The Human Potential An Essay On Its Cultivation:

The Human Potential William Terry Couch,1974 *William Terry Couch and the Politics of Academic Publishing* Orvin Lee Shiflett,2015-09-03 William Terry Couch 1901 1988 began his four decade publishing career building the University of North Carolina Press into one of the nation s leading university presses His editorial attacks on the social ills of the South earned him a reputation as a southern liberal By the 1940s his disaffection with New Deal politics turned him toward the right resulting in his 1950 firing as director of the University of Chicago Press As a conservative Couch sought books and articles that would sway general readers from what he saw as an intellectual torpor that accepted the growing role of government in American life The liberals who controlled the presses found him dogmatic and irascible When he tried to turn Collier s Encyclopedia into a journal of conservative opinion he was fired as editor in chief in 1959 He ended his career as publisher for the libertarian William Volker Fund which collapsed in the 1960s under charges of Nazism Couch was committed to publishing as a social cause and strove to disturb American complacency This is the first book length biography of Couch a publisher who brought academic scholarship to the reading public to effect social political and economic change
