wikipedia.org The Gadfly Ethel Lilian Voynich, 2011-01-01 *The Gadfly* is a novel by Ethel Lilian Voynich set in 1840s Italy under the dominance of Austria a time of tumultuous revolt and uprisings The story centers on the life of the protagonist Arthur Burton as a member of the Youth movement and his antagonist Padre Montanelli A thread of a tragic relationship between Arthur and his love Gemma simultaneously runs through the story It is a story of faith disillusionment revolution romance and heroism The Gadfly E. L. Voynich, 2014-07-18 In Garibaldi's Time What have we to do with Thee Thou Jesus of Nazareth the cry of one man at the beginning of his life of another at its close is the line that stands on the title page of Voynich's *Gadfly* One man while he is still a mere boy loses faith in God and man and goes through the rest of his life a professed atheist the other lives a long life of Christian faith and charity making one final supreme sacrifice to his religion only in his turn to curse God and die The atheism of the *Gadfly* may be directed against any God and all religion as much of the book indicates or it may be merely a protest against the state of the Roman Catholic Church at that period when it had degenerated into the merest political tool The *Gadfly* himself is always bitter against God Christ and Christianity as well as against the Church and its priests and Montanelli at the end turns against them likewise It may be that Voynich would show that there is no God that one man may lose his God while he is still a boy and another may keep his faith until he is an old man only to lose it at last The cry of each of them what have we to do with Thee Thou Jesus of Nazareth seems to mean that a man may lose his faith early or late as the chance may be but lose it he must sometime On the other hand and the fact that neither man knew any religion but that of the Catholicism of the period supports this it is possible that Voynich would only show the terrible results that must arise when the Church is corrupted used for political ends its faith betrayed its sanctity gone Whatever the aim Voynich had in writing the book it is in itself most unpleasant reading But it is also extremely fascinating The plot is good it is original strong and well knit it appeals to one's intelligence too instead of relying entirely upon the imagination of the reader The description and character development are the most remarkable features of the *Gadfly* There is many a good plot that is wasted in the telling but the account of the *Gadfly*'s trial for his connection with Young Italy his disguises in Italy his death the prison scene with Montanelli the filing of the prison bars the last night with Gemma are all marvelously vivid Then the book has those little things those phrases and words that make a book dear as well as interesting The character development is scarcely behind the description The *Gadfly* himself as the most fully developed shows Voynich's power at its best Skillfully she draws the transformation of the high strung loving sensitive morbidly religious boy into a bitter revengeful man hard as beaten iron and inspiring fear rather than respect by his ability and wit He was so exasperating so absolutely maddening to deal with and yet he had in him so much that was lovable and loving that his character is full of contradictions which seem almost impossible It is in this that Voynich's art is best proven she presents the *Gadfly* first as Arthur rather an unattractive boy a little lacking in manliness then as Rivarez the satirist disagreeable in the

extreme and finally she makes you forget all this and remember him only as the people knew him The people loved him he and his stinging repartees his perpetual laughter his bright infectious courage had come into their lives like a wandering sunbeam That is good art Montanelli and Gemma are well drawn particularly Montanelli and of the minor characters Martini is the best The book will probably be censured it is too careless of criticism to escape that but with all its fascination it is not a book to have any lasting influence It might gain one convert for atheism but it would drive away ten The Vassar Miscellany Volume 28 The Gadfly Ethel Lillian Voynich,1973-01-01 **The Gadfly** Ethel Voynich,2018-09-14 The Gadfly is a novel by Irish writer Ethel Voynich published in 1897 United States June Great Britain September of the same year set in 1840s Italy under the dominance of Austria a time of tumultuous revolt and uprisings 1 The story centres on the life of the protagonist Arthur Burton as a member of the Youth movement and his antagonist Padre Montanelli A thread of a tragic relationship between Arthur and his love Gemma simultaneously runs through the story It is a story of faith disillusionment revolution romance and heroism *The Gadfly* E L 1864-1960 Voynich,2018-02-07 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
