

The Founder Of Christianity

Arthur Cushman McGiffert

The Founder Of Christianity:

Paul, the Founder of Christianity Gerd Lüdemann, 2002 New Testament scholar Gerd L demann continues his exploration of the life and teachings of Paul in this groundbreaking monograph which synthesizes the research of his four previous books on Christianity s leading apostle As the subtitle of the present work makes clear L demann comes to the conclusion that Paul should be considered not only Christianity s most influential proselytizer but in truth deserves the title of founder of the religion that ostensibly originated with Jesus of Nazareth Though other scholars have previously made the point that Paul s interpretation of the Christian message actually obscured the original teachings of Jesus L demann goes further His painstaking historical research shows that Paul created the major tenets of the Christianity we know today and that his theology an original synthesis of Hebrew and Greek belief systems differs significantly from what we now know the historical Jesus to have preached

Paul, the Founder of Christianity Yoseop Ra, 2021-12-01 Although many scholars have studied Paul s theology they have not provided satisfactory interpretation This is because his genuine epistles were studied as they have been left in the New Testament Rather from a redactional point of view Paul the Founder of Christianity approaches Paul s seven epistles Romans 1 Corinthians 2 Corinthians Galatians Philippians 1 Thessalonians and Philemon The book reconstructs his life and uncovers the compilation of sixteen short letters into seven epistles Accordingly these can be divided according to the chronological order of composition When the transformation of Paul s theology is traced one can see a progressive development of Christology the death of Jesus Christ redemption and salvation the Law the end of world the spirit of God and the church of God As a result it can be argued that after the Antioch incident Paul had conflict with the apostles of Jerusalem and founded Christianity for gentiles an argument that is presented in detail based on the evidence found in Paul s sixteen letters
