Finucan, 2019-04-18 Mental illness can be treated but stigma can be cured Part memoir and part how to this engrossing book is the culmination of a lifetime of unique personal experiences with illness by author Jason Finucan As someone who has experienced both a major physical illness heart defect leading to open heart surgery in 1988 and a major mental illness bipolar disorder leading to hospitalization in 2005 Jason realized that the stigma still surrounding mental illness was unnecessarily making his diagnosis of bipolar disorder far worse than it needed to be And this problem was happening everywhere Despite significant gains in awareness in recent years mental illnesses like clinical depression or anxiety disorder are still treated far differently than physical illnesses like cancer As a result of the confusion isolation and lack of support created by stigma there is an increase in the number of people suffering with untreated mental illnesses or tragically dying by suicide In this book Jason shares his alarmingly candid personal experiences with an engaging storytelling style and offers insight on how we perceive illness in our society today the important role of empathy and what we can all do to effect change His goal is for everyone to understand this important topic so they are empowered to make a real change and ultimately join his vision for future without stigma This is a mental health movement and Jason wants you to be a part of it **All Women Are Healers** Diane Stein, 1990-04-01 By the study experimentation and practice of natural healing women are changing and charting the future of health care Despite heavy resistance or lack of recognition from patriarchal medicine they are nevertheless making positive changes that will continue and increase Women s emphasis on one to one work practiced in mutual agreement and participation is very different from mechanized and big money medicine and has results and successes far beyond expectations The emphasis on self healing returns health care to the consumer to women s lives and bodies for the first time in centuries The medical system cannot control a movement held in the hands of women though it may try Women are taking control again of healing our daughter right for the first time since the matriarchies and the Inquisition from the Introduction **The New Thought Companion** ,1914 Eclectic Review ,1909 *Ballou's Dollar Monthly Magazine* ,1857 **The Ernest Holmes Papers** Ernest Holmes, George P.
