Small Arms Survey 2001:

Small Arms Survey 2001 Graduate Institute of International Studies (Geneva, Switzerland), 2001 In its premier issue this volume provides the first broad overview of major aspects of the problem of small arms and light weapons proliferation Issues covered include products and producers global firearms stockpiles brokers and transport agents legal small arms transfers illicit small arms transfers the effects of small arms availability and multilateral measures and initiatives The Survey will serve as the principal source of public information on all aspects of small arms and as a resource center for governments policy makers researchers and activists With international contributors from a variety of backgrounds it will interest all those in security studies political science law economics development studies and sociology *Small Arms Survey 2003*, 2003 This title includes information and analysis on global small arms production stockpiles and legal and illicit transfers and a review of international regional and national measures to address the issue of small arms proliferation *Small Arms Survey 2010* Small Arms Survey, Geneva, 2010-06-03 The Small Arms Survey 2010 focuses on gangs and non state armed groups Gang violence while typically directed at other gang members can account for a major portion of social violence Armed groups whatever their orientation to the state are of growing concern in conflict and post conflict settings where their activities can have serious repercussions for human security This volume reviews a range of issues related to gangs and armed groups exploring their functions roles and use of violence as well as emerging efforts to address the damage they inflict on society The volume explores prison gangs gender aspects of gangs and pro government groups it also features case studies from Ecuador and southern Sudan Original research on the global ammunition trade and on options for controlling illicit firearm transfers by air rounds out the book **Small Arms Survey 2012** Graduate Institute of International and Development Studies (Geneva, Switzerland), Small Arms Survey, Geneva, 2012-08-30 The Small Arms Survey 2012 seeks to increase our scrutiny of what is changing and not changing in relation to armed violence and small arms proliferation Chapters on firearm homicide in Latin America and the Caribbean drug violence in selected Latin American countries and non lethal violence worldwide illustrate that security is a moving target armed violence both lethal and non lethal continues to undermine the security and wellbeing of people and societies around the world The goal of curbing small arms proliferation embodied in the UN Programme of Action appears similarly elusive Chapters on illicit small arms in war zones trade transparency Somali piracy and the 2011 UN Meeting of Governmental Experts highlight some of the successes but also the continuing challenges in this area Country studies on Kazakhstan and Somaliland along with the final instalment of the authorized transfers project round out the 2012 edition [Small Arms Survey 2014](#) Small Arms Survey, Geneva, 2014-07-03 The Small Arms Survey 2014 considers the multiple roles of women in the context of armed violence security and the small arms agenda The volume s thematic section comprises one chapter on violence against women and girls with a focus on post conflict Liberia and Nepal and another on the recent convergence of the small arms agenda with that of women peace and security Complementing

these chapters are illustrated testimonies of women with experience as soldiers rebels and security personnel The weapons and markets section assesses the potential impact of the Arms Trade Treaty presents the 2014 Transparency Barometer and an update on the authorised small arms trade and analyses recent ammunition explosions in the Republic of the Congo Additionally it examines ammunition circulating in Africa and the Middle East maps the sources of insurgent weapons in Sudan and South Sudan and evaluates crime gun records in the United States

Small Arms Survey 2008 Small Arms Survey, Graduate Institute of International and Development Studies (Geneva, Switzerland), 2008-07-31 The Small Arms Survey 2008 examines the problem of diversion and analyses the public health approach to armed violence

Small Arms Survey 2015 Keith Krause, 2015-07-30 Highlights emerging trends and concerns regarding armed violence and small arms proliferation as well as related policies and programming

Small Arms Survey 2007 Small Arms Survey, Graduate Institute of International Studies (Geneva, Switzerland), 2007-09-06 The Small Arms Survey 2007 features a special focus on the complex issue of urban violence

Small Arms Survey 2015 Small Arms Survey, 2015-07-30 The Small Arms Survey 2015 examines the role of weapons and armed violence in humanity's appropriation of the earth's wildlife and mineral riches in Africa where the poaching of elephants and rhinos is becoming increasingly militarised and near resource extraction sites around the world In addition to presenting updates on the UN small arms process and the top arms importers and exporters the volume assesses how recent technological developments affect weapons marking record keeping and tracing reviews small arms flows to Egypt Libya and Syria and evaluates a stockpile management initiative in south east Europe The armed actors section sheds light on the arms and ammunition used by insurgents in northern Mali the decline of the Forces Démocratiques de Libération du Rwanda and the use of floating armouries by private security companies in the Indian Ocean This edition also analyses conditions that are driving young people to adopt high risk coping strategies in Burundi

Small Arms Survey 2005 Graduate Institute of International Studies (Geneva, Switzerland), 2005 The Small Arms Survey 2005 Weapons at War is dedicated to issues surrounding armed conflict including the sourcing of weapons to conflict areas weapons use conflict deaths and post conflict disarmament initiatives This edition also provides an overview of small arms ammunition as well as new and updated information on small arms production stockpiles transfers and international measures It presents two case studies one exploring the concept of gun culture in Kosovo the other focusing on the Central African Republic In addition this volume surveys representations of small arms and armed violence in contemporary art The Small Arms Survey is the principal international source of impartial and reliable information on all aspects of small arms Its blend of information and analysis makes it an indispensable resource for policy makers officials and non governmental organizations The Small Arms Survey is an independent research project located at the Graduate Institute of International Studies in Geneva Switzerland The project has an international staff with expertise in security studies political science international public policy law economics development studies conflict resolution and sociology who work closely with a

worldwide network of researchers and partners Postinternationalism and Small Arms Control Damien Rogers, 2016-04-08 Even though impacts generated by the widespread availability and ongoing use of small arms and light weapons have not reached a magnitude sufficient to radically reorder contemporary world affairs awareness of the nature and extent of these impacts has compelled some international actors to take decisive action Damien Rogers examines how the international community has responded to the challenge of controlling small arms and light weapons since the early 1990s Using a postinternationalist analytic framework he specifically focuses on the maturing relationships between particular actors of world affairs and the nascent interconnectivity between their strategies for and approaches toward controlling these weapons Furthermore the book identifies ways in which the captains of small arms industry arms brokers and chief users of these weapons are able to mitigate resist or elude the intended effects of those responses *Small Arms Survey 2006* Small Arms Survey, Graduate Institute of International Studies (Geneva, Switzerland), 2006 This book offers new and updated information on small arms production stockpiles transfers and measures including a review of the International Tracing Instrument This year's thematic chapters examine issues such as the demand for weapons small arms and security sector reform and the economic cost of small arms use This edition also features case studies on small arms violence in Papua New Guinea and Colombia armed groups in West Africa and the Lord's Resistance Army in Northern Uganda Controlling Small Arms Peter Batchelor, Kai Michael Kenkel, 2013-11-20 This edited volume takes stock of the state of research and policy on the issue of Small Arms and Light Weapons SALW ten years after the UN first agreed to deal with the problem The end of the Cold War originated a series of phenomena that would subsequently come to dominate the political agenda Perhaps most symptomatic of the ensuing environment is the marked escalation in the scale and dynamics of armed violence driven by the proliferation of SALW Events in Rwanda Somalia and Bosnia seared into global consciousness the devastating effects of this phenomenon and of the necessity to engage actively in its limitation and prevention This edited volume explores and outlines the research and policy on the SALW issue at this critical juncture In addition to providing a detailed telling of the genesis and evolution of SALW research and advocacy the volume features a series of essays from leading scholars in the field on both advances in research and action on SALW It reflects on what has been achieved in terms of cumulative advances in data methodology and analysis and looks at the ways in which these developments have helped to inform policy making at national regional and international levels Alongside situating and integrating past and present advances in advocacy and international action Controlling Small Arms also outlines future directions for research and action This book will be of much interest to students of small arms peace and conflict studies peacebuilding security studies and IR **The International Arms Trade** Rachel Stohl, Suzette Grillot, 2009-11-09 This book explores the complexities and realities of the global conventional weapons trade It traces the history of the arms trade and examines how it has evolved since the end of the Cold War In particular the role of the largest arms exporters and importers and the business of selling conventional arms around the world are assessed

and new light is shed on the illicit arms trade and the shadowy dealers who profit from their deadly commerce The book also looks closely at the devastating effect the business can have on countries societies and individuals and concludes with an evaluation of the various existing control strategies and the potential for future control opportunities Book Jacket

The United Nations and Global Security R. Price, M. Zacher, 2004-03-17 Many have proclaimed the fundamentals of global security were altered by the September 11 terrorist attacks Do these changes undercut or enhance the role of the United Nations What do events like the role of the UN in the crisis over Iraq tell us Here top scholars examine the role of the UN in preventing international and civil violence arms control deterring and reversing aggression and addressing humanitarian crises The chapters are concise while providing depth of understanding of the issues positions and problems facing the United Nations and its member states in grappling with increased opportunities and threats Their lively presentations of the drama of UN debates establish the contributions and shortcomings of global multilateralism in an era of U S hegemony and unilateralism

Armed Groups and Contemporary Conflicts Keith Krause, 2013-09-13 Armed groups operating beyond the state have become the most important actors in most contemporary wars and violent conflicts from Iraq and Afghanistan to Colombia and Somalia They come in a dizzying array of forms some informally linked to the state and state power others in opposition to the state some pursuing classic political goals others primarily predatory and large scale criminal enterprises All groups however challenge the state's Weberian monopoly of the legitimate use of force yet their origins evolution violent dynamics and relations with state power are poorly understood This interdisciplinary collection includes both conceptual and empirical studies of contemporary armed groups examining cases in Latin America Asia and Africa It brings sociological political economy and ethnographic approaches to bear on larger questions including armed groups and the changing nature of warfare the economic dimensions of their activities and means of engagement with armed actors It both broadens and sharpens our understanding of how force and violence are used in today's contemporary armed conflicts This book was published as a special issue of Contemporary Security Policy

Contemporary Security Studies Alan Collins, 2022 With unrivalled coverage of a wide range of issues from terrorism nuclear deterrence and the weapons trade to environmental security transnational crime and cyber security Contemporary Security Studies is the definitive cutting edge introduction to security studies Bringing together contributions from leading scholars it provides a student friendly guide to traditional and critical theoretical approaches as well as the most important contemporary issues that dominate the modern security field Whether you are exploring how politicians portrayed the Covid19 pandemic as a security issue or the role that popular culture plays in promoting peace a broad variety of real world case studies and examples throughout the text encourage you to question your preconceptions of security studies and to critically evaluate key approaches and ideas in the subject New to this Edition A new Chapter 13 on popular culture introduces you to this innovative approach to security studies exploring the role that it plays in shaping and understanding security related processes A revised Chapter 12 on securitization theory

traces its emergence and evolution as a framework for analysis covering everything you need to know about its main concepts and criticisms Chapter 27 on transnational crime now includes coverage of the crime terror nexus the relationship between organized crime and the state and a case study focusing on Mexico Every chapter has been thoroughly updated to reflect current political issues and developments in world affairs such as the initial impact of the Covid 19 pandemic climate change and forced migration Book jacket **World Development Report 2011** World Bank,2011-05-01 The 2011 WDR on Conflict Security and Development underlines the devastating impact of persistent conflict on a country or region s development prospects noting that the 1 5 billion people living in conflict affected areas are twice as likely to be in poverty Its goal is to contribute concrete practical suggestions on conflict and fragility **Crime, War, and Global Trafficking** Christine Jojarth,2009-04-09 Asks whether governments choose the best institutional designs to enable effective measures against criminal trafficking **International Law and International Relations** Thomas J. Biersteker,Peter J. Spiro,Chandra Lekha Sriram,Veronica I. Raffo,2006-10-19 This unique volume examines the opportunities for and initiates work in interdisciplinary research between the fields of international law and international relations disciplines that have engaged little with one another since the Second World War Written by leading experts in the fields of international law and international relations it argues that such interdisciplinary research is central to the creation of a knowledge base among IR scholars and lawyers for the effective analysis and governance of macro and micro phenomena International law is at the heart of international relations but due to challenges of codification and enforceability its apparent impact has been predominantly limited to commercial and civil arrangements International lawyers have been saying for years that law matters in international affairs and now current events are proving them right International Law and International Relations makes a powerful contribution to the theory and practice of global security by initiating a research agenda building an empirical base and offering a multidisciplinary approach that provides concrete answers to real world problems of governance This book will be of great interest to all students of international law international relations and governance
