The Foreclosure Handbook A Basic Guide To Understanding The Foreclosure Process:

The Foreclosure Handbook - A Basic Guide to Understanding the Foreclosure Process Jeffrey Posner, 2004-09-01
This handbook was written and designed to educate people about the foreclosure sale process and the options that they might have to stop it. It is intended to supply homeowners and potential buyers with answers to many of the questions associated with foreclosure. Although the information contained in this handbook is based on the procedures practiced in New Jersey, they can easily be applied to most foreclosure situations in the United States. *The Foreclosure Survival Guide* Amy Loftsgordon, Cara O'Neill, 2025-08-26 This book is for homeowners who can't make their mortgage payments. It provides a thorough, easy-to-understand, compassionate look at the foreclosure process and available options so that homeowners can determine if they should give up their home, file for bankruptcy, fight the foreclosure, or explore loss mitigation options and foreclosure alternatives. Stop Foreclosure Now Lloyd SEGAL, 2008-09-15 We've all heard the reports: Americans are losing their homes in record numbers and the housing crisis seems unlikely to subside anytime soon. Foreclosures affect all kinds of people and all kinds of properties. Many people faced with foreclosure feel helpless and resigned to giving up their homes without even trying to save them. The good news is that with the right advice, homeowners can take control of the situation, avoid foreclosure proceedings, and even protect their credit. Lloyd Segal, mortgage banker, attorney, and real estate investor, has spent the last twenty-five years helping homeowners save their houses. In *Stop Foreclosure Now*, he shows readers how to develop a plan to delay or stop foreclosure, understand the documents involved, negotiate with their lender, use the courts to stop foreclosure, and arrange to refinance their property, sell their property quickly, use military status to stop foreclosure, understand foreclosure laws in all 50 states, and more. Timely and indispensable, this guide will help anyone survive the housing crisis and preserve their most important investment. The Everything Guide to Mortgages Book Lisa Holton, 2008-07-01 Finding the right home can be easy. Finding the right mortgage one you can afford can be a challenge. You need to arm yourself with the latest information so you can make the right decision for you and your family, especially in the current housing market. In plain English, finance expert Lisa Holton shines a light on the confusing world of points, interest rates, and credit scores. Whether you're buying your first home, trading up to a larger one, or buying a rental property, you'll find all you need inside. Learn how to save for a down payment and prepare to borrow. Understand credit reports and credit scores. Deal with banks, mortgage brokers, and online lenders. Refinance a mortgage. *The Everything Mortgage Book* teaches you how lenders work, how different kinds of loans are structured, and what they're best for. You'll also learn which mortgage practices and loans you should avoid. Whether you have a great credit history or a poor one, you'll be able to get the best loan for your most important purchase: your home. Lisa Holton is the author of *How to be a Value Investor*, *The Essential Dictionary of Real Estate*, and the *Encyclopedia of Financial Planning*. She is a contributing writer for the Financial Planning Association on consumer finance and retirement planning issues. Ms. Holton heads the Lisa Company, a writing, editing, and research firm.
