The Frying Pan A Prison And Its Prisoners:

The Frying Pan Tony Parker, 2013-09-17 In 1970 Tony Parker was permitted by the Home Office to make a series of visits to HMP Grendon Underwood the UK's first psychiatric prison there to interview inmates and staff for a study of the institution and its unique community Tony Parker deserves a place in any future history of literature for his contribution to the creative use of the tape recorder We can only guess at the qualities of patience and perceptiveness which have enabled Mr Parker to make of his material one of the most important studies ever to have been published of the habitual criminal TLS The reader will find himself as deeply involved with his characters as Mr Parker is himself Spectator Medicine, the Penal System and Sexual Crimes in England, 1919-1960s Janet Weston, 2017-12-14 Sexual crime past and present is rarely far from the headlines How these crimes are punished policed and understood has changed considerably over the last century From hormone injections to cognitive behavioural therapy medical and psychological approaches to sexual offenders have proliferated This book sets out the history of such theories and treatments in England Beginning in the early 20th century it traces the evolution of medical interest in the mental state of those convicted of sexual crime As part of a broader interest in individualised responses to crime as a means to rehabilitation doctors offered new explanations for some sexual crimes proposed new solutions and attempted to deliver new cures From indecent exposure to homosexuality between men from sadistic violence to thefts of underwear from washing lines the interpretation and treatment of some sexual offences was thought to be complex Of less medical interest though were offences against children prostitution and rape Using a range of material including medical and criminological texts trial proceedings government reports newspapers and autobiographies and memoirs Janet Weston offers powerful insights into changing medico legal practices and attitudes towards sex and health She highlights the importance of prison doctors and rehabilitative programmes within prisons psychoanalytically minded private practitioners and the interactions between medical and legal systems as medical theories were put into practice She also reveals the extent and legacy of medical thought as well as the limitations of a medical approach to sexual crime The Prisoner Ben Crewe, Jamie Bennett, 2012-03-12 Little of what we know about prison comes from the mouths of prisoners and very few academic accounts of prison life manage to convey some of its most profound and important features its daily pressures and frustrations the culture of the wings and landings and the relationships which shape the everyday experience of being imprisoned The Prisoner aims to redress this by foregrounding prisoners own accounts of prison life in what is an original and penetrating edited collection Each of its chapters explores a particular prisoner sub group or an important aspect of prisoners lives and each is divided into two sections extended extracts from interviews with prisoners followed by academic commentary and analysis written by a leading scholar or practitioner This structure allows prisoners voices to speak for themselves while situating what they say in a wider discussion of research policy and practice The result is a rich and evocative portrayal of the lived reality of imprisonment and a poignant insight into prisoners lives The book aims

to bring to life key penological issues and to provide an accessible text for anyone interested in prisons including students practitioners and a general audience It seeks to represent and humanize a group which is often silent in discussions of imprisonment and to shine a light on a world which is generally hidden from view Handbook on Prisons Yvonne Jewkes, Jamie Bennett, 2016-02-23 The second edition of the Handbook on Prisons provides a completely revised and updated collection of essays on a wide range of topics concerning prisons and imprisonment Bringing together three of the leading prison scholars in the UK as editors this new volume builds on the success of the first edition and reveals the range and depth of prison scholarship around the world The Handbook contains chapters written not only by those who have established and developed prison research but also features contributions from ex prisoners prison governors and ex governors prison inspectors and others who have worked with prisoners in a wide range of professional capacities This second edition includes several completely new chapters on topics as diverse as prison design technology in prisons the high security estate therapeutic communities prisons and desistance supermax and solitary confinement plus a brand new section on international perspectives The Handbook aims to convey the reality of imprisonment and to reflect the main issues and debates surrounding prisons and prisoners while also providing novel ways of thinking about familiar penal problems and enhancing our theoretical understanding of imprisonment The Handbook on Prisons Second edition is a key text for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in the prison service or in related agencies who need up to date knowledge of thinking on prisons and imprisonment *Crime, Prisons and Viscous Culture* Finola Farrant, 2016-12-16 This unique book explores criminalized identities and the idea of viscous culture to provide new understandings of crime punishment and justice It shows that viscous culture encourages some of us to become outlaws monsters or shapeshifters who challenge systems of domination and forces of control Crime Prisons and Viscous Culture interweaves analyses of popular culture with extensive empirical research to explore both the glamorous and grotesque nature of crime control and containment Through encounters with numerous popular and mythological archetypes the book explores the boundaries of the criminological discipline Criminology itself is presented as fragmented distorted and fascinating and the important transdisciplinary potential of criminology is highlighted In doing so this book will be of great interest to scholars of criminology cultural studies popular culture and sociological theory **The Official History of Criminal Justice in England and Wales** David Downes, 2021-04-22 Volume III of The Official History of Criminal Justice in England and Wales draws on archival sources and individual accounts to offer a history of penal policymaking in England and Wales between 1959 and 1997 The book studies the changes underlying penal policymaking in the period from a belief in the rehabilitative potential of imprisonment to a reaffirmation in 1993 that Prison Works as a deterrent to crime A need to curb the rising prison population initially focussed on developing alternatives to prison and a new system of parole however their relative ineffectiveness led to

sentencing becoming the key to penal reform A slackening of faith in rehabilitation led to pressure for greater emphasis on humane containment and the rebalancing of security order and justice in prison regimes Thus 1991 was the climactic year for what became largely unfulfilled hopes for lasting penal reform Escapes riots and prison occupations were prime catalysts for changes often highly contentious in penal policymaking Notably there was no simple equation between political party minister and policy choice Both Labour and Conservative governments had distinctly liberal Home Secretaries and after 1992 both parties took a more punitive approach This book will be of much interest to students of criminology and British history politics and law *Open Prisons* Howard Jones, Paul Cornes, 2023-10-25 Originally published in 1977 Open Prisons presents research carried out in a number of prisons in the UK both open and closed intended to compare their effectiveness Information was collected from inmates and prison staff through a number of exercises designed to assess the social atmosphere of the prison and how they felt about it The book finishes with a chapter which discusses the policy implications of their findings Today it can be read in its historical context **Offender Rehabilitation and Therapeutic Communities** Alisa Stevens, 2012 Drawing upon original qualitative research with prisoners in three democratic therapeutic communities TCs this book provides a unique sociological portrayal and new criminological understanding of the TC s rehabilitative regime and culture *A Bibliography of British History, 1914-1989* Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Library Book Catalog** United States. Department of Justice, 1972

This is likewise one of the factors by obtaining the soft documents of this **The Frying Pan A Prison And Its Prisoners** by online. You might not require more era to spend to go to the books establishment as capably as search for them. In some cases, you likewise complete not discover the publication The Frying Pan A Prison And Its Prisoners that you are looking for. It will certainly squander the time.

However below, later you visit this web page, it will be consequently certainly easy to get as with ease as download lead The Frying Pan A Prison And Its Prisoners
