Broadway Musicals Dan Dietz, 2016-02-18 For Broadway audiences of the 1980s the decade was perhaps most notable for the so called British invasion While concept musicals such as Nine and Stephen Sondheim s Sunday in the Park with George continued to be produced several London hits came to New York In addition to shows like Chess Me and My Girl and Les Miserables the decade s most successful composer Andrew Lloyd Webber was also well represented by Cats The Phantom of the Opera Song Dance and Starlight Express There were also many revivals such as Show Boat and Gypsy surprise hits The Pirates of Penzance huge hits 42nd Street and notorious flops Into the Light Carrie and Annie 2 Miss Hannigan s Revenge In The Complete Book of 1980s Broadway Musicals Dan Dietz examines in detail every musical that opened on Broadway during the 1980s In addition to including every hit and flop that debuted during the decade this book highlights revivals and personal appearance revues with such performers as Sid Caesar Barry Manilow Jackie Mason and Shirley MacLaine Each entry includes the following information Opening and closing dates Plot summaries Cast members Number of performances Names of all important personnel including writers composers directors choreographers producers and musical directors Musical numbers and the names of performers who introduced the songs Production data including information about tryouts Source material Critical commentary Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production the book offers numerous appendixes including a discography filmography and published scripts as well as lists of Gilbert and Sullivan operettas black themed shows and Jewish themed

productions A treasure trove of information The Complete Book of 1980s Broadway Musicals provides readers with a comprehensive view of each show This significant resource will be of use to scholars historians and casual fans of one of the greatest decades in musical theatre history Harper's Magazine Henry Mills Alden, Lee Foster Hartman, Thomas Bucklin Wells, Frederick Lewis Allen, 1916 Important American periodical dating back to 1850 National Identity and the British Musical Grace Barnes, 2022-07-14 National Identity and the British Musical From Blood Brothers to Cinderella examines the myths associated with national identity which are reproduced by the British musical and asks why the genre continues to uphold instead of challenging outdated ideals All too often UK musicals reinforce national identity clichés and caricatures conflate England with Britain and depict a monocultural nation viewed through a nostalgic lens Through case studies and analysis of British musicals such as Blood Brothers Six Half a Sixpence and Billy Elliot this book examines the place of the British musical within a text-based theatrical heritage and asks what or whose Britain is being represented by home-grown musicals The sheer number of people engaging with shows bestows enormous power upon the genre and yet critics display a reluctance to analyse the cultural meanings produced by new work or to hold work to account for production teams and narratives which continue to shun diversity and inclusive practices The question this book poses is what kind of industry do we want to see in Britain in the next ten years And what kind of show do we want representing the nation in the future

The Story of Music Howard Goodall, 2021-11-15 Why did prehistoric people start making music What does every postwar pop song have in common A masterful tour of music through the ages Booklist starred review Music is an intrinsic part of everyday life and yet the history of its development from single notes to multi-layered orchestration can seem bewilderingly specialized and complex In his dynamic tour through 40 000 years of music from prehistoric instruments to modern-day pop Howard Goodall does away with stuffy biographies unhelpful labels and tired terminology Instead he leads us through the story of music as it happened idea by idea so that each musical innovation harmony notation sung theater the orchestra dance music recording broadcasting strikes us with its original force He focuses on what changed when and why picking out the discoveries that revolutionized man-made sound and bringing to life musical visionaries from the little-known Purcell to the colossus of Wagner Along the way he also gives refreshingly clear descriptions of what music is and how it works what scales are all about why some chords sound discordant and what all post-war pop songs have in common The story of music is the story of our urge to invent connect rebel and entertain Howard Goodall's beautifully clear and compelling account is both a hymn to human endeavor and a groundbreaking map of our musical journey **Youth's Companion**, 1925 *Music for Silent Film* Kendra Preston Leonard, 2016-01-01 Between 1895 and 1929 more than 15 000 motion pictures were made in the United States We call these works silent films but they were accompanied by an enormous body of music including works adapted or arranged from pre-existing works as well as newly composed pieces for theater orchestras organists or pianists While many films and pieces are lost a considerable amount of material remains extant and available for use in research and
