The Formation of the Book of Jeremiah Geoffrey H. Parke-Taylor, 2000

Understanding Participant-Reference

Shifts in the Book of Jeremiah Oliver Glanz, 2012-11-29 In prophetic and poetic literature of the Old Testament references to textual participants are inconsistent with regard to their gender number and person characteristics Oliver Glanz for the first time provides a systematic study of the phenomenon of participant reference shifts The study is restricted to the book of Jeremiah and reflects upon the methodological conditions that should guide the analysis of participant reference shifts Focusing on computer assisted pattern recognition the research suggests that Jeremiah s participant reference shifts should not be understood from a diachronic perspective Understanding the origin and function of participant reference shifts rather from the perspective of syntax text grammar and rhetorics proves to be more consistent with the textual evidence With this insight participant reference shifts no longer have to distort textual coherence

The ^AOxford Handbook of Jeremiah

Louis Stulman, Edward Silver, 2021-10-12 The Oxford Handbook of Jeremiah offers compelling new readings of the text by some of the most influential contemporary biblical interpreters today The book examines the fascinating literary tradition of the Book of Jeremiah through discussions of its historical and cultural contexts of origins textual and literary history major internal themes reception history and significance for a number of key political issues The result is a synthetic anthology that offers a significant contribution to the field as well as an indispensable resource for scholars and non specialists alike

Prophecy and Ideology in Jeremiah Carolyn Sharp, 2003-01-01 This project examines two areas where there are important interpretive problems the composition of the book of Jeremiah and specifically the provenance of and ideological functions served by the text of Jeremiah on the one hand and the redactional interests in prophecy evident in the Deuteronomistic History on the other The book argues that two distinct political groups can be seen to vie for theological authority via their literary portrayals of traditions about Jeremiah and prophets generally in the Deutero Jeremianic prose a group in Babylon after the deportations of 597 B C E that is attempting to claim political and cultic authority and a group remaining behind in Judah after 597 that counters the political claims and related interpretive moves made by the Babylonian traditionists The book then illustrates through analysis of prophetic roles in Jeremiah Kings and Deuteronomy 18 that there are substantial and fundamental discontinuities between the view of prophecy and the prophetic word presented in the Deuteronomic texts and the view presented in the Deutero Jeremianic texts The results of the present study challenge the widely accepted scholarly thesis of monolithic redaction of the book of Jeremiah at the hands of the same Deuteronomists whose work is evident in the Deuteronomistic History

An Introduction to the Study of Jeremiah

C.L. Crouch, 2017-02-09 C L Crouch provides a clear and concise introduction to the complex text of Jeremiah Readers are introduced to the diverse approaches to the book with attention paid to the way that these approaches differ from but also relate to one another After a brief introduction Crouch addresses the formation of the book especially in relation to its Hebrew and Greek versions the

theological interests of the book and the challenges posed by attempts to link these to an actual man Jeremiah and the relationship of Jeremiah to other biblical prophets Crouch focuses clearly on method and on approaches to the text as is the mark of this series This makes the book especially useful for students in the quest to navigate the diverse body of scholarly literature that surrounds this troublesome biblical book **Scribes Writing Scripture** Justus Theodore

Ghormley,2021-11-29 The biblical book of Jeremiah was frequently expanded and revised through duplication by anonymous scribes in ancient Judea Who were these scribes What gave them the authority to revise divinatory texts like Jeremiah And when creating duplicates what did they think they were doing In **Scribes Writing Scripture** Doublets Textual Divination and the Formation of Jeremiah Justus Theodore Ghormley explores possible answers to these questions The scribes who revised Jeremiah are textual diviners akin to divining scribal scholars of ancient Near Eastern royal courts and their practice of expanding Jeremiah through duplication involves techniques of textual divination comparable the practice of textual divination utilized in the formation of ancient Near Eastern divinatory texts

Between Fear and Freedom Bob Prof. Dr. Becking,2005-01-01 Jeremiah s Little Book of Consolation is an intriguing text that provokes a series of interpretative difficulties Is the text originally from Jeremiah Can it be construed as a literary coherence or is a complex literary process of emergence to be accepted What is meant by the New Covenant In this monograph Jer 30 31 is read applying a variety of methods The text critical chapter argues for the reinforcement of the editorial theory according to which MT and LXXJer are to be construed as two different versions Much attention is paid to the delimitation criticism of these two chapters leading to the assumption that they are composed of ten Sub Cantos Five of these Sub Cantos are interpreted taking into account Ancient Near Eastern textual material in order to understand the mental framework of the ancient reader The final chapter pleads for the conceptual coherence of Jer 30 31 which is seen as based on the idea of divine changeability

Deconstruction and Reconstruction in Yhwh's Universal Project Louismary Ocha,2022-01-27 Taking its bearing from the mission statement in prophet Jeremiah s vocation narrative Jer 1 10 the book examines YHWH s events of deconstruction and reconstruction in Israel of the Old Testament Through the analysis of the six verbs namely pluck up pull down demolish destroy build and plant the book gives a different dimension to the common impression that Jeremiah is a prophet of woes and laments thereby limiting his prophecies to only oracles of destruction hence total annihilation Rather it investigates Jeremiah s prophecies as flying with two wings oracles of judgement and oracles of salvation In other words the oracles are not only against the nations but also for the nations With the exile of the Israelites and their restoration to the land in view according to the book of Jeremiah YHWH continues His creative and restorative acts and depicts the divine full involvement and control of Israel s history In like manner the book portrays the abiding divine presence in the history of humankind in general Therefore Israel is only used to form a bridge of YHWH s concern for the nations hence the entire humanity As YHWH sets the history of Israel in motion so He performs for the rest of humanity The goal of which has always been for the

good and salvation of humankind of which the culmination is in the person and advent of Jesus Christ **After the Invasion**

Keith Bodner, 2015 In the wake of the Babylonian destruction of Jerusalem and the displacement of exile there is a unique story that is told about the remnant left behind after the invasion The narrative of Jeremiah 40-44 unfolds the challenges and crises of this community who remain in Judah as they negotiate their survival following the catastrophe of Jerusalem's fall After the Invasion shares the often overlooked but compelling story that emerges from the five later chapters of Jeremiah Keith Bodner expertly reveals the assortment of personalities geographic locations shifts in point of view temporal compression and layers of irony Primary focused on the narrative design of this text Professor Bodner proves that these chapters form a creative and sophisticated narrative that make a rich though perhaps underestimated contribution to the book of Jeremiah as a whole **Reconsidering the Book of the Four**

Nicholas R. Werse, 2019-05-20 Although many scholars recognize literary similarities between Hosea Amos Micah and Zephaniah defining the compositional relationship between these texts remains a matter of debate Following the scholarly trajectory of exploring the compositional relationship between the Twelve prophets several scholars argue that these four prophetic texts formed a precursory collection to the Book of the Twelve Yet even among advocates for this Book of the Four there remain differences in defining the form and function of the collection By reexamining the literary parallels between these texts Werse shows how different methodological convictions have led to the diverse composition models in the field today Through careful consideration of emerging insights in the study of deuteronomism and scribalism Werse provides an innovative composition model explaining how these four texts came to function as a collection in the wake of the traumatic destruction of Jerusalem This volume explores a historic function of these prophetic voices by examining the editorial process that drew them together
