The Home Front Notes From The Family War Zone:

The Home Front Louise Armstrong, 1984-08 **The Age of Sex Crime** Jane Caputi, 1987 The sexualized serial murder of women by men is the subject of this provocative book Jane Caputi argues that the sensationalized murders by men such as Jack the Ripper Son of Sam Hillside Strangler and the Yorkshire Ripper represent a contemporary genre of sexually political crimes The awful deeds function as a form of patriarchal terrorism disappearing women at a rate of some four thousand annually in the United States alone Caputi asks us not only to name the phenomenon of sexually political murder but to recognize sex crime in all of its various interconnecting manifestations Mothers on Trial Phyllis Chesler, 2011-07-01 Completely updated and revised for the twenty first century Mothers on Trial remains the bible for all women facing a custody battle as well as the lawyers psychologists and others who support them This landmark book was the first to break the false stereotype about mothers getting preferential treatment over fathers when it comes to custody In this new edition Chesler shows that with few exceptions the news has only gotten worse when both the father and the mother want custody the father usually gets it The highly praised Mothers on Trial is essential reading for anyone concerned personally or professionally with custody rights and the well being of our children **Home Truths About Child Sexual Abuse** Catherine Itzin, 2005-06-28 Home Truths About Child Sexual Abuse brings together the findings of research and clinical work by leading figures in the UK and USA It makes visible the prevalence of sexual abuse and exploitation of children by normal ordinary heterosexual family men both within and outside the family Comprehensive and multidisciplinary in approach it covers the many different aspects of child sexual abuse including phenomenology definitions and terminology epidemiology explanatory frameworks concepts and theory the contribution of radical feminism constructs classifications and typologies policy treatments multi disciplinary and multi agency work medical advice gender issues criminal justice The book provides the evidence and knowledge base necessary to begin to achieve effective prevention It offers professionals researchers and policy makers an invaluable source of reference and an informed basis for action In Harm's Way Catharine A. MacKinnon, Andrea Dworkin, 1997 This book contains the oral testimony of victims of pornography spoken on the record for the first time in history Speaking at hearings on a groundbreaking antipornography civil rights law women offer eloquent witness to the devastation pornography has caused in their lives Supported by social science experts and authorities on rape battery and prostitution discounted and opposed by free speech advocates and absolutists their riveting testimony articulates the centrality of pornography to sexual abuse and inequity today At issue in these hearings is a law conceived and drafted by Andrea Dworkin and Catharine A MacKinnon that defines harm done through pornography as a legal injury of sex discrimination warranting civil redress From the first set of hearings in Minneapolis in 1983 through those before the Massachusetts state legislature in 1992 the witnesses heard here expose the commonplace reality of denigration and sexual subordination due to pornography and refute the widespread notion that pornography is harmless expression that must be

protected by the state Introduced with powerful essays by MacKinnon and Dworkin these hearings unabridged and with each word scrupulously verified constitute a unique record of a conflict over the meaning of democracy itself a major civil rights struggle for our time and a fundamental crisis in United States constitutional law Can we sacrifice the lives of women and children to a pornographer s right to free speech Can we allow the First Amendment to shield sexual exploitation and predatory sexual violence These pages contain all the arguments for protecting pornography and dramatically document its human cost Military Families A.
