The Genesis Beast

Gerald Lattocha Jr,2022-12-05 The reading of Will Smythe's will was supposed to be a somber event In his youth Will had almost disavowed his relatives and decided to have a reading of his will before he died of cancer It should have been noticed that Will's intent was anything but honorable but upon signing of the will it would be revealed just how far Will would go to reach immortality Unknown to Will's guests he had a deadly secret Now the guests would have to find a way to beat the mysterious and ferocious Genesis Beast So what form will the Genesis Beast be next A crocodile A T Rex It was a creature that could turn into any form of prehistoric carnivore and generate its optimum hunting environment So would the guests survive this horrible creature or would they all succumb to the nature of the beast and give William his total immortality Can they find a way to beat it Only by reading this story can one discover this outcome and find out the thrilling outcome of a good versus evil plot

Macau Christina Miu Bing Cheng,1999-06-01 Macau on the threshold of the twentieth first century is perhaps a harbinger of a new urban culture Having been nurtured by the sharply contrasting legacies of China and Portugal this unique city manages to meld cultural differences and avoid the destructiveness of ethnic clashes It is thus likened here to the Roman deity Janus who is usually depicted with two faces looking in opposite directions By concentrating on the ambivalent history of Macau the author reveals the historical reality of cultural vacillation between two political entities and the emergence of a creole minority the Macanese With a judicious use of English Chinese and Portuguese sources she has provided a pathbreaking multi focal perspective of the last Portuguese outpost in Asia In light of the decolonization of Macau in December 1999 the author's analysis challenges the easy assumptions of the causal sequence colonialism postcolonialism and opens up an interdisciplinary purview of a local instance in cross cultural studies

Macao - The Formation of a Global City C.X. George Wei,2013-11-07 Macao the former Portuguese colony in southeast China has a long and very interesting history of cultural interaction between China and the West Held by the Portuguese from the 1550s until its return to China in 1999 Macao was up to the emergence of Hong Kong in the later nineteenth century the principal point of entry into China for all Westerners Dutch British and others as well as Portuguese The relatively relaxed nature of Portuguese colonial rule intermarriage the mixing of Chinese and Western cultures and the fact that Macao served as a safe haven for many Chinese reformers at odds with the Chinese authorities including Sun Yat sen all combined to make Macao a very different and special place This book explores how Macao was formed over the centuries It puts forward substantial new research findings and new thinking and covers a wide range of issues It is a companion volume to Macao Cultural Interaction and Literary Representations
