The Hour Of Our Death

The Hour Of Our Death:

The Hour of Our Death Philippe Aries, 2013-11-06 An absolutely magnificent book The New Republic the fruit of almost two decades of study that traces the changes in Western attitudes toward death and dying from the earliest Christian times to the present day A truly landmark study The Hour of Our Death reveals a pattern of gradually developing evolutionary stages in our perceptions of life in relation to death each stage representing a virtual redefinition of human nature Starting at the very foundations of Western culture the eminent historian Phillipe Ari s shows how from Graeco Roman times through the first ten centuries of the Common Era death was too common to be frightening each life was quietly subordinated to the community which paid its respects and then moved on Ari s identifies the first major shift in attitude with the turn of the eleventh century when a sense of individuality began to rise and with it profound consequences death no longer meant merely the weakening of community but rather the destruction of self Hence the growing fear of the afterlife new conceptions of the Last Judgment and the first attempts by Masses and other rituals to guarantee a better life in the next world In the 1500s attention shifted from the demise of the self to that of the loved one as family supplants community and by the nineteenth century death comes to be viewed as simply a staging post toward reunion in the hereafter Finally Ari s shows why death has become such an unendurable truth in our own century how it has been nearly banished from our daily lives and points out what may be done to re tame this secret terror The richness of Ari s s source material and investigative work is breathtaking While exploring everything from churches religious rituals and graveyards with their often macabre headstones and monuments to wills and testaments love letters literature paintings diaries town plans crime and sanitation reports and grave robbing complaints Aries ranges across Europe to Russia on the one hand and to England and America on the other As he sorts out the tangled mysteries of our accumulated terrors and beliefs we come to understand the history indeed the pathology of our intellectual and psychological tensions in the face of death *At the Hour of Our Death*

Jean-Miguel Garrigues, 2022-10-17 In this series of beautiful and accessible meditations Fr Jean Miguel Garrigues examines death and eternal life in the light of Christian revelation His work is the fruit of years of sustained theological reflection as well as his own experience accompanying terminally ill cancer patients as a hospital chaplain At the Hour of Our Death nourishes the vitally important theological virtue of hope It encourages us to accompany the dying with compassion love and prayer to live in communion with the saints of heaven and the holy souls of purgatory and to wisely and serenely prepare ourselves for the day when we too will be called to accomplish in the company of Jesus the great Passover from this life to the house of our heavenly Father The worldwide pandemic has brought end of life issues closer to many people than ever before Fr Jean Miguel s insights lucidly rendered into English by Fr Gregory Casprini will serve as a help and consolation to many strengthening their faith and encouraging them to pray for and accompany others *Now and at the Hour of Our Death.*
