The History of Medieval Europe Lynn Thorndike, 2023-11-08 Lynn Thorndike's *The History of Medieval Europe* offers a comprehensive examination of the social, political, and cultural dynamics that defined the European medieval period from roughly the 5th to the 15th century. Thorndike's scholarly yet accessible prose effectively integrates a range of historical sources, making it invaluable for both academic discourse and casual readers. The book is marked by its systematic approach, meticulously categorizing events and movements while weaving in the nuanced texture of medieval life, thereby inviting readers to grasp the complexities of this transitional era. The Currency of Politics Stefan Eich, 2023-08-22 In the wake of the 2008 financial crisis critical attention has shifted from the economy to the most fundamental feature of all market economies money Yet despite the centrality of political struggles over money it remains difficult to articulate its democratic possibilities and limits The Currency of Politics takes readers from ancient Greece to today to provide an intellectual history of money drawing on the insights of key political philosophers to show how money is not just a medium of exchange but also a central institution of political rule Money appears to be beyond the reach of democratic politics but this appearance like so much about money is deceptive Even when the politics of money is impossible to ignore its proper democratic role can be difficult to discern

America's Way Back Donald Devine, 2014-04-08 The solution for the modern GOP Intellectual ammunition for the modern conservative movement SENATOR RAND PAUL How can America recover from economic stagnation moral exhaustion and looming bankruptcy Donald J Devine shows the way Devine a longtime adviser to Ronald Reagan lays out a powerful case for the philosophical synthesis of freedom and tradition that Reagan said was the essence of modern conservatism The secret of

America's success he shows has been the Constitution's capacity to harmonize the twin ideals of freedom and tradition. But today progressivism has so corrupted modern political thinking in both parties that leaders keep calling for the same failed tactics: more money poured into more big government programs. In *America's Way Back*, Devine not only reveals where things went wrong and why but also points the way to reclaiming America's freedom, prosperity, and creativity. The solution lies in a new fusion of traditional and libertarian thought.
