Jacobsen,Patrick B. Sharp,2014-01-10 Drawn from the Science Fiction Research Association conference held in Lawrence Kansas in 2008 the essays in this volume address intersections among the reading writing and teaching of science fiction Part 1 studies the teaching of SF placing analytical and pedagogical research next to each other to reveal how SF can be both an object of study as well as a teaching tool for other disciplines Part 2 examines SF as a genre of mediation between the sciences and the humanities using close readings and analyses of the literary scientific nexus Part 3 examines SF in the media using specific television programs graphic novels and films as examples of how SF successfully transcends the medium of transmission Finally Part 4 features close readings of SF texts by women including Joanna Russ Ursula K Le Guin and Octavia E Butler **Shaw and Science Fiction** Milton T. Wolf,1997-01-01 Shaw s speculations about human destiny align him with many other writers of the time and later who forged a new genre of literature that ultimately took the name in 1928

of science fiction Ray Bradbury affirms Greg Bear's statement about the little known but significant relationship that Bernard Shaw has with science fiction Bradbury who frequently emphasizes Shaw's influence on his own work asks Isn't it obvious at last Those that do not live in the future will be trapped and die in the past Susan Stone Blackburn comparing Shaw's *Back to Methuselah* with Olaf Stapledon's *Last and First Men* discusses why science fiction scholars have been reluctant to acknowledge Shaw's role in the genre Tom Shippey examines aspects of Shaw's theory of Creative Evolution to show why many have dismissed Shaw's science fiction as insufficiently scientific Surveying the science fiction milieu Ben P. Indick shows that while Shaw was not interested in writing science fiction per se he knew the genre and how to use it Jeffrey M. Wallmann chronicles the science fiction techniques that Shaw foreshadowed Rodelle Weintraub analyzes dream related elements of the fantastic that Shaw frequently employed in his drama John Barnes focuses on Shaw's radical superman a stock in trade of science fiction Like H. G. Wells Shaw understood that human intervention was becoming the dominant mechanism of evolution and that new approaches to theatrical drama would be required to convey the social and political impact of the scientific revolution Elwira M. Grossman compares similar dilemmas facing Shaw and the Polish dramatist Witkacy J. L. Wisenthal examines the utopian tradition that underlay the English literary experience and Julie A. Sparks contrasts Karel Capek's anti utopian concepts with Shaw's utopian vision Also included is an 1887 lecture by Shaw entitled *Utopias* published here for the first time Several of the contributors emphasize the significant influence that Shaw had on major science fiction writers Elizabeth Anne Hull explores Shaw's affinities with Arthur C. Clarke John R. Pfeiffer discusses the many connections between Shaw and Ray Bradbury and George Slusser explores Shaw and Robert A. Heinlein's recurrent fascination with the possibilities of life extension Like his friend Einstein Shaw knew that imagination is more important than knowledge Peter Gahan's article demonstrates that Shaw's ambition was to engage the reader's imagination the only sufficient backdrop for his vision Also included are reviews of recent additions to Shavian scholarship including the Shaw Wells correspondence and John R. Pfeiffer's *Continuing Checklist of Shaviana* *Science Fiction Television Series, 1990-2004* Frank Garcia, Mark Phillips, 2013-09-27 This is a detailed examination of 58 science fiction television series produced between 1990 and 2004 from the popular *The X-Files* to the many worlds of *Star Trek: The Next Generation* onward as well as *Andromeda*, *Babylon 5*, *Firefly*, *Quantum Leap*, *Stargate Atlantis*, and *SG-1* among others A chapter on each series includes essential production information a history of the series critical commentary and amusing often provocative interviews with overall more than 150 of the creators actors writers and directors The book also offers updates on each series regular cast members along with several photographs and a bibliography Fully indexed **The Essential Science Fiction Television Reader** J.P. Telotte, 2008-05-02 A richly detailed and critically penetrating overview from the plucky adventures of Captain Video to the postmodern paradoxes of *The X-Files* and *Lost* Rob Latham coeditor of *Science Fiction Studies* Exploring such hits as *The Twilight Zone*, *Star Trek*, *Battlestar Galactica*, and *Lost* among others *The Essential Science*

Fiction Television Reader illuminates the history narrative approaches and themes of the genre The book discusses science fiction television from its early years when shows attempted to recreate the allure of science fiction cinema to its current status as a sophisticated genre with a popularity all its own J P Telotte has assembled a wide ranging volume rich in theoretical scholarship yet fully accessible to science fiction fans The book supplies readers with valuable historical context analyses of essential science fiction series and an understanding of the key issues in science fiction television

Imagination, Creativity, and Responsible Management in the Fourth Industrial Revolution Fields, Ziska, Bucher, Julien, Weller, Anja, 2019-06-28 As we move through the Fourth Industrial Revolution people are becoming more concerned about the potential benefits and risks of digital technology and its impact People are worried about the extent the implementation and the effect digital transformation will have on their privacy jobs and welfare Business managers will be expected to navigate organizations and employees through this unknown territory of digital transformation and disruption Imagination Creativity and Responsible Management in the Fourth Industrial Revolution is an essential reference source that uses a multidisciplinary approach to examine the concepts of imagination and creativity as well as responsible management practices and their application to the development and use of innovative technologies This book intends to help readers understand the importance of continuously developing their cognitive skills and to remain responsible and accountable in the new digital era the Fourth Industrial Revolution Featuring research on topics that include modes of interaction in the digitalized era cognitive skills needed and creative tools to shape the future of work and knowledge sharing this book is ideally designed for managers leaders decision makers directors executives engineers entrepreneurs IT specialists academics researchers students consultants and industry professionals *Science Cultures in a Diverse World: Knowing, Sharing, Caring* Bernard Schiele, Xuan Liu, Martin W. Bauer, 2021-09-13 Science and technology culture is now more than ever at the very heart of the social project and all countries to varying degrees participate in it raising scientific literacy improving the image of the sciences involving the public in debates and encouraging the young to pursue careers in the sciences Thus the very destiny of any society is now entwined with its ability to develop a genuine science and technology culture accessible for participation not only to the few who by virtue of their training or trade work in the science and technology fields but to all thereby creating occasions for society to debate and to foster a positive dialogue about the directions of change and future choices This book organized on the theme of knowing sharing caring new insights for a diverse world which was derived from the observation that globalization rests upon diversity diversity of contexts publics research strategies and new innovating practices and aims to stimulate exchanges discussions and debates to initiate a reflection conducive to decentring and to be an opportunity for enrichment by providing the reader with means to achieve the potentialities of that diversity through a comparison of the visions that underpin the attitudes of social actors the challenges they perceive and the potential solutions they consider Thus this book aims first and foremost to raise questions in such a manner that readers so stimulated will feel

compelled to contribute and will do so In this spirit however significant the results presented and shared are less important than the questions they seek to answer How are we to rethink the diffusion the propagation and the sharing of scientific thought and knowledge in an ever more complex and diverse world What to know What to share How do we do it when science is broken down across the whole spectrum of the world s diversity The book is recommended for those who are interested in science communication and science cultures in the new media era in contemporary social dynamics and in the evolution of the role of the state and of institutions It is also an excellent reference for researchers engaging in science communication public understanding of science cultural studies science and technology museum science society relationship and other fields of humanities and social sciences

Innovation, Between Science and Science Fiction Thomas Michaud, 2017-07-17 Fantasy and science fiction are both involved in the process of innovation in techno scientific societies Long regarded as a hindrance to rationality and to science science fiction has become the object of praise in recent decades Innovative organizations use science fiction to stimulate the creativity of their teams and more and more entrepreneurs are using its influence to develop innovation Scientific practice relies in part on an imaginary dimension The mapping of the technical imagination of science fiction has become an important strategic issue as has its patentability The conquest of space the construction of cyberspace and virtual reality biotechnologies and nanotechnologies are all at the center of futuristic fictions that participate in scientific speeches and discoveries

Science Fiction and Narrative Form David Roberts, Andrew Milner, Peter Murphy, 2023-02-23 Establishing science fiction as its own distinct and increasingly important narrative form this book explores how the genre challenges pervasive perceptions of society as they appear in the conventional modern novel Inspired by and building upon Georg Luk cs s criticism of the orthodox novel for its depiction of life as alienating and disjointed Milner Murphy and Roberts demonstrate that science fiction steps beyond this contemporary form to be a more constructive form of literature one able to conceive of society as complete integrated and well rounded Taking stock of three kinds of science fiction which lie outside the scope of the modern novel theological ontological science fiction the science fiction of future history and epic science fiction this book demonstrates the genre s unique capacity to encapsulate the whole world persons and events things and objects in a glance and address the motive behind the longing for meaningful totality With reference to a vast array of works by authors such as Michel Houellebecq Elias Canetti Isaac Asimov Jules Verne H G Wells Aldous Huxley Marge Piercy Iain M Banks Margaret Atwood Ursula K Le Guin William Gibson Dirk C Fleck Philip K Dick George Orwell and Kazuo Ishiguro this book offers a compelling argument for rethinking the position and potential of the science fiction novel and to challenge the way we perceive our culture
