish Wisdom literature and observes how it changes and loses the foreignness of her original motif in Eccl 7:26 4Q184 LXX Proverbs Hebrew Ben Sira Greek Ben Sira and finally disappears in Wisdom of Solomon It proffers to understand this gradual transformation against a background of social and religious change *The Foreign Woman in British Literature* Marilyn D. Button, Toni Reed, 1999-11-30 While England has been strengthened by a proud isolationism she has simultaneously been enriched by the economic social and political complexities that have emerged as people of different ethnic and cultural backgrounds have moved within her borders or when her own citizens have emigrated among those foreigners to live or rule This book explores the foreign element in English culture and the attempt by English writers from the early 19th to the mid 20th century to portray their complex and often ambiguous responses to that doubly foreign element among them the foreign woman While being foreign may begin with national or ethnic difference the contributors to this book expand it to include other forms of alienation from a dominant culture resulting from gender race class ideology or temperament The many factors shaping English national identity including British imperialism immigration patterns English family and social structures and English common law have been shaped by gender related issues Though not a prominent literary figure the foreign woman in England has received increasingly critical attention in recent years as a psychological and sociological phenomenon By beginning with Byron in the early 19th century and concluding with Lawrence Durrell in the 20th century this study contributes to a more comprehensive vision of the foreign woman as she is portrayed by a number of British authors including Shelley Wordsworth Charlotte Bront Elizabeth Barrett Browning Wilkie Collins George Eliot Joseph Conrad D H Lawrence and Anita Brookner ***The Foreign Woman*** Jane Elliott, 1994* *Underrepresentation of Women and Minorities in the Foreign Service--State Department* United States. Congress. House. Committee on Post Office and Civil Service. Subcommittee on the Civil Service, 1990 *Reports of the Foreign Mission Committee and the Women's Association for Foreign Missions* Church of Scotland. Foreign Mission Committee, 1910 *Foreign Women Authors under Fascism and Francoism* Pilar Godayol, Annarita Taronna, 2018-11-30 This collection of essays highlights cultural features and processes

which characterized translation practice under the dictatorships of Benito Mussolini 1922 1940 and Francisco Franco 1939 1975 In spite of the different timeline some similarities and parallelisms may be drawn between the power of the Fascist and the Francoist censorships exerted on the Italian and Spanish publishing and translation policies Entrusted to European specialists this collection of articles brings to the fore the microhistory that exists behind every publishing proposal whether collective or individual to translate a foreign woman writer during those two totalitarian political periods The nine chapters presented here are not a global study of the history of translation in those black times in contemporary culture but rather a collection of varied cases small stories of publishers collections translations and translators that despite many disappointments but with the occasional success managed to undermine the ideological and literary currents of the dictatorships of Mussolini and Franco

The Concept of the Foreign Rebecca Saunders,2003-01-01 The Concept of the Foreign investigates the diverse and consequential uses of the concept of the foreign a formidable and hitherto untheorized force in everyday discourse and practice This highly original work whose experimental nature moves beyond traditional academic bounds undertakes to theorize the meanings deployments and consequences of foreignness a term largely overlooked by academic debates Innovative in format the book comprises an introductory theoretical dialogue and seven essays each authored by a scholar from a different discipline anthropology literary theory psychology philosophy social work history and women s studies who investigate how his her disciplines engage and define the concept of the foreign Drawing out literal and metaphorical meanings of foreignness this wide ranging volume offers much to scholars of postcolonial gender and cultural studies seeking new approaches to the study of alterity

Instruction and Imagery in Proverbs 1-9 Stuart Weeks,2007-03-08 A detailed examination of Proverbs 1 9 an early Jewish poetic work Stuart Weeks incorporates studies of literature from ancient Egypt and from the Dead Sea scrolls but his focus is on the background and use of certain key images in the text Proverbs 1 9 belongs to an important class of biblical literature wisdom literature and is less well known as a whole than the related books of Job and Ecclesiastes partly because it has been viewed until recently as a dull and muddled school book However parts of it have been profoundly influential on the development of both Judaism and Christianity and occupy a key role in modern feminist theology Weeks demonstrates that those parts belong to a much broader and more intricate set of ideas than older scholarship allowed
