Mary Ellen Snodgrass

The House Between The Worlds:

The House Between the Worlds Marion Zimmer Bradley, 1984-05-12 *The House Between the Worlds* , *The House Between Worlds* Jon R. Osborne, 2021-10-23 *Marion Zimmer Bradley* Mary Ellen Snodgrass, 2020-09-10 This literary companion surveys the young adult works of American author Marion Zimmer Bradley primarily known for her work in the fantasy genre An A to Z arrangement includes coverage of novels *The Catch Trap* *Survey Ship* *The Fall of Atlantis* *The Firebrand* *The Forest House* and *The Mists of Avalon* the graphic narrative *Warrior Woman* the Lythande novella *The Gratitude of Kings* and from the Darkover series *The Shattered Chain* *The Sword of Aldones* and *Traitor s Sun* Separate entries on dominant themes rape divination religion violence womanhood adaptation and dreams comb stories and longer works for the author s insights about the motivation of institutions that oppress marginalized groups especially women

The Way We Read James Dickey William B. Thesing, Theda Wrede, 2009 Original inroads to understanding the life and works of the celebrated novelist and poet In *The Way We Read James Dickey* editors William B Thesing and Theda Wrede have assembled an outstanding collection of current critical responses to the works of the acclaimed novelist poet and teacher including essays by Dickey s former colleagues at the University of South Carolina and a piece by his most famous student novelist Pat Conroy The volume breaks new ground in the application of innovative critical approaches and restores Dickey to his rightful place in the literary canon as a remarkable writer who crafted some of the best poetry and fiction of the twentieth century A decade after Dickey s death and thirty five years after the release of the film version of his famous novel *Deliverance* Dickey remains a controversial figure in the American literary landscape He was an intellectual maverick who was often ahead of his time and yet he responded intensely almost obsessively to his own changing times Thesing and Wrede argue that although he appeared to conform to poetic conventions his writing was a visionary reinterpretation and extension of preexisting traditions This tension between a poet s intellectual precursors and the radical innovation of his work is the inspiration behind the fresh approaches taken by the contributors in this volume just as it energized Dickey s own endeavors The essays offer original insights through emerging scholarly perspectives as well as through established methods of critique The contributors address a range of themes in Dickey s works including gender religion humanity s relationship to nature and the writer s cultural context This landmark reappraisal of Dickey s legacy offers readers a coherent forum that addresses why his writings remain relevant today thus restoring and revaluing the rising significance of Dickey s literary achievement for twenty first century audiences William B Thesing a distinguished professor emeritus of English at the University of South Carolina was a colleague of James Dickey s for two decades From 2003 to 2008 Thesing served as editor of the *James Dickey Newsletter* He is the author or editor of fifteen books including *The London Muse* winner of the 1980 SAMLA Studies Book Award **Introducing Architectural Tectonics** Chad Schwartz, 2016-10-04 *Introducing Architectural Tectonics* is an exploration of the poetics of construction Tectonic theory is an integrative philosophy examining the relationships formed

between design construction and space while creating or experiencing a work of architecture In this text author Chad Schwartz presents an introductory investigation into tectonic theory subdividing it into distinct concepts in order to make it accessible to beginning and advanced students alike The book centers on the tectonic analysis of twenty contemporary works of architecture located in eleven countries including Germany Italy United States Chile Japan Bangladesh Spain and Australia and designed by such notable architects as Tadao Ando Herzog de Meuron Kengo Kuma Olson Kundig and Peter Zumthor Although similarities do exist between the projects their distinctly different characteristics location and climate context size program construction methods and range of interpretations of tectonic expression provide the most significant lessons of the book helping you to understand tectonic theory Written in clear accessible language these investigations examine the poetic creation of architecture showing you lessons and concepts that you can integrate into your own work whether studying in a university classroom or practicing in a professional office

The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art

Contemporary American Indian Literatures and the Oral Tradition Susan Berry Brill de Ramírez, 1999-07-01 Because American Indian literatures are largely informed by their respective oral storytelling traditions they may be more difficult to understand or interpret than the more text based literatures with which most readers are familiar In this insightful new book Susan Berry Brill de Ram rez addresses the limitations of contemporary criticism and theory in opening up the worlds of story within American Indian literatures proposing instead a conversive approach for reading and understanding these works In order to fully understand American Indian literatures Brill de Ram rez explains that the reader must become a listener reader an active participant in the written stories To demonstrate this point she explores literary works both by established Native writers such as Sherman Alexie N Scott Momaday Leslie Marmon Silko and Luci Tapahonso and by less well known writers such as Anna Lee Walters Della Frank Lee Maracle and Louis Owens Through her literary engagements with many poems novels and short stories she demonstrates a new way to read and understand the diverse body of American Indian literatures Brill de Ram rez s conversive approach interweaves two interconnected processes co creating the stories by participating in them as listener readers and recognizing orally informed elements in the stories such as verbal minimalism and episodic narrative structures Because this methodology is rooted in American Indian oral storytelling traditions Native voices from these literary works are able to more directly inform the scholarly process than is the case in more textually based critical strategies Through this innovative approach Brill de Ram rez shows that literature is not a static text but an interactive and potentially transforming conversation between listener readers storyteller writers and the story characters as well Her book furthers the discussion of how to read American Indian and other orally informed literatures with greater sensitivity to their respective cultural traditions and shows that the immediacy of the relationship between teller story and listener can also be experienced in the

relationships between writers literary works and their listener readers

Yuri Lyubimov: Thirty Years at the Taganka

Theatre B. Beumers, 2003-09-02 A study of Yury Lyubimov's tempestuous career and his style of theatre This work traces the development of his ideas from his arrival at the Taganka Theatre in 1964 through to his expulsion in 1984 and his period of exile in the West until his return in 1989 to a much changed Russia The Eclipse and Recovery of Beauty John

Dadosky, 2014-02-24 According to the Swiss theologian Hans Urs von Balthasar a world that has lost sight of beauty is a world riddled with skepticism moral and aesthetic relativism conflicting religious worldviews and escalating ecological crises In The Eclipse and Recovery of Beauty John D Dadosky uses Kierkegaard and Nietzsche's negative aesthetics to outline the context of that loss and presents an argument for reclaiming beauty as a metaphysical property of being Inspired by Bernard Lonergan's philosophy of consciousness Dadosky presents a philosophy of beauty that is grounded in contemporary Thomistic thought Responding to Balthasar he argues for a concept of beauty that can be experienced understood judged created contemplated and even loved Deeply engaged with the work of Aquinas Kierkegaard Nietzsche and Kant among others The Eclipse and Recovery of Beauty will be essential reading for those interested in contemporary philosophy and theology
