The Future Of The Christian:

The Future of the Christian Church Michael Ramsey, Léon Joseph Suenens, 1970 **The Future of the Christian Church** Arthur Michael Ramsey, Léon Joseph Suenens, 2021 **The Future of Christian Theology** David F. Ford, 2011-02-02 The Future of Christian Theology represents a personal manifesto from one of the world's leading theologians exploring the ways Christian theology in the twenty first century has been and can now continue to be both creative and wise Represents an outstanding and engaging account of the task of theology today Offers an insightful description of what makes for discerning and creative theology Written from the perspective of decades of experience and in close dialogue with theologians of other faiths Features a strong interfaith and public theology dimension and a contemporary portrait of the field from the inside A hopeful and illuminating search for wisdom and understanding in the increasingly complex religious and secular world of the twenty first century *The Future of Christian Realism* Dallas Gingles, Joshua Mauldin, Rebekah L. Miles, 2023-04-15 In the world's most developed democracies anxiety about the future of democracy is palpable The tension between moral aspiration and moral despair has reached a point of crisis Christian realism arose during a similar time of crisis when Reinhold Niebuhr used the insights of the Christian tradition to interpret the clash between democracy and totalitarianism Beginning with Robin Lovin's account of Christian realism as a nuanced blend of theological moral and political realisms The Future of Christian Realism addresses fundamental topics in theology ethics and politics The contributors come from different traditions span five continents and together present a case for the continuing relevance of Christian realism By paying close attention to many of the most pressing moral challenges facing societies today the authors illustrate and evaluate the enduring relevance of Christian realism **The Future of Christian Mission in India** Augustine Kanjamala SVD, 2014-08-21 Colonial missionaries both Catholic and Protestant arrived in India with the grandiose vision of converting the pagans because like St Peter Acts 4:12 and most of the church fathers they honestly believed that there is no salvation outside the church *extra ecclesiam nulla salus* At the end of the great Protestant century however Christians made up less than 3 percent of the population in India and the hope of the missionary was nearly shattered But if one looks at mission in India qualitatively rather than quantitatively one sees a number of positive outcomes Missionaries in India particularly Protestant missionaries espousing the social gospel in collaboration with a few British evangelical administrators dared to challenge numerous social evils and even began to eradicate them The scientific and liberal English education began to enlighten and transform the Indian mindset Converts belonging to the upper caste although small in number laid the foundation stone of Indian theology and an inculturated church using Indian genius The end of colonialism in India coincided with the painful death of colonial mission theology Now the power of the Word of God extricated from political power is slowly and peacefully gaining ground like the mustard seed of the parable A paradigm shift from the ecclesio centric mission to *missio Dei* offers reason for further optimism In short the future of mission in India is as

bright as the kingdom of God In today s new context theologians despite objections from some quarters are struggling to discover the Asian face of Jesus disfigured by the Greco Roman Church And the missionary is challenged to become a living Bible that undoubtedly everyone will read *Christian Understandings of the Future* Amy Frykholm ,2016-10-01

Throughout the two thousand year span of Christian history believers in Jesus have sought to articulate their faith and their understanding of how God works in the world How do we as we examine the vast and varied output of those who came before us understand the unity and the diversity of their thinking How do we make sense of our own thought in light of theirs The Christian Understandings series offers to help In this crisp and engaging volume Amy Frykholm offers a tour through more than two millennia of Christian thought on the future Starting with the contexts of the Hebrew Bible and moving forward Frykholm outlines the enduring fascination believers have had with future events and the myriad ways they have articulated their beliefs about what the future holds From the imperial contexts of the book of Revelation to the end times prophecy of Harold Camping Frykholm presents a thoughtful and insightful tour The ^AFuture of Christian Marriage Mark

Regnerus,2020-08-01 There is less interest in marriage in society today than in years past in an era marked by technology gender equality and secularization In this book Mark Regnerus explores how today s Christians find a mate within a faith that esteems marriage but a world that increasingly yawns at it and argues that the future of marriage will be a religious one

The Future of Hindu-Christian Studies Francis Clooney,2017-07-14 The field of Hindu Christian studies revives theology as a particularly useful interreligious discipline Though a sub division of the broader Hindu Christian dialogue it is also a distinct field of study proper to a smaller group of religious intellectuals At its best it envisions a two sided mutual conversation grounded in scholars knowledge of their own tradition and of the other Based on the Westcott Teape Lectures given in India and at the University of Cambridge this book explores the possibilities and problems attendant upon the field of Hindu Christian Studies the reasons for occasional flourishing and decline in such studies and the fragile conditions under which the field can flourish in the 21st century The chapters examine key instances of Christian Hindu learning highlighting the Jesuit engagement with Hinduism the modern Hindu reception of Western thought and certain advances in the study of religion that enhance intellectual cooperation This book is a significant contribution to a sophisticated understanding of Christianity and Hinduism in relation It presents a robust defense of comparative theology and of Hindu Christian Studies as a necessarily theological discipline It will be of wide interest in the fields of Religious Studies Theology Christianity and Hindu Studies The Future Shape of Christian Proclamation Cleophus J. LaRue,Luiz C. Nascimento,2020-08-03

Christianity is turning brown and moving south The Christianity the West has known is in recession and has all but dwindled out of recognition in the opening years of the twenty first century Well over half of the world s Christians now live in the Global South Africa Asia and Latin America They are according to Aberdeen missiologist Andrew Walls the new Representative Christians What they think about Christianity will matter more and more and what North America thinks

about Christianity will matter less and less This massive shift in geography and theological point of departure will have a major impact on Christian preaching now and into the future The Future Shape of Christian Proclamation seeks to begin the conversation about how preaching in the Global South will inform the whole of Christian preaching in the coming years

Feeling the Future at Christian End-Time Performances Jill C. Stevenson, 2022-02-01 The End is always near The Apocalypse has sparked imaginations for millennia while in more recent times highly publicized predictions have thrust End Time theology briefly into the spotlight In the 21st century fictional depictions of various apocalyptic scenarios are found in an endless stream of films TV shows and novels while real world media coverage of global issues including climate change and the migrant crisis often features an apocalyptic tone Feeling the Future at Christian End Time Performances explores this prevalent human desire to envision the End by analyzing how various live End Time performances allow people to live in and through future time The book's main focus is contemporary Christian End Time performances and how they theatrically construct encounters with future time not just images or ideas of a future but viscerally and immediately real experiences of future time Author Jill Stevenson's examples are Hell Houses and Judgement Houses Rapture House a similarly styled walk through drama in North Carolina Hell's Gates an outdoor reality drama in Dawsonville Georgia Ark Encounter a full size recreation of Noah's Ark and Tribulation Trail an immersive thirteen scene drama ministry based on the Book of Revelation The book's coda considers similarities between these Christian performances and secular survivalist prepper events especially with respect to constructions of and language about time In doing so the author situates these performances within a larger tradition that challenges traditional secular sacred distinctions and illuminates how the End Times has been employed in our current social and political moment
