Poems by Susan Stewart

The Hive Poems

CH Cherryholmes

The Hive Poems:

The Hive Susan Stewart, 2008-08-01 At the crossroads of science mathematics and art lives Quiver a stunning new collection of poems that seeks to reconcile the empirical truths of science with the emotional truths of human experience Through an ambitious set of poetic series and sequences Somers Willett re invents the love poem conjuring a voyeuristic affair between a radio astronomer and Dark Matter radium s atomic aubade for Marie and Pierre Curie and the shrill love song of Gregor Mendel s cross pollinated pea plants With intelligence and wonder Quiver comes to understand the pursuits of science and beauty as one and the same rendering an exquisite world where the graph of a mathematical equation can become the image of love s witness running with its arms open all the way home In deft musical lyrics that are by turns formal and experimental studied and accessible meditative and pragmatic Somers Willett portrays scientific phenomena in strikingly intimate ways Every mystery connects in her universe revealing a relationship between science and human sentiment that is as surprising as it is profound University of Georgia Press

The Hive Gerry Grubbs, 2013 Poetry Gerry Grubbs is an apiarist of the ineffable of that which is at once of bodily evanescence yet eternal that is to say he is a keeper of Rilke s invisible hive In preamble to his new book of poems THE HIVE IS A BOOK WE READ FOR ITS HONEY he quotes Rilke s famous lines We are the bees of the invisible We wildly collect the honey of the visible to store it in the great golden hive of the invisible An act of transformation where our task is to take this earth so deeply and wholly into ourselves that it will resurrect within our being The poems in Gerry Grubbs book are like the bees themselves discrete entities yet everywhere universal quietly going about the miracle that is the sustain of being For as Thoreau reminded us of the extraordinary in the every day of the ordinary We live in a world where there are flowers where between the bee and the flower is a remarkable gentle and mysterious alchemy at transformative work So too there is in Gerry Grubbs poems that which goes on between the reader and the flower of his words the active build of the hive of language where the invisible honey is stored Where we are in apprehension and appreciation of that quotidian which is as much the numinous Robert Murphy **Hive** , 2014

The Hive Burning Sarah Cotterill, 1983 If Bees Are Few Bill McKibben, Marla Spivak, 2016 It is said there are 20 000 species of bees a genus 50 million years old but in the fertile imagination of the world s poets there is no beginning or end to the bee buzz Virgil wrote of bees as did Rumi Shakespeare Burns Coleridge Emerson Mandelstam Neruda Whitman a lyrical hum heard well into the twentieth and twenty first centuries in poems by Yeats Lawrence Plath Mary Oliver Carol Ann Duffy Naomi Shihab Nye and Sherman Alexie among many others The title of this book is from Emily Dickinson To make a prairie it takes a clover and one bee One clover and a bee And revery The revery alone will do If bees are few Her conclusion resonates with a terrible poignancy today as bees are indeed becoming few hives collapsing wild species disappearing Amid this crisis the poems collected here speak with a quiet urgency of a world lost if bees were to fall silent If anyone can save the bees it is entomologist Dr Marla Spivak and the hive of bee scientists and beekeepers at the Bee Lab at the University of

Minnesota A portion of the author proceeds from this anthology will be donated to support research at the Bee Lab **The Hive. A Selection of Poems, Chiefly from the Works of Living Authors. Intended for the Perusal of Young Persons** HIVE,1832 **A Hive for Bees** Richard Hazley,1979 **The Hive** ,2017-05-24 Excerpt from The Hive A Collection of the Most Celebrated Songs of Our Best English Poets Whil tedious authors gifvethe reader pain Weary his thoughts and make him tail in want 5 When in lefs volumes we more pleafurefind and what diverts illhe informs the mind About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Lessons from the Hive Liina Liblikas,2024-08-13 Drawing inspiration from the delicate and industrious world of bees each poem is a journey through the cycles of life love and transformation **The Hive** Paul Thomas Andre,2020-05-28 A lost soul finds peace in a concrete hive in Asia as life outside carries on He struggles to communicate and to adapt but the image of a loved one melts the metal bars as his poetry ignites

The Enigmatic Realm of **The Hive Poems**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary.
