The Highlands of Phrygia C. H. Emilie Haspels, 1971 The Description for this book The Highlands of Phrygia Sites and Monuments Two Volumes will be forthcoming **The Highlands of Phrygia** Caroline Henriette Emilie Haspels, 1971

The History of the Ancient World Susan Wise Bauer, 2007-03-17 A lively and engaging narrative history showing the common threads in the cultures that gave birth to our own This is the first volume in a bold series that tells the stories of all peoples connecting historical events from Europe to the Middle East to the far coast of China while still giving weight to the characteristics of each country Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history Dozens of maps provide a clear geography of great events while timelines give the reader an ongoing sense of the passage of years and cultural interconnection This old fashioned narrative history employs the methods of history from beneath literature epic traditions private letters and accounts to connect kings and leaders with the lives of those they ruled The result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them *The Tongues of Angels* John C. Poirier, 2010 The Apostle Paul's reference to the tongues of angels 1 Cor 13 1 has always aroused curiosity but it has rarely been the object of a history of traditions investigation Few readers of Paul's words are aware of the numerous references and allusions to angelic languages in Jewish and Christian texts John C Poirier presents the first full length study of the concept of angelic languages and the most exhaustive attempt to assemble the evidence for that concept in ancient Jewish and early Christian texts He discusses possible references to angelic languages in the New Testament pseudepigraphic writings both Jewish and Christian the Dead Sea scrolls rabbinic texts patristic references magical writings and epigraphy The discussion is divided between those witnesses that understand angels to speak Hebrew and those that understand angels to speak an esoteric heavenly language [Women Officeholders in Early Christianity](#) Ute E. Eisen, 2000 Here Ute E Eisen provides a scholarly investigation of the evidence that women held offices of authority in the first centuries of Christianity Topics include apostles prophets theological teachers presbyters enrolled widows deacons bishops and oikonomae The book concludes with a chapter on source oriented perspectives for a history of Christian women in official positions **The Routledge Handbook of the Peoples and Places of Ancient Western Asia** Trevor Bryce, 2009-09-10 This 500 000 word reference work provides the most comprehensive general treatment available of the peoples and places of the regions commonly referred to as the ancient Near and Middle East extending from the Aegean coast of Turkey in the west to the Indus river in the east It contains some 1 500 entries on the kingdoms countries cities and population groups of Anatolia Cyprus Syria Palestine Mesopotamia and Iran and parts of Central Asia from the Early Bronze Age to the end of the Persian empire Five distinguished international scholars have collaborated with the author on the project Detailed accounts are provided of the Near Middle Eastern peoples and places known to us from historical records Each of these entries includes

specific references to translated passages from the relevant ancient texts Numerous entries on archaeological sites contain accounts of their history of excavation as well as more detailed descriptions of their chief features and their significance within the commercial cultural and political contexts of the regions to which they belonged The book contains a range of illustrations including twenty maps It serves as a major indeed a unique reference source for students as well as established scholars both of the ancient Near Eastern as well as the Classical civilizations It also appeals to more general readers wishing to pursue in depth their interests in these civilizations There is nothing comparable to it on the market today
