Gregory Schopen

The Frontiers Of Paradise A Study Of Monks And Monasteries:

The Frontiers of Paradise Peter Levi,1990 **Buddhist Monks and Business Matters** Gregory Schopen,2004-01-31

This is the second in a series of collected essays by one of today's most distinguished scholars of Indian Buddhism. Publication of a third collection is planned in early 2005. In these articles all save one published in various places from 1994 through 2001 Gregory Schopen once again displays the erudition and originality that have contributed to a major shift in the way that Indian Buddhism is perceived, understood and studied. *The Zen Monastic Experience* Robert E. Buswell, Jr.,2020-07-21

Robert Buswell, a Buddhist scholar who spent five years as a Zen monk in Korea, draws on personal experience in this insightful account of day to day Zen monastic practice. In discussing the activities of the postulants, the meditation monks, the teachers and administrators and the support monks of the monastery of Songgwang sa, Buswell reveals a religious tradition that differs radically from the stereotype prevalent in the West. The author's treatment lucidly relates contemporary Zen practice to the historical development of the tradition and to Korean history more generally, and his portrayal of the life of modern Zen monks in Korea provides an innovative and provocative look at Zen from the inside. **Coenobium** Michael

Casey, OSCO,2021-10-15 After sixty years of living in a Cistercian community, Michael Casey combines his down to earth observations about the joys and challenges of living in community with an appreciation of the deeper meanings of cenobitic life, taking into account the changes in both theory and practice that have occurred in his lifetime. He invites his readers, especially monks and nuns, to reflect on their own experiences of community as a means of seeing a path forward into the future. Many of the key components of monastic community have kept the same names for more than a millennium. In an age of paradigm shift, Michael Casey invites readers to examine these essential practices of community life and to ask how they might be envisioned in a way that speaks to our contemporaries. **A World Without Women** David F. Noble,2013-01-23

In this groundbreaking work of history, David Noble examines the origins and implications of the masculine culture of Western science and technology. He begins by asking why women have figured so little in the development of science and then proceeds in a fascinating and radical analysis to trace their absence to a deep rooted legacy of the male dominated Western religious community. He shows how, over the last thousand years, science and the practice and institutions of higher learning were dominated by Christian clerics whose ascetic culture from the late medieval period militated against the inclusion of women in scientific enterprise. He further demonstrates how the attitudes that took hold then remained more or less intact through the Reformation and still subtly permeate our thinking despite the secularization of learning. Noble also describes how, during the first millennium and after, women at times gained amazingly broad intellectual freedom and participated both in clerical activities and in scholarly pursuits. But as Noble shows, these episodic forays occurred only in the wake of anticlerical movements within the church and without. He suggests finally an impulse toward defeminization at the core of the modern scientific and technological enterprise as it works to wrest from one half of humanity its part in production. The

Industrial Revolution's male appropriation of labor and reproduction the millennium old quest for the artificial womb An important book that profoundly examines how the culture of Western Science came to be a world without women **The Sabaite Heritage in the Orthodox Church from the Fifth Century to the Present** Joseph Patrich, 2001 St Sabas 439-532 CE was one of the principal leaders of Palestinian monasticism that had flourished in the sixth century in the desert of Jerusalem As an abbot he was the first in Palestine to formulate a monastic rule in writing and his activity as an ecclesiastical leader bore upon the life of the entire Christian community in the Holy Land He and his monks were active in the theological disputes that affected the fate of the Christian Church of Palestine and shaped it as a stronghold of Orthodoxy But his activity has transcended his place and time His largest monastery the Great Laura Mar Saba functioned from the sixth to the ninth century as the intellectual centre of the See of Jerusalem The most distinguished among its authors were Cyril of Scythopolis Leontius of Byzantium John Moschus and Sophronius Antiochus Monachos John of Damascus Cosmas the Hymnographer Leontius of Damascus and Stephen Mansur Their treatises on dogma and prayer shaped Orthodox theology liturgy and hymnography in Palestine and beyond This literary activity in Greek was complemented by scribal activity of copying and translating of Greek manuscripts into Arabic and Georgian There was also original composition in Arabic by Theodore Abu Qurrah and others Monastic life in Mar Saba that continued under Muslim rule with only short intermissions preserved the Sabaite tradition and contributed to its reputation parallel to that of Jerusalem Sabaite monks were renowned as paragons of monasticism and dogma who had inspired monastic and ecclesiastical reformers in later centuries throughout the Orthodox world Its fame spread far and wide from Rome and North Africa in the west to Serbia Russia and Georgia in the east affecting Christian dogma and liturgy therein The thirty-one studies included in this volume each written by an expert in his field present the various facets of the Sabaite heritage in the Orthodox Church from the sixth century to the present **Reading the Christian Spiritual Classics** Jamin Goggin, Kyle Strobel, 2013-06-05 This new collection of essays edited by Kyle Strobel and Jamin Goggin offers an evangelical hermeneutic for reading the Christian spiritual classics Addressing the why what and how of reading these texts these essays challenge us to find our own questions deepened by the church's long history of spiritual reflection **Asceticism** Vincent L. Finding the Monk Within Edward C. Sellner, 2008 *Finding the Monk Within* is written with the conviction that lying deep within every person and underlying much of contemporary western and eastern cultures is an ancient memory a vital archetypal energy related to monasticism and its spirituality This book recovers that monastic memory the living presence of the past for those who desire to name and incorporate monastic values values of solitude and silence faith and compassion friendship and mentoring contemplation and leadership itself The author examines the social and religious dimensions in the fourth century that gave rise to monasticism then looks at Christian leaders from late antiquity to the medieval period associated with monasticism in both East and West who have much to teach about monastic values and their relevance for today among them Antony the first monk Augustine and Jerome John Cassian Brigit of Kildare and early Celtic monasticism Gregory the Great Benedict and Scholastica and finally Bernard of Clairvaux By studying the history of monasticism and its great heroes we come to realize that for the Christian much of what we call monastic is purely and simply what being a follower of Christ is all about and that being a monk whether inside monastic enclosures or outside in the world is simply becoming the sort of person everyone ought to be a person who unites action and contemplation in the care of souls writes the author By becoming familiar with the stories and thought of these inspirational figures readers will be inspired to incorporate monastic perspectives and values into their own lives
