The Garden Of Eloquence Scholars Facsimiles And Reprints Series:

The Garden of Eloquence, (1593) Henry Peacham, 1954 *Shakespeare's Politics* Robin Headlam Wells, 2009-01-06

Shakespeare's Politics is an invaluable introduction to the political world of Shakespeare's plays. It includes passages from the plays together with extracts from contemporary historical and political documents. The clear jargon-free narrative introduces and explains the extracts and provides an overview of the key political issues that were debated in late Elizabethan and early Stuart England. The introduction outlines the historical context in which Shakespeare wrote and explains the intellectual principles that informed early modern thinking about politics. By reading Shakespeare alongside contemporary documents, students will be able to develop their own informed critical interpretations of the plays. *Shakespeare's Politics* is essential for anyone studying Shakespeare, while tutors and postgraduate students will find the book's up-to-date survey of modern Shakespeare criticism useful and provocative. **The Bloomsbury Companion to Stylistics**

Violeta Sotirova, 2015-11-19. This Bloomsbury Companion provides an overview of stylistics with a detailed outline of the scope and history of the discipline as well as its key areas of research. The main research methods and approaches within the field are presented with a detailed overview and then illustrated with a chapter of unique new research by a leading scholar in the field. The Companion also features in-depth explorations of current research areas in stylistics in the form of new studies by established researchers in the field. The broad interdisciplinary scope of stylistics is reflected in the wide array of approaches taken to the linguistic study of texts, drawing on traditions from linguistics, literary theory, literary criticism, critical theory, and narratology, and in the diverse group of internationally recognised contributors. *Saving Persuasion* Bryan Garsten, 2009-03-31. In today's increasingly polarized political landscape, it seems that fewer and fewer citizens hold out hope of persuading one another. Even among those who have not given up on persuasion, few will admit to practicing the art of persuasion known as rhetoric. To describe political speech as rhetoric today is to accuse it of being superficial or manipulative. In *Saving Persuasion*, Bryan Garsten uncovers the early modern origins of this suspicious attitude toward rhetoric and seeks to loosen its grip on contemporary political theory. Revealing how deeply concerns about rhetorical speech shaped both ancient and modern political thought, he argues that the artful practice of persuasion ought to be viewed as a crucial part of democratic politics. He provocatively suggests that the aspects of rhetoric that seem most dangerous—the appeals to emotion, religious values, and the concrete commitments and identities of particular communities—are also those which can draw out citizens' capacity for good judgment. Against theorists who advocate a rationalized ideal of deliberation aimed at consensus, Garsten argues that a controversial politics of partiality and passion can produce a more engaged and more deliberative kind of democratic discourse. *The Routledge Handbook of Language and Persuasion* Jeanne

Fahnestock, Randy Allen Harris, 2022-09-30. This handbook provides a wide-ranging authoritative and cutting-edge overview of language and persuasion. Featuring a range of international contributors, the handbook outlines the basic materials of

linguistic persuasion sound words syntax and discourse and the rhetorical basics that they enable such as appeals argument schemes arrangement strategies and accommodation devices After a comprehensive introduction that brings together the elements of linguistics and the vectors of rhetoric the handbook is divided into six parts Part I covers the basic rhetorical appeals to character the emotions argument schemes and types of issues that constitute persuasion Part II covers the enduring effects of persuasive language from humor to polarization while a special group of chapters in Part III examines figures of speech and their rhetorical uses In Part IV contributors focus on different fields and genres of argument as entry points for research into conventions of arguing Part V examines the evolutionary and developmental roots of persuasive language and Part VI highlights new computational methods of language analysis This handbook is essential reading for those researching and studying persuasive language in the fields of linguistics rhetoric argumentation communication discourse studies political science psychology digital studies mass media and journalism

Allegory and Enchantment Jason Crawford, 2017-01-19 What is modernity Where are modernity's points of origin Where are its boundaries And what lies beyond those boundaries *Allegory and Enchantment* explores these broad questions by considering the work of English writers at the threshold of modernity and by considering in particular the cultural forms these writers want to leave behind From the fourteenth to the seventeenth centuries many English writers fashion themselves as engaged in breaking away from an array of old idols magic superstition tradition the sacramental the medieval Many of these writers persistently use metaphors of disenchantment of awakening from a broken spell to describe their self consciously modern orientation toward a medieval past And many of them associate that repudiated past with the dynamics and conventions of allegory In the hands of the major English practitioners of allegorical narrative William Langland John Skelton Edmund Spenser and John Bunyan allegory shows signs of strain and disintegration The work of these writers seems to suggest a story of modern emergence in which medieval allegory with its search for divine order in the material world breaks down under the pressure of modern disenchantment But these four early modern writers also make possible other understandings of modernity Each of them turns to allegory as a central organizing principle for his most ambitious poetic projects Each discovers in the ancient forms of allegory a vital powerful instrument of disenchantment Each of them therefore opens up surprising possibilities that allegory and modernity are inescapably linked that the story of modern emergence is much older than the early modern period and that the things modernity has tried to repudiate the old enchantments are not as alien or as absent as they seem

Political Rhetoric, Social Media, and American Presidential Campaigns Janet Johnson, 2020-12-10 *Political Rhetoric Social Media and American Presidential Campaigns* explores how social media influenced presidential campaign rhetoric The author discusses media use in American presidential campaigns as well as social media campaigns for Barack Obama Mitt Romney Hillary

Clinton and Donald Trump This book addresses how presidential candidates adapted their rhetorical performances for newspapers radios television and the Internet Scholars of rhetoric and political communication will find this book particularly useful

The Rhetoric of the Conscience in Donne, Herbert, and Vaughan Ceri Sullivan, 2008-09-11 There is a kind of conscience some men keepe Is like a Member that s benumb d with sleepe Which as it gathers Blood and wakes agen It shoots and pricks and feeles as bigg as ten Donne Herbert and Vaughan see the conscience as only partly theirs only partly under their control Of course as theologians said it ought to be a simple syllogism comparing actions to God s law and giving judgement in a joint procedure of the soul and its maker Inevitably though there are problems Hearts refuse to confess or forget the rules or jumble them up or refuse to come to the point when delivering a verdict The three poets are beady eyed experts on failure After all where subjects can only discover their authentic nature in relation to the divine it matters whether the conversation works Remarkably each poet despite their very different devotional backgrounds uses similar sets of tropes to investigate problems enigma aposiopesis breaking off chiasmus subjectio asking then answering a question and antanaclosis repetition with a difference Structured like a language the conscience is tortured rewritten read and broken up to engineer a proper response Considering the faculty as an uncomfortable extrusion of the divine into the everyday the rhetoric of the conscience transforms Protestant into prosthetic poetics It moves between early modern theology rhetoric and aesthetic theory to give original scholarly and committed readings of the great metaphysical poets Topics covered include boredom torture graffiti tattoos anthologizing resentment tears dust casuistry and opportunism
