The Homosexual Question Marc Oraison,1977 **The Church and the Homosexual** John J. McNeill,2015-11-03 In this brave and good book which shatters bad myths Commonweal McNeill shows that the Bible does not condemn homosexuality and argues that the Church must not continue its homophobic practices **New Intimacies, Old Desires** Oishik Sircar,Dipika Jain,2017-06-21 In the last 15 years queer movements in many parts of the world have helped secure the rights of queer people These moments have been accompanied by the brutal rise of crony capitalism the violent consequences of the war on terror the hyper juridification of politics the financialization managerialization of social movements and the medicalization of non heteronormative identities practices How do we critically read the celebratory global proliferation of queer rights in these neoliberal times This volume responds to the complicated moment in the history of queer struggles by analysing laws state policies and cultures of activism to show how new intimacies between queer sexuality and neoliberalism that celebrate modernity and the birth of the liberated sexual citizen are in fact reproducing the old colonial desire of civilizing the native By paying particular attention to the problematics of race religion and class this volume engages in a rigorous self reflexive critique of global queer politics and its engagements confrontations and negotiations with modernity and its investments in liberalism legalism and militarism with the objective of queering the ethics of our queer politics Published by Zubaan **Germany and the Second World War** ,1990 This is the second in the comprehensive ten volume Germany and the Second World War The five volumes so far published in German take the story to the end of 1941 and have achieved international acclaim as a major contribution to historical study Under the auspices of the Militargeschichtliches Forschungsamt Research Institute for Military History a team of renowned historians has combined a full synthesis of existing material with the latest research to produce what will be the definitive history of the Second World War This volume surveys the first year of the war deliberately begun by Nazi Germany The authors examine the train of interconnected political and military events and set military operations against the background of Hitler s war policy and general aims both immediate and long term The authors show that the conflict took a course quite different from that which Hitler had intended but nevertheless resulted in a series of conquests for the Third Reich *Femininity Played Straight* Biddy Martin,2012-10-12 In *Femininity Played Straight* Biddy Martin traces the changing relations of lesbianism and feminist theory from the late 1970s to the present These sparkling essays argue for accounts of sexuality gender and subjectivity that make lesbianism intelligible and important for lesbians and non lesbians alike Moving between theoretical and autobiographical modes Biddy Martin brings different kinds of writing to bear upon one another At a theoretical level her work takes issue with postmodern theory defending instead the role of psychoanalytic criticism She argues for the continued validity of critical modes that do not abandon the unconscious in seeking to understand the relation of subjectivity to language In so doing she addresses the work of writers thinkers and activists as varied as Mary Daly Michel Foucault
