The Flying Cloud And Her First Passengers:

The Flying Cloud and Her First Passengers Margaret Lyon, Flora Elizabeth Reynolds, 1998 **Barons of the Sea** Steven Ujifusa, 2019-07-02 A fascinating fast paced history full of remarkable characters and incredible stories about the nineteenth century American dynasties who battled for dominance of the tea and opium trades Nathaniel Philbrick National Book Award winning author of *In the Heart of the Sea* There was a time back when the United States was young and the robber barons were just starting to come into their own when fortunes were made and lost importing luxury goods from China It was a secretive glamorous often brutal business one where teas and silks and porcelain were purchased with profits from the opium trade But the journey by sea to New York from Canton could take six agonizing months and so the most pressing technological challenge of the day became ensuring one's goods arrived first to market so they might fetch the highest price With the verse of a natural dramatist The Christian Science Monitor Steven Ujifusa tells the story of a handful of cutthroat competitors who raced to build the fastest finest most profitable clipper ships to carry their precious cargo to American shores They were visionary eccentric shipbuilders debonair captains and socially ambitious merchants with names like Forbes and Delano men whose business interests took them from the cloistered confines of China's expatriate communities to the sin city decadence of Gold Rush era San Francisco and from the teeming hubbub of East Boston's shipyards and to the lavish sitting rooms of New York's Hudson Valley estates Elegantly written and meticulously researched *Barons of the Sea* is a riveting tale of innovation and ingenuity that takes the reader on a rare and intoxicating journey back in time Candice Millard bestselling author of *Hero of the Empire* drawing back the curtain on the making of some of the nation's greatest fortunes and the rise and fall of an all American industry as sordid as it was genteel [Flying Cloud](#) David W. Shaw, 2023-11-21 Details the record breaking 1851 New York to San Francisco voyages of the clipper ship *Flying Cloud* focusing on its navigator Eleanor Creesy Library Journal In 1851 navigator Eleanor Creesy set sail on the maiden voyage of the clipper ship *Flying Cloud* traveling from New York to San Francisco in only eighty nine days This swift passage set a world record that went unbroken for more than a century Illustrated with original maps and charts as well as historical photographs Shaw's compelling narrative captures the drama of this thrilling adventure In a position almost unheard of for a woman in the mid nineteenth century Eleanor Creesy served as the ship's navigator With only the sun planets and stars to guide her she brought *Flying Cloud* safely around Cape Horn at the height of a winter blizzard faced storms dodged shoals and found her way through calms to make the swift passage possible Along with her husband Josiah the ship's captain she sailed the mighty 3 masted clipper through 16 000 miles of the fiercest most unpredictable oceans in the world Shaw vividly recreates nineteenth century seafaring conditions and customs for both the crew and the passengers who entrusted their fate to an untested ship Including excerpts from letters and diaries of passengers Shaw recounts *Flying Cloud*'s victory in the face of adversity including sabotage insubordination and severe damage to the clipper's mainmast that might have sunk her with

all hands lost But the ship triumphed and would ultimately sail the world Flying Cloud brings to life for the first time the glory of one of America s most important seafaring tales and one woman s incredible achievements **Dare the Wind** Tracey Fern,2014-02-18 Ellen Prentiss s papa said she was born with saltwater in her veins so he gave her sailing lessons and taught her how to navigate As soon as she met a man who loved sailing like she did she married him When her husband was given command of a clipper ship custom made to travel quickly she knew that they would need every bit of its speed for their maiden voyage out of New York City down around the tip of Cape Horn and into San Francisco where the Gold Rush was well under way In a time when few women even accompanied their husbands onboard Ellen Prentiss navigated their ship to set the world record for speed along that route A Margaret Ferguson Book **The Navigator** Cheyenne Richards,2025-06-28 Inspired by the True Story of an American Legend Ellen Prentiss can navigate a ship through blinding fog and treacherous shoals using nothing but mathematics and the stars In 1841 that makes her indispensable to any captain and utterly unacceptable to a world that believes women belong in parlors not on quarterdecks With the death of her captain father Ellen s lost her mentor ship and purpose and faces the suffocating prospect of a future trapped on land until her childhood friend returns as Captain Perkins Creesy commander of a tea trader bound for China Perk desperately needs a navigator skilled enough to shave precious weeks off the route to Canton and Ellen needs passage back to the life that defines her But their shared past holds a betrayal that nearly destroyed them both and the sea offers no safe harbor for the secrets between them From the fog shrouded shoals of Cape Henlopen to the cutthroat docks of New York Ellen must chart a course between the world s expectations and her own fierce ambitions The Navigator is the story of a woman who dared to command the stars themselves and refused to let anyone else determine her destiny Pride and Prejudice meets Master and Commander **My Life in Many States and in Foreign Lands** George Francis Train,1902 The author was an American entrepreneur who traveled the world He is believed to be the inspiration behind Jules Verne s Around the World in Eighty Days In this autobiography he describes his life and travels **Steamboats on the Western Rivers** Louis C. Hunter,2012-04-30 Richly detailed definitive account covers every aspect of steamboat s development from construction equipment and operation to races collisions rise of competition and ultimate decline of steamboat transportation **My Life in Many States and in Foreign Lands, Dictated in My Seventy-Fourth Year** George Francis Train,2022-09-04 In My Life in Many States and in Foreign Lands Dictated in My Seventy Fourth Year George Francis Train presents a vivid tapestry of his travels and encounters woven together with an engaging narrative style that reflects his lively personality and adventurous spirit This memoir emerging from the literary context of late 19th century Americana intertwines personal anecdotes with broader historical observations painting a picture of a rapidly evolving world as Train journeys through various states and countries His descriptive prose and penchant for dramatic flair make his experiences come alive offering insights not just into his life but also into the societal changes of the era Train a prominent figure in 19th century America was not only an entrepreneur
