Moore, 2004-02-23 This new edition of Jerry D Moore's *Visions of Culture* presents introductory anthropology students with a brief readable and balanced treatment of theoretical developments in the field New to this edition are pieces on Sherry Ortner Pierre Bourdieu and Eric Wolf an Epilogue that describes key current debates over theory This is an ideal text for classes on the theory or the history of anthropology *Revelation and Divination in Ndembu Ritual* Victor Witter Turner, 1975 The core of this book is a complete description of two important Ndembu rituals of affliction Chihamba and Kayong'u and an analysis of the system of ideas underlying more than a dozen modes of divination Written by an internationally known social scientist the book demonstrates how the study of small scale events may reveal as much about what it means to be a human being in society as do grand macrosocial and macrocultural surveys Drawing on two and a half years of fieldwork Victor Turner offers two thorough ethnographic studies of Ndembu revelatory ritual and divinatory techniques with running commentaries on symbolism by a variety of Ndembu informants Striking a personal note in the introductory chapter Turner acknowledges his indebtedness to Ndembu ritualists for alerting him to the theoretical relevance of symbolic action in understanding human societies He believes that ritual symbols like botanists stains enable us to detect and trace the movement of social processes and relationships that often lie below the level of direct observation

Rituality and Social (Dis)Order Alessandro Testa, 2020-11-29 Carnival has been described as one of the foundational elements of European culture bearing an emblematic and iconic status as the festive phenomenon par excellence Its origins are partly obscure but its stratified and complex history rich symbolic diversity and sundry social configurations make it an exceptional object of cultural analysis The product of more than 12 years of research this book is the first comparative historical anthropology of popular European Carnival in the English language with a focus on its symbolic religious and

political dimensions and transformations throughout the centuries It builds on a variety of theories of social change and social structures questioning existing assumptions about what folklore is and how cultural gaps and differences take shape and reproduce through ritual forms of collective action It also challenges recent interpretations about the performative and political dimension of European festive culture especially in its carnivalesque declension While presenting and exploring the most important features and characteristics of European pre modern Carnival and discussing its origins and developments this thorough study offers fresh evidence and up to date analyses about its transversal and long lasting significance in European societies

Religious Transformation in Maya Guatemala John P. Hawkins, 2021-05-01 Mayas and indeed all Guatemalans are currently experiencing the collapse of their way of life This collapse is disrupting ideologies symbols life practices and social structures that have undergirded their society for almost five hundred years and it is causing rapid and massive religious transformation among the K'iche' Maya living in highland western Guatemala Many Maya are converting to Christian Pentecostal faiths in which adherents and leaders become bodily agitated during worship Drawing on over fifty years of research and data collected by field school students Hawkins argues that two factors cultural collapse and systematic social and economic exclusion explain the recent religious transformation of Maya Guatemala and the style and emotional intensity through which that transformation is expressed Guatemala serves as a window on religious change around the world and Hawkins examines the rapid pentecostalization of Christianity not only within Guatemala but also throughout the global South The pentecostal wail as he describes it is ultimately an acknowledgment of the angst and insecurity of contemporary Maya
