Encyclopedia of Play in Today's Society Rodney P. Carlisle, 2009-04-02 CHOICE

Outstanding Academic Title for 2009 This ground breaking resource is strongly recommended for all libraries and health and welfare institutional depots essential for university collections especially those catering to social studies programs Library Journal STARRED Review Children and adults spend a great deal of time in activities we think of as play including games sports and hobbies Without thinking about it very deeply almost everyone would agree that such activities are fun relaxing and entertaining However play has many purposes that run much deeper than simple entertainment For children play has various functions such as competition following rules accepting defeat choosing leaders exercising leadership practicing adult roles and taking risks in order to reap rewards For adults many games and sports serve as harmless releases of feelings of aggression competition and intergroup hostility The *Encyclopedia of Play in Today's Society* explores the concept of play in history and modern society in the United States and internationally Its scope encompasses leisure and recreational activities of children and adults throughout the ages from dice games in the Roman Empire to video games today With more than 450 entries these two volumes do not include coverage of professional sports and sport teams but instead cover the hundreds of games played not to earn a living but as informal activity All aspects of play from learning to competition mastery of nature

socialization and cooperation are included Simply enough this Encyclopedia explores play played for the fun of it Key Features Available in both print and electronic formats Provides access to the fascinating literature that has explored questions of psychology learning theory game theory and history in depth Considers the affects of play on child and adult development particularly on health creativity and imagination Contains entries that describe both adult and childhood play and games in dozens of cultures around the world and throughout history Explores the sophisticated analyses of social thinkers such as Huizinga Vygotsky and Sutton Smith as well as the wide variety of games toys sports and entertainments found around the world Presents cultures as diverse as the ancient Middle East modern Russia and China and in nations as far flung as India Argentina and France Key Themes Adult Games Board and Card Games Children s Games History of Play Outdoor Games and Amateur Sports Play and Education Play Around the World Psychology of Play Sociology of Play Toys and Business Video and Online Games For a subject we mostly consider light hearted play as a research topic has generated an extensive and sophisticated literature exploring a range of penetrating questions This two volume set serves as a general nontechnical resource for academics researchers and students alike It is an essential addition to any academic library
