The History Man:

The Dialogic Novels of Malcolm Bradbury and David Lodge Robert A. Morace, 1989 Discusses the overlooked works of Bradbury and Lodge in terms of their critical reception Bakhtin's theory of the dialogical novel and their relation to British literature and contemporary literature in general Annotation copyright Book News Inc Portland Or Parody Beate Müller, 1997 Parody is a most iridescent phenomenon of ancient Greek origin parody's very malleability has allowed it to survive and to conquer Western cultures Changing discourse on parody its complex relationship with related humorous forms e.g. travesty burlesque satire its ability to cross genre boundaries the many parodies handed down by tradition and its ubiquity in contemporary culture all testify to its multifaceted nature No wonder that parody has become a phrase without clear meaning The essays in this collection reflect the multidimensionality of recent parody studies They pay tribute to its long and varied tradition covering examples of parodic practice from the Middle Ages to the present day and dealing with English American postcolonial Austrian and German parodies The papers range from the Medieval classics e.g. Chaucer parodies of Shakespeare and the role of parody in German Romanticism to parodies of fin de siècle literature and the intertextual puzzles of the late twentieth century such as cross dressing Schwab's Faustparody and Rushdie's Satanic Verses And they have transformed the contentious nature of parody into a diverse range of methodologies In doing so these essays offer a survey of the current state of parody studies

Lawrence E.M. Forster and Virginia Woolf through Graham Greene Kingsley Amis and Iris Murdoch to such contemporary writers as Ian McEwan Maggie O'Farrell and Graham Swift Written in a lucid style that reflects his expertise and enthusiasm Lovelock's innovative selection perceptive analysis and lightness of touch will appeal to the general reader the book club member and the student He argues that our response as readers is an important part of the creative process and while he mainly avoids the critical isms that have characterised recent academic debate he introduces such concepts as intertextuality metafiction and the role of the often unreliable narrator showing how an appreciation of the way the language of fiction works can only add to our understanding and enjoyment

Aristocratic Voices Richard Avramenko, Ethan Alexander-Davey, 2024-12-15 In the 21st century political debates appear to center on fundamental conflicts between the people and elites Most of these discussions emphasize strategies to protect and empower the oppressed masses against a predatory ruling class Much of classical political thought however was written from an aristocratic point of view that is it ascribed paramount importance to the question of elite formation Assuming inequality as a permanent feature of human associations what virtues would elites need to have what institutions and traditions would cultivate the best qualities in members of the ruling class and curb their

As in a Mirror. John Calvin and Karl Barth on Knowing God C. van der Kooi, 2005-01-01 What does it really mean to know God What are the grounds for knowing God what feeds that knowledge and what is really known In his search for answers to these questions in two panels the author paints for us a clear picture of what Calvin and Barth had to say about knowing God Calvin against the background of pre modern culture Barth in response to a post Kantian culture inclined to agnosticism Between them like a hinge between the two panels we find the philosophy of Kant The two epochal theological figures are placed next to each other but without this being at the expense of the power of either The study does not stop with detached historical analysis but nourishes the author's own reflection toward a systematic design
