Antarctic Pioneer Joanna Kafarowski, 2022-05-10 Jackie Ronne reclaims her rightful place in polar history as the first American woman in Antarctica Jackie was an ordinary American woman whose life changed after a blind date with rugged Antarctic explorer Finn Ronne After marrying they began planning the 1946-1948 Ronne Antarctic Research Expedition Her participation was not welcomed by the expedition team of red blooded males eager to prove themselves in the frozen hostile environment of Antarctica On March 12 1947 Jackie Ronne became the first American woman in Antarctica and months later one of the first women to overwinter there The Ronne Antarctic Research Expedition secured its place in Antarctic history but its scientific contributions have been overshadowed by conflicts and the dangerous accidents that occurred Jackie dedicated her life to Antarctica she promoted the achievements of the expedition and was a pioneer in polar tourism and an early supporter of the Antarctic Treaty In doing so she helped shape the narrative of twentieth century Antarctic exploration

Icy Graves Stephen Haddelsey, 2018-06-18 Ever since Captain Cook first sailed into the Great Southern Ocean in 1773 mankind has sought to push back the boundaries of Antarctic exploration The first expeditions tried simply to chart Antarctica's coastline but then the Sixth International Geographical Congress of 1895 posed a greater challenge the conquest of the continent itself Though the loss of Captain Scott's Polar Party remains the most famous many of the resulting expeditions suffered fatalities Some men drowned others fell into bottomless crevasses many died in catastrophic fires a few went mad and yet more froze to death Modern technology increased the pace of exploration but aircraft and motor vehicles introduced entirely new dangers For the first time *Icy Graves* uses the tragic tales not only of famous explorers like Robert Falcon Scott and Aeneas Mackintosh but also of many lesser known figures both British and

international to plot the forward progress of Antarctic exploration It tells often in their own words the compelling stories of the brave men and women who have fallen in what Sir Ernest Shackleton called the White Warfare of the South *Memory, Place and Aboriginal-Settler History* Skye Krichauff,2017-09-27 Taking the absence of Aboriginal people in South Australian settler descendants historical consciousness as a starting point Memory Place and Aboriginal Settler History combines the methodologies and theories of historical enquiry anthropology and memory studies to investigate the multitudinous and intertwined ways the colonial past is known represented and made sense of by current generations Informed by interviews and fieldwork conducted with settler and Aboriginal descendants oral histories site visits and personal experience Skye Krichauff closely examines the diverse but interconnected processes through which the past is understood and narrated Memory Place and Aboriginal Settler History demonstrates how it is possible to unsettle settler descendants consciousness of the colonial past in ways that enable a tentative connection with Aboriginal people and their experiences **The Polar Adventures of a Rich American Dame** Joanna Kafarowski,2017-11-04 Louise Arner Boyd inherited the family millions in her thirties Expected to lead a respectable life she instead fell under the captivating spell of the north Over the next thirty years she organized and led seven hazardous expeditions around Greenland and was showered with international awards New York Times Saturday Book Review Supplement ,1961-12 *University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects* University of California (System).
