**Approaches to emotion in Middle English literature** Carolyn Larrington,2024-04-16 Over the last twenty five years the history of emotion field has become one of the most dynamic and productive areas for humanities research This designation and the marked leadership of historians in the field has had the unlooked for consequence of sidelining literature in particular secular literature as evidence source and object of emotion study Secular literature whether fable novel fantasy or romance has been understood as prone to exaggeration hyperbole and thus as an unreliable indicator of the emotions of the past The aim of this book is to decentre history of emotion research and asks new questions ones that can be answered by literary scholars using literary texts as sources how do literary texts understand and depict emotion and crucially how do they generate emotion in their audiences those who read them or hear them read or performed

**Negotiating Boundaries in Medieval Literature and Culture** Valerie B. Johnson,Kara L. McShane,2022-03-21 Thomas Hahn's work laid the foundations for medieval romance studies to embrace the study of alterity and hybridity within Middle English literature His contributions to scholarship brought Robin Hood studies into the critical mainstream normalized the study of historically marginalized literature and peoples and encouraged scholars to view medieval readers as actively encountering others and exploring themselves This volume employs his methodologies careful attention to texts and their contexts cross cultural readings and theoretically informed analysis to highlight the literary culture of late medieval England afresh Addressing long established canonical works such as Chaucer Christine de Pizan and Malory alongside understudied traditions and manuscripts this book will be of interest to literary scholars of the later Middle Ages who like Hahn work across boundaries of genre tradition and chronology

Gower's imaginative French poetry is now available in a new edition with facing page translation annotations and introduction. Gower's *Traite* employs the French poetic form of *balade* typically used for courtly verses to avow instead the virtues of loving marriage characteristic of Gower's signature moralizing. His *Cinkante Balades* confront the tradition of the French *Livre de Cent Balades* by describing the feelings of a young man towards his lady but eventually offering a praise of love insofar as it is subject to reason and morality. Together the two works offer an excellent introduction to the Anglo-Norman works of Gower and are perfect for classroom use.

**Oton de Granson, Poems**, 2015-09-01 Oton de Granson slain in a duel in 1397 was a knight diplomat and poet who lived an active almost storybook life at or near the center of many of the most important events in the last half of the fourteenth century. He was almost certainly a personal friend to both Chaucer and Eustache Deschamps and among the first and most successful of the poets who were also courtiers. This new translation makes Granson's poetry available again to English readers.

**Ten Bourdes** Melissa M Furrow, 2013-05-01 A *bourde* is an English comedic poem similar to a French *fabliau* but with a moralizing element and less of an emphasis on violence. In this fresh edition of ten Middle English *bourdes* Melissa M Furrow aims to put funny or would be funny Middle English poems under the eyes of a much broader readership than the scholarly researchers she appealed to in her earlier edition of many of the same poems. This collection is specifically designed for students and has contextualizing introductions, copious notes, glosses and a glossary.
