The Hinge Of Fate The Second World War:

The Hinge of Fate Winston S. Churchill, Winston Churchill, 1986-05 From uninterrupted defeat to almost unbroken success a year when Rommel is gradually thrown back in North Africa and in the Pacific the tide turns **The Second World War: The hinge of fate** Winston Churchill, 1948 **The Hinge of Fate** Winston Churchill, 1950 A chronicle of the period from January 1942 through May 1943 during which the fortunes of the Allies turned from disaster to success **The Hinge of Fate** Winston S. Churchill, 1950 **The Hinge of Fate** Winston S. Churchill, 2019-09-05 The British prime minister recounts battles from Midway to Stalingrad and how the Allies turned the tide of WWII Superlative The New York Times The Hinge of Fate is the dramatic account of the Allies changing fortunes In the first half of the book Winston Churchill describes the fearful period in which the Germans threaten to overwhelm the Red Army Rommel dominates the war in the desert and Singapore falls to the Japanese In the span of just a few months the Allies begin to turn the tide achieving decisive victories at Midway and Guadalcanal and repulsing the Germans at Stalingrad As confidence builds the Allies begin to gain ground against the Axis powers This is the fourth in the six volume account of World War II told from the unique viewpoint of the man who led his nation in the fight against tyranny The series is enriched with extensive primary sources as we are presented with not only Churchill's retrospective analysis of the war but also memos letters orders speeches and telegrams day by day accounts of reactions as the drama intensifies Throughout these volumes we listen as strategies and counterstrategies unfold in response to Hitler's conquest of Europe planned invasion of England and assault on Russia in a mesmerizing account of the crucial decisions made as the fate of the world hangs in the balance No memoirs by generals or politicians are in the same class The New York Times *The Second World War* W. S. Churchill (Sir), 1951 *The Second World War Vol. 4 The Hinge of Fate* Winston S. Churchill, 1955 *Did Singapore Have to Fall?* Kevin Blackburn, Karl Hack, 2003-11-20 It will help students and general readers make up their own minds on the most crucial question which can be summed up as Did Singapore Have to Fall Jacket **1942** Taylor Downing, 2022-10-04 A revelatory new work of popular history focused on the year 1942 as the fate of Britain and Winston Churchill's leadership hangs in the balance Eighty years ago Britain stood at the brink of defeat In 1942 a string of military disasters engulfed Britain in rapid succession the collapse in Malaya the biggest surrender in British history at Singapore the passing of three large German warships through the Straits of Dover in broad daylight the longest ever retreat through Burma to the gates of India serious losses to Rommel's forces in North Africa the siege of Malta and the surrender at Tobruk All of this occurred against the backdrop of catastrophic sinkings in the Atlantic and the Arctic convoys People began to claim that Churchill was not up to the job and his leadership was failing badly Public morale reached a new low Taylor Downing's 1942 explores the story of frustration and despair of that year prompting Winston Churchill to demand of his army chief Have you not got a single general who can win battles Using newly discovered archival material historian Taylor Downing shows just how unpopular Churchill became in

1942 with two votes attacking his leadership in the House of Commons and the emergence of a serious political rival Some argue that Britain's most precarious moment of the war was in 1940 when the nation stood up against the threat of German invasion during the Battle of Britain But in 1942 Taylor Downing describes in nail biting detail what was really Britain's darkest hour of World War II *The German Fleet at War, 1939-1945* Vincent O'Hara, 2011-09-15 *The German Fleet at War* relates the little known history of the Kriegsmarine's surface fleet with a focus on the sixty nine surface naval battles fought by Germany's major warships against the large warships of the British French American Polish Soviet Norwegian and Greek navies It emphasizes operational details but also paints a broad overview of the naval war The book addresses the lack of information about the specifics of naval engagements in World War II and provides a database of naval engagements for comparison and analysis but unlike most reference works it has a continuous narrative and a theme The result is a unique overview of the German and Allied navies at war that provides new appreciation of their activities and accomplishments
