The Frozen City:

Frostgrave: Tales of the Frozen City Joseph A. McCullough, 2015-07-20 Long ago the great city of Felstad sat at the centre of a magical empire Its towering spires labyrinthine catacombs and immense libraries were the wonder of the age and potions scrolls and mystical items of all descriptions poured from its workshops Then one cataclysmic night a mistake was made In some lofty tower or dark chamber a foolish wizard unleashed a magic too powerful to control A storm rose up an epic blizzard that swallowed the city whole burying it deep and leaving the empire as nothing more than a vast frozen wasteland The empire shattered and the magic of the world faded As the centuries came and went Felstad passed from history to legend and on into myth Only a few wizards clinging to the last remnants of magical knowledge still believed that the lost city had ever actually existed But their faith was rewarded After a thousand years the fell winter has passed The snows have receded and Felstad has been uncovered Its buildings lie in ruins overrun by undead creatures and magical constructs the legacy of the empire s experiments It is an evil dangerous place To the few hardy souls who inhabit the nearby villages the city has acquired a new name Frostgrave and it is shunned by all right thinking people For those who seek power and riches however it is an unparalleled opportunity a deadly maze concealing secrets of knowledge long forgotten This new fiction anthology collects ten stories of wizards and adventures as they venture into the ruins of the Frozen City

Frostgrave: The Maze of Malcor Joseph A. McCullough, 2018-06-28 Part magical university part museum part tourist attraction the great Collegium of Artistry had flourished in Felstad s final days Under the leadership of the seemingly immortal Malcor the Mad the vast complex expanded with new wings being built wherever they would fit including up and down the rock face and even buried within the mountain itself Visitors called it one of the architectural wonders of the world the students who often got lost in its endless tunnels simply called it The Maze With a titanic crash an immense ice shelf tears free from the mountains that that loom above Frostgrave revealing the lost Collegium and the race for its secrets begins The Maze is known to have contained many rare and unique treasures and who knows what may have survived This new expanded supplement for Frostgrave contains a host of new adventures treasures and creatures to challenge players It also includes its own unique campaign and experience system as well as information about several of the mythical lost schools of magic
