

The French Enlightenment And The Jews

Arthur Hertzberg

The French Enlightenment And The Jews:

The French Enlightenment and the Jews Arthur Hertzberg, 1970 Because the Jews of Enlightenment France had less use for fraternité than for the liberté and égalité they sorely needed Voltaire lumped them with the old Catholic priesthood as part of the infâme he would not tolerate So the Ashkenazic Jews unresponsive to Western philosophy and the new free thought felt Voltaire's tongue Dr Hertzberg's daring thesis that modern secular anti-Semitism was fashioned not as a reaction to the Enlightenment and the Revolution but within the Enlightenment and Revolution themselves is developed after a solid analysis of the three groupings of Jews in ancien régime France the urbane politically assimilated Sephardic colony of Bordeaux the less welcome protégés of the Avignon popes and the poor barely tolerated foreign Jews of Metz and Alsace who followed their own laws wore their own garments and worshipped the God of the Bible and the Talmud despite Voltaire's disapproval Dr Hertzberg finds that modern anti-Semitism owes less to Christian theological mentality than to doctrinaire libertarianism of such as Voltaire d'Holbach Diderot and Marat Montesquieu philosophically more tolerant would extend Emancipation less narrowly than Rousseau In this fascinating investigation of one of the less publicized aspects of the age of rationality Hertzberg plots all the currents in the main stream of Enlightenment and Revolutionary history Back cover

The French Enlightenment and the Jews Arthur Hertzberg, 1968 **The Abbe Gregoire and the French Revolution** Alyssa Goldstein Sepinwall, 2021-06-08 In this age of globalization the eighteenth century priest and abolitionist Henri Grégoire has often been called a man ahead of his time An icon of antiracism a hero to people from Ho Chi Minh to French Jews Grégoire has been particularly celebrated since 1989 when the French government placed him in the Pantheon as a model of ideals of universalism and human rights In this beautifully written biography based on newly discovered and previously overlooked material we gain access for the first time to the full complexity of Grégoire's intellectual and political universe as well as the compelling nature of his persona His life offers an extraordinary vantage from which to view large issues in European and world history in the late eighteenth and early nineteenth centuries and provides provocative insights into many of the prevailing tensions ideals and paradoxes of the twenty first century Focusing on Grégoire's idea of regeneration that people could literally be made anew Sepinwall argues that revolutionary universalism was more complicated than it appeared Tracing the Revolution's long term legacy she suggests that while it spread concepts of equality and liberation throughout the world its ideals also helped to justify colonialism and conquest *Review of The French Enlightenment and the Jews, by Arthur Hertzberg* Michael A. Meyer, 1968 *The French Enlightenment and the Jews* Arthur Hertzberg, 1968

Jewish Emancipation Reconsidered Michael Brenner, Vicki Caron, Uri R. Kaufmann, 2003 European and American scholars of history Jewish studies and various social sciences examine the history of French and German Jews from the late 18th to the early 20th centuries a period commonly referred to as the emancipation era The two communities are often seen as paradigms respectively of the different paths to emancipation from revolution and from evolution The 12 essays are from a

May 2001 conference in Tutzing Germany Distributed by Coronet Books Annotation 2004 Book News Inc Portland OR booknews.com **Voltaire's Jews and Modern Jewish Identity** Harvey Mitchell, 2012-08-21 Harvey Mitchell's book argues that a reassessment of Voltaire's treatment of traditional Judaism will sharpen discussion of the origins of and responses to the Enlightenment. His study shows how Voltaire's nearly total antipathy to Judaism is best understood by stressing his self-regard as the author of an enlightened and rational universal history which found Judaism's memory of its past incoherent and in addition failed to meet the criteria of objective history, a project in which he failed. Calling on an array of Jewish and non-Jewish figures to reveal how modern interpretations of Judaism may be traced to the core ideas of the Enlightenment, this book concludes that Voltaire paradoxically helped to foster the ambiguities and uncertainties of Judaism's future.

The Dark Side of Church/State Separation Stephen Strehle, 2017-09-08 The Dark Side of Church/State Separation analyzes the Enlightenment's attack upon the Judeo-Christian tradition and its impact upon the development of secular regimes in France, Germany, and Russia. Such regimes followed the anti-Semitic, anti-Christian agenda of the French Enlightenment in blaming the Judeo-Christian tradition for all the ills of European society and believing that human beings can develop their own set of values and purposes through rational means apart from any revelation from God or Scripture. Stephen Strehle's analysis extends our understanding of church-state relations and its history. He confirms the spiritual roots of modern anti-Semitism within the ideology of the Enlightenment and recognizes the intimate relationship between anti-Semitism and anti-Christianity. Strehle questions the absolute doctrine of church-state separation given its background in the bigotries of the philosophes. He notes the nefarious motives of subsequent regimes which used the French doctrine to replace the religious community with the state and its secular ideology. This detailed historical analysis of original sources and secondary literature is woven together with special appreciation for the philosophical and theological ideas that contributed to the emergence of political institutions. Readers will gain an understanding of the most influential ideas shaping the modern world and present-day culture.

The French Idea of Freedom Dale Van Kley, 1994 The Declaration of the Rights of Man and the Citizen of 1789 is the French Revolution's best-known utterance. By 1789, to be sure, England looked proudly back to the Magna Carta, the Petition of Right, and a bill of rights, and even the young American Declaration of Independence and the individual states' various declarations and bills of rights preceded the French Declaration. But the French deputies of the National Assembly tried hard, in the words of one of their number, not to receive lessons from others but rather to give them to the rest of the world, to proclaim not the rights of Frenchmen but those for all times and nations. The chapters in this book treat mainly the origins of the Declaration in the political thought and practice of the preceding three centuries that Tocqueville designated the Old Regime. Among the topics covered are privileged corporations, the events of the three months preceding the Declaration, blacks, Jews, and women, the Assembly's debates on the Declaration, the influence of sixteenth-century notions of sovereignty and the separation of powers, the rights of the accused in legal practices and political trials.

from 1716 to 1789 the natural rights to freedom of religion and the monarchy's feudal exploitation of the royal domain

The Holocaust, the French, and the Jews Susan Zuccotti, 1999-01-01 Many recent books have documented the collaboration of the French authorities with the anti Jewish German policies of World War II Yet about 76 percent of France's Jews survived more than in almost any other country in Western Europe How do we explain this phenomenon Certainly not by looking at official French policy for the Vichy government began preparing racial laws even before the German occupiers had decreed such laws To provide a full answer to the question of how so many French Jews survived Susan Zuccotti examines the response of the French people to the Holocaust Drawing on memoirs government documents and personal interviews with survivors she tells the stories of ordinary and extraordinary French men and women Zuccotti argues that the French reaction to the Holocaust was not as reprehensible as it has been portrayed

Thank you for downloading **The French Enlightenment And The Jews**. As you may know, people have look numerous times for their favorite readings like this The French Enlightenment And The Jews, but end up in harmful downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they are facing with some infectious bugs inside their desktop computer.

The French Enlightenment And The Jews is available in our digital library an online access to it is set as public so you can get it instantly.
