THE HOUSE BEHIND THE CEDARS. BY CHARLES W. CHESNUTT. Charles Waddell Chesnutt, 1968 **The House Behind the Cedars** Charles Waddell Chesnutt, 2016-08-10

The House Behind the Cedars is the first novel by American author Charles W. Chesnutt. It was published in 1900 by Houghton Mifflin and Company. The story occurs in the southern American states of North and South Carolina a few years following the American Civil War. Rena Walden, a young woman of mixed white and black ancestry, leaves home to join her brother who has migrated to a new city where he lives as a white man. Following her brother's lead, Rena begins living as a white woman. The secret of her identity leads to conflict when she falls in love with a white aristocrat who learns the truth of her heredity. The ensuing drama emphasizes themes of interracial relations and depicted the intricacies of racial identity in the American south. Chesnutt's autobiography informed the novel's themes. Being of predominantly European ancestry, Chesnutt was light-skinned enough to pass as a white man, although he openly identified with his African American roots. Additionally, his portrayal of interracial romantic relations in *The House Behind the Cedars* was controversial. Although the novel was critically well-received, its controversy contributed to poor financial performance.

Plot summary The novel opens a few years after the Civil War with John Warwick from Clarence, South Carolina, leaving a hotel in Patesville, North Carolina. He walks around the town in which he used to live and tries to visit Judge Archibald Straight, but he is not in his office. Warwick's attention is captured by a striking young woman who he does not recognize as Rena and follows her to the house behind the cedars. Warwick cautiously approaches the house, worried about being seen, and is invited in by Molly Walden. He says that he has a message for Walden from her son, but she then realizes that Warwick is her son, who she has not seen in years. Warwick joyfully reunites with his mother and his sister Rena and tells them what his life has been like since leaving home. He reveals that he has become a successful lawyer and that he was married, but his wife died and left him with a baby boy. Warwick asks Rena if she would come live with him and help take care of his son, Albert. Molly is reluctant to send off her only daughter, and Rena does not want to leave her mother alone, but John ultimately convinces his mother that Rena will have a better life with him. The next morning, Warwick visits Judge Straight, his mentor for whom he used to work as an office boy under the name John Walden. Straight warns him not to stay in town for too long or else people may start to question his presence. He then contemplates that it would have been better for John to move further away from home than South Carolina, even though the laws were with him. Rena says goodbye to her mother and Frank Fowler, one of their workmen who is a close friend of the family and is deeply in love with Rena. Upon their arrival to Clarence, John and Rena attend a tournament where men dressed as knights participate in a jousting competition. The Warwicks are seated among the most prominent white guests when Rena drops her handkerchief into the ring, and one of the knights catches it and uses it as a token of good luck. The knight, George Tryon, wins the tournament and names Rena his queen of love and beauty. As the winner, Tryon invites Rena to accompany him to the annual tournament ball. Charles Waddell
