The Human Dilemma Finding Meaning In Life:

The Human Dilemma Herbert Arthur Tonne, 1980 **Finding Meaning in Life, at Midlife and Beyond** David Guttman, 2008-09-30 Having been mentored by Viktor E Frankl the founder of logotherapy Emeritus Professor David Guttman authored this book so general readers may understand this approach to finding meaning in life at the point when most of us begin deeply wondering over that question at midlife and beyond Especially in this day and age of multiple demands on our time and seemingly non stop obligations we too often find that it is only when the dust settles after a work day or work week or even after retirement when we begin to wonder What is the meaning of life The purpose This book is a new millennium venture into those questions and their answers using logotherapy written by a sage understudy who recalls Frankl with his logotherapy as the epitome of his theory even at 80 years old wise and witty exuding an energy enthusiasm and youthful spirit that belied his years by decades Aging does not diminish our power our energy and our quest for life but reshapes it with new understandings goals and needs But says Guttman we live in a technical and machine based world now in which there is a danger of losing our souls Here readers find a new creative perspective on aging and a fresh spiritual outlook This book will be of interest not only to general readers especially those at midlife and beyond but also to their families friends and students or professionals in the helping professions This unique work provides knowledge to find meaning in life derived from the fields of philosophy psychology religion and gerontology with case illustrations and vignettes to give readers both intellectual pleasure and practical guidance **Becoming Bamboo** Robert Edgar Carter, 1992 The many problems we face in today s world among them war environmental destruction religious and racial intolerance and inappropriate technologies demand that we carefully re evaluate such issues as our relation to the environment the nature of progress ultimate purposes and human values These are all issues Robert Carter explains that are intimately linked to our perception of life s meaning While many books discuss life s meaning either analytically or prescriptively Carter addresses values and ways of meaningful living from a broader perspective using Japanese philosophy to augment his investigation He examines Martin Heidegger s distinction between dwelling and existing in the world Lawrence Kohlberg s stage seven of human moral development and the works of Viktor Frankl Carol Gilligan and Nel Noddings He applies hermeneutic and deconstructionist theory to the question of meaning and explores the feminist contribution to ethics and its relation to the interconnectedness of things celebrated in Zen and Shinto thought Bridging various dichotomies such as East West reason emotion male female and caring justice Carter shows that ethics environmental concern caring and joy in living are dependent on the growth and transformation of the self Only by becoming aware of the interrelatedness of things Carter reveals can we become as supple and as strong as the bamboo tree long the symbol of longevity and constancy The Outcast Soul Pasquale De Marco, 2025-04-13 In the depths of the human experience there resides a realm of souls who stand apart solitary and misunderstood They are the outcast souls the ones who navigate the labyrinth of life on the fringes of

society Within their hearts a symphony of isolation and longing echoes a haunting melody that sets them adrift in a world that often fails to comprehend their unique essence Their journey is a solitary quest for meaning and connection an arduous pilgrimage through the desolate landscapes of loneliness and despair They are the misfits the rebels the ones who refuse to conform to societal norms their spirits forever yearning for a place where they truly belong Yet in their solitude they discover a strange and profound solace Free from the shackles of expectations they embark on a voyage of self discovery delving into the depths of their own minds and souls They become seekers of truth explorers of the human condition their insights illuminating the complexities of existence Their path is not without its trials and tribulations They confront the demons of doubt the abyss of despair and the relentless onslaught of disillusionment But through their struggles they forge a resilience that is unyielding a spirit that refuses to be broken In their outcast status they find a strange kind of liberation a freedom to be authentically themselves They challenge the status quo question authority and embrace their uniqueness with unwavering resolve They are the outliers the pioneers the ones who redefine the boundaries of human experience Their stories are a testament to the indomitable spirit that resides within us all a reminder that even in the darkest of times the human soul can find solace strength and ultimately acceptance If you like this book write a review on google books **Religious**

Humanism ,1988 Finding Meaning through the Valley D. Geovanny Godoy,2020-01-30 Everyone wonders as to the meaning of pain and suffering When we walk through these valley experiences sentiments of loneliness and hopelessness undress our hearts of meaning and reason as well as with time pain and suffering do not discriminate against race gender or creed Yet there exists the possibility wherein happiness meaning and hope can converge in the most desolate of places If you yearn for meaning and cannot see through your pain allow the author to share a compelling and riveting journey in discovering the essence of what you are really made of The author writes from a unique perspective as he continues to walk through his own valley experience He has lived the majority of his life in this valley without something that most of us take for granted freedom Ethical Issues in Chronic Pain Management Michael E.
