A Philosophy of Material Culture Beth Preston, 2013 This book focuses on material culture as a subject of philosophical inquiry and promotes the philosophical study of material culture by articulating some of the central and difficult issues raised by this topic and providing innovative solutions to them most notably an account of improvised action and a non intentionalist account of function in material culture Preston argues that material culture essentially involves activities of production and use she therefore adopts an action theoretic foundation for a philosophy of material culture Part 1 illustrates this foundation through a critique revision and extension of existing philosophical theories of action Part 2 investigates a salient feature of material culture itself its functionality A basic account of function in material culture is constructed by revising and extending existing theories of biological function to fit the cultural case Here the adjustments are for the most part necessitated by special features of function in material culture These two parts of the project are held together by a trio of overarching themes the relationship between individual and society the problem of centralized control and creativity

Frankel, 2014-02 Under the shadow of the turbulent 1960s this is my story of a journey through village India as an American Peace Corp Volunteer I graduated college in 1966 with no idea of what I wanted to do in life I asked the Peace Corps to send me to a place that was more different than anything I had ever known I got what I asked for India unfolded into a kaleidoscope of fascinating people and unforgettable scenes in a culture that never failed to amaze me The sights smells and sounds of village India offer the backdrop of what happened some stories quite incredible but all true After two years I was infused with the spiritual and mystical quality that was and still is India something that is almost beyond explaining It cannot be found by touring India or even visiting an ashram but only by living there learning the local language and being with Indians in their homes and work Forty four years after leaving the Peace Corps I returned to village India Surprisingly very little had changed All of the profits from the sale of this book will be donated to the Vishwa Bharati non profit village school in Anavatti India and to the School of Social Work at the University of North Carolina Wilmington to support students and faculty in visiting India **A Group of One** Rachna Gilmore, 2025-09-23 A girl of mixed heritage discovers that both cultures are important parts of who she is Mr Toller grins I guess we plain old regular Canadians need to know the history of other places to get a real and balanced view Plain old regular As in white It jolts through me like lightning I almost bought his idea of regular that s why I was afraid to read my grandmother s story My heart pounds but I have to say it Mr Toller I AM a regular Canadian Hey Tara what s your mother tongue It s questions like these that make fourteen year old Tara Mehta boil especially when they re asked by teachers who ought to know better Yes her parents were raised in India but Tara has lived in Ottawa her whole life she s as Canadian as everybody else There are much more important things than where her family came from Jeff for instance He s the new guy with the blue eyes and a brain that actually works But then she meets her grandmother for the first time Naniji fought with Gandhi in the Indian Independence movement and she s horrified to learn that her grandchildren know almost nothing about their heritage Tara resents her grandmother s attitude until she learns how Naniji came to join the fight for independence Shocked and angered by the history that she s never been taught in school Tara decides to tell Naniji s story to her class In the wake of the violently mixed reactions that follow Tara comes to realize that most people need to expand their definition of what it means to be a regular Canadian including herself *Musical Robots and Interactive Multimodal Systems* Jorge Solis, Kia Ng, 2011-07-25 Musical robotics is a multi and trans disciplinary research area involving a wide range of different domains that contribute to its development including computer science multimodal
