The Near Death Experiment:

The Near-Death Experience Lee W. Bailey, Jenny Yates, 2013-06-17 The Near Death Experience A Reader is the most comprehensive collection of NDE cases and interpretations ever assembled This book encompasses a broad range of disciplines psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena the biological perspective describes how brains near death may produce soothing endorphins optical illusions and convincing hallucinations Philosophers present empirical analyses and images in archetypal theories and the symbolic language of comparative phenomenological theories Christian Jewish and Mormon responses to NDEs outline the religious perspective and the mystical and spiritual interpretations of NDEs are also explored **Consciousness Beyond Life** Pim van Lommel, 2010-05-21 As one of the foremost experts in the field his work moves us closer to rational comprehension of human kind s deepest mystery life after death Raymond A Moody MD PhD author of Life After Life In Consciousness Beyond Life the internationally renowned cardiologist Dr Pim van Lommel offers ground breaking research into whether or not our consciousness survives the death of our body If you enjoy books about near death experiences such as those by Raymond Moody Jeffrey Long and James Van Praagh watch television shows like Ghosthunters Touched by an Angel and Ghost Whisperer or are interested in works that explore the intersection of faith and science such as Spiritual Brain Signature in the Cell and When Science Meets Religion you ll find much to ponder in Consciousness Beyond Life The evidence supports the validity of near death experiences and suggests that scientists should rethink theories on one of the ultimate medical mysteries the nature of human consciousness The Washington Post This research will be seized on by academics who believe that the mind can continue to work after the brain has stopped Church leaders will cite it as evidence for the existence of a soul The Sunday Telegraph London Pim van Lommel shows that the symphony of human consciousness does continue even at the portals of death His evidence is robust and can no longer be ignored either by the science community or by society at large Dr Ervin Laszlo author of Science and the Akashic Field The distinctive contribution of this book is that it presents and defends a complete theory of consciousness clearly a landmark book Dr Kenneth Ring Professor Emeritus of Psychology University of Connecticut **Science and the Near-Death Experience** Chris Carter, 2010-08-23 The scientific evidence for life after death Explains why near death experiences NDEs offer evidence of an afterlife and discredits the psychological and physiological explanations for them Challenges materialist arguments against consciousness surviving death Examines ancient and modern accounts of NDEs from around the world including China India and many from tribal societies such as the Native American and the Maori Predating all organized religion the belief in an afterlife is fundamental to the human experience and dates back at least to the Neanderthals By the mid 19th century however spurred by the progress of science many people began to question the existence of an afterlife and the doctrine of materialism which believes that consciousness is a creation of the brain began to spread Now using scientific evidence Chris Carter challenges materialist

arguments against consciousness surviving death and shows how near death experiences NDEs may truly provide a glimpse of an awaiting afterlife Using evidence from scientific studies quantum mechanics and consciousness research Carter reveals how consciousness does not depend on the brain and may in fact survive the death of our bodies Examining ancient and modern accounts of NDEs from around the world including China India and tribal societies such as the Native American and the Maori he explains how NDEs provide evidence of consciousness surviving the death of our bodies He looks at the many psychological and physiological explanations for NDEs raised by skeptics such as stress birth memories or oxygen starvation and clearly shows why each of them fails to truly explain the NDE Exploring the similarities between NDEs and visions experienced during actual death and the intersection of physics and consciousness Carter uncovers the truth about mind matter and life after death

The Near Death Experience: A Clinical Investigation Duncan Alexander McKenzie R.N.,2014-08-05 The NDE is one of the most spoken about phenomenon of our time Here in this book the author who is a Registered Nurse logically and rationally analyses the phenomenon and states what the NDE may represent He also details the associated medical condition called The Lazarus Syndrome where individuals who appear to be dead have revived and sometimes told of NDE experiences The book provides many examples of the NDE both from the wider literature and from the author s own clinical research He comprehensively analyses all the evidence in a rational and logical manner and gives various theories as to what exactly the Near Death Experience is and what it means for us as human beings Does the NDE represent proof of life after death The author s analysis provides all of the various theories and allows the reader to make their own decision It makes for fascinating reading and for anyone who is seeking the truth about the phenomenon it is an indispensable addition to the literature on the subject

Lessons from the Light Kenneth Ring,Evelyn Elsaesser Valarino,2006-09-01 This relaunch of a popular title by Ring considered by many to be the Dean of Near Death Experience Researchers includes a new foreword by Caroline Myss Lessons from the Light extracts the pure gold of the Near Death Experience NDE and with a beautiful balance of rigorous research and human insight reveals the practical wisdom held within these experiences Unquestionably the most important book on the subject of near death experience since Moody s Life After Life Ian Wilson author of The After Death Experience

Evidence of the Afterlife Jeffrey Long,Paul Perry,2010-01-19 There is currently more scientific evidence to the reality of near death experience NDE than there is for how to effectively treat certain forms of cancer states radiation oncologist Dr Jeffrey Long is his groundbreaking new book Evidence of the Afterlife In 1998 Dr Long and his wife Jody began the Near Death Experience Research Foundation with the goal of creating a forum for near death experiencers to share their stories Grounded in first hand evidence culled from over 1 600 verified NDE accounts Evidence of the Afterlife presents the strongest argument yet for the underlying truth of those who have died and returned to share their tales
