The National Dream:

The National Dream Pierre Berton, 2011-06-22 In 1871 a tiny nation just four years old its population well below the 4 million mark determined that it would build the world's longest railroad across empty country much of it unexplored This decision bold to the point of recklessness was to change the lives of every man woman and child in Canada and alter the shape of the nation Using primary sources diaries letters unpublished manuscripts public documents and newspapers Pierre Berton has reconstructed the incredible decade of the 1870s when Canadians of every stripe contractors politicians financiers surveyors workingmen journalists and entrepreneurs fought for the railway or against it The National Dream is above all else the story of people It is the story of George McMullen the brash young promoter who tried to blackmail the Prime Minister of Marcus Smith the crusty surveyor so suspicious of authority he thought the Governor General was speculating in railway lands of Sanford Fleming the great engineer who invented Standard Time but who couldn't make up his mind about the best route for the railway All these figures and dozens more including the political leaders of the era come to life with all their human ambitions and failings *Xi Jinping's 'Chinese Dream'* Prashant Kumar Singh, 2022-12-30 Singh analyses the influence of Xi's Chinese Dream on China's foreign relations and security postures Xi Jinping's rise has led to a paradigm shift in many aspects of China's domestic and international politics A key element of this has been the ideological vision shorthand as the Chinese Dream combining elements of nationalism Confucian ideology and economic expansionism Singh evaluates the various changes in China's nominally communist ideology in the post Mao era with an emphasis on the implications for China's economic and security relations with other countries He particularly focusses on China's approach to South Asia and the Indian Ocean Region key elements of China's strategy An insightful guide to understanding the direction of China's foreign and security policy and especially its impact on India China relations *The National Dream*, 1974
