

The Forgotten Conscript

The Forgotten Conscript

Robin Wichard

The Forgotten Conscript:

The Forgotten Conscript Warwick Taylor, 2003-07-01 Forgotten Conscripts Jennie L. Hanna, 2022-02-20 Teenage years can be difficult but military connected adolescents have added obstacles growing up within the military culture They are essentially conscripted into serving their country whether they want to or not from the moment they are born For the youth of this generation who have known nothing but a world consistently engaged in global conflict capable of ripping their loved ones away from them the path they travel can be arduous lonely and hidden from the world Schools are one of the few places that adolescents could receive support nurturing and acceptance outside of the home Yet military students and their needs remain unacknowledged making them an invisible minority in education With more than four million military connected children in the nation over 80% enrolled in public schools these students deserve to have a light shined on their lives Forgotten Conscripts Understanding the Needs of Military Connected Adolescents looks deeper into the perceptions beliefs and experiences of military connected adolescents to better inform teaching and learning among members of this culture so they might no longer be forgotten **Men in reserve** Juliette Pattinson, Arthur McIvor, Linsey Robb, 2017-02-01 *Men in reserve* focuses on working class civilian men who as a result of working in reserved occupations were exempt from enlistment in the armed forces It uses fifty six newly conducted oral history interviews as well as autobiographies visual sources and existing archived interviews to explore how this group articulated their wartime experiences and how they positioned themselves in relation to the hegemonic discourse of military masculinity It considers the range of masculine identities circulating amongst civilian male workers during the war and investigates the extent to which reserved workers draw upon these identities when recalling their wartime selves It argues that the Second World War was capable of challenging civilian masculinities positioning the civilian man below that of the soldier hero while simultaneously reinforcing them by bolstering the capacity to provide and to earn high wages frequently in risky and dangerous work all which were key markers of masculinity Re-living Britain in the 1940s Robin Wichard, 2023-01-24 The 1940s remains an iconic period in world history and retains a fascination for so many Re enacting the 40s is becoming increasingly popular but there is little available information explaining how to start in the hobby This book is the first to offer enthusiasts of the 40s a way to advance their interest whether it be military or civilian Each chapter deals with a different aspect of re enacting from civilian roles including children to military roles with many different potential impressions explored for each area Each chapter is lavishly illustrated with many previously unseen color photographs of contemporary re enactors and events There are further chapters introducing those people who portray wartime political and military leaders as well as those who bring back to life some of the most iconic musicians and performers of the period For those choosing to enter the hobby through ownership of a civilian or military vehicle that is also covered with many examples of some of the most well known vehicles Each chapter offers a brief contextual history with detailed notes on where to obtain uniform and equipment some of the best groups to

join as well as links to related sites and recommendations for wider reading No book can cover every single possible role but this offers an excellent starting point for further research and involvement while stressing the need to always remain respectful of those we seek to commemorate

Miners' Lung Arthur McIvor, Ronald Johnston, 2016-04-22 Arthur McIvor and Ronald Johnston explore the experience of coal miners lung diseases and the attempts at voluntary and legal control of dusty conditions in British mining from the late nineteenth century to the present In this way the book addresses the important issues of occupational health and safety within the mining industry issues that have been severely neglected in studies of health and safety in general The authors examine the prevalent diseases notably pneumoconiosis emphysema and bronchitis and evaluate the roles of key players such as the doctors management and employers the state and the trade unions Throughout the book the integration of oral testimony helps to elucidate the attitudes of workers and victims of disease their machismo work culture and socialisation to very high levels of risk on the job as well as how and why ideas and health mentalities changed over time This research taken together with extensive archive material provides a unique perspective on the nature of work industrial relations the meaning of masculinity in the workplace and the wider social impact of industrial disease disability and death The effects of contracting dust disease are shown to result invariably in seriously prescribed lifestyles and encroaching isolation The book will appeal to those working on the history of medicine industrial relations social history and business history as well as labour history

The Coal Mining Industry of Sheffield and North East Derbyshire Ken Wain, 2014-06-15 Once employing thousands with many collieries dotted all over the area coal mining in the East Midlands has all but gone Once tens of thousands depended on mining Ken Wain tells the story of mining its triumphs and disasters

Tracing Your Second World War Ancestors Phil Tomaselli, 2011-12-13 The Second World War was the defining conflict of the twentieth century and it is one of the most popular and fascinating areas for historical research and for family historians More records than ever are available to researchers whose relatives served during the war And this new book by Phil Tomaselli is the perfect guide to how to locate and understand these sources and get the most out of them He explains how and from where service records can be obtained using real examples showing what they look like and how to interpret them He also examines records of the military units relatives might have served in so their careers can be followed in graphic detail The three armed services are covered along with the merchant navy the Home Guard civilian services prisoners of war gallantry and campaign medals casualties womens services and obscure wartime organizations Also included are a glossary of service acronyms information on useful websites an introduction to the National Archives and details of other useful sources

Called Up, Sent Down Tom Hickman, 2016-08-04 At the outbreak of the Second World War the government short sightedly allowed thousands of miners to enlist in the armed services By 1943 the war effort was in danger of grinding to a halt because of a lack of coal In answer Ernest Bevin the Minister of Labour sought service volunteers and compulsorily sent 20 000 18 year olds who d expected to fight for their country down the mines with

them Some were so angry that they preferred to go to prison The majority went to do their best But some were psychologically and others physically unsuited to such dangerous work Many were injured some died Called Up Send Down is an enthralling oral and social history of an episode of war that has never been fully told *The Forgotten Axis* J. Lee Ready, 2012-09-26 The mention of World War II German soldiers conjures images of strong Aryan young men born in Germany and raised under the Third Reich However throughout the war more than 3 million foreigners served in Nazi Germany's armed services comprising 18 percent of the entire German force These non German soldiers included 1.5 million Austrians 350 000 Sudetenlanders and approximately 200 000 Poles as well as Czechs Slovaks Norwegians Danes Belgians Romanians Finns Bulgarians and other nationalities Whether converts conscripts or reluctant volunteers these foreigners served throughout the armed forces and participated in all major operations This volume offers the first in depth exploration of the motives and experiences of these non German German soldiers providing a new perspective on the military history of the Axis powers The Conscript Alexandre Dumas, 1855

Eventually, you will enormously discover a supplementary experience and ability by spending more cash. still when? pull off you bow to that you require to acquire those all needs bearing in mind having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more just about the globe, experience, some places, taking into account history, amusement, and a lot more?

It is your unquestionably own period to play in reviewing habit. in the course of guides you could enjoy now is **The Forgotten Conscript** below.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Forgotten Conscript eBooks, including some popular titles.

FAQs About The Forgotten Conscript Books

What is a The Forgotten Conscript PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Forgotten Conscript PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Forgotten Conscript PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Forgotten Conscript PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Forgotten Conscript PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
