The Golden Way Replacing Religion With Reason:

The Golden Way Dvora Bregman, 2006 *Religion and Public Reason* Maureen Junker-Kenny, 2014-04-02 This book compares three approaches to public reason and to the public space accorded to religions the liberal platform of an overlapping consensus proposed by John Rawls Jürgen Habermas's discourse ethical reformulation of Kant's universalism and its realization in the public sphere and the co-founding role which Paul Ricoeur attributes to the particular traditions that have shaped their cultures and the convictions of citizens The premises of their positions are analysed under four aspects 1 the normative framework which determines the specific function of public reason 2 their anthropologies and theories of action 3 the dimensions of social life and its concretization in a democratic political framework 4 the different views of religion that follow from these factors including their understanding of the status of metaphysical and religious truth claims and the role of religion as a practice and conviction in a pluralist society Recent receptions and critiques in English and German are brought into conversation philosophers and theologians discuss the scope of public reason and the task of translation from faith traditions as well as the role they might have in the diversity of world cultures for shaping a shared cosmopolitan horizon Religion Is God'S Way of Showing Us It'S a Lot Earlier in Human Evolution Than We Thought Douglas Falknor, 2013-05-14 Radical understanding of ourselves is now possible to our very core greater insight into whom we really are where we came from what our evolution has been what it has meant and what it means now and for the future That quest has been an intellectual one but it also has been a spiritual one and answers with spiritual meaning are now possible even for the atheists doubters skeptics humanists and freethinkers In this study author Douglas Falknor explores the issue of how religion has evolved along with humanity A nonbeliever Falknor seeks to answer a host of age old questions Are we born addicted to religion Why do we have religion Is there a God How has religion evolved and created the hardwired spirituality within us Falknor goes beyond the God gene and surveys recent thought and reveals original interpretations of what it all means He traces this spiritual quest for nonbelievers and calls this the Path of the Doubtful Sojourner Through this discussion Falknor seeks to pave the way toward greater spiritual and psychological fulfillment **The Korean Tradition of Religion, Society, and Ethics** Chai-sik Chung, 2016-11-10 By making Korea a central part of comparative history of East Asian religion and society this book traces the evolution of Korean religion from the oldest representation to that of the current day by utilizing wide ranging interdisciplinary and comparative resources This book presents a holistic view of the enduring religious tradition of Korea and its cultural and social significance within the wider horizons of modern and globalizing changes Reflecting nearly five decades of the author's work on the subject it presents an understanding of the main current in Korean religion and social thought throughout history It then goes on to examine discourses on values and morality involving the relationship between religion and society in particular the human meaning of economy and society which is one of the most central and practical problems in the contemporary world with global relevance beyond Korea and

Asia Addressing the overview of the Korean religious tradition in the context of its impact on the making of modern society and economy this book will appeal to students and scholars of Religious Studies Korean Studies and Asian Studies **Faith and Reason from Plato to Plantinga** Dewey J.
