*Writing the Rapture* Crawford Gribben,2009-02-02 For the past twenty years evangelical prophecy novels have been a powerful presence on American bestseller lists Emerging from a growing conservative culture industry the genre dramatizes events that many believers expect to occur at the end of the age the rapture of the saved the rise of the Antichrist and the fearful tribulation faced by those who are left behind Seeking the forces that drove the unexpected success of the Left Behind novels Crawford Gribben traces the gradual development of the prophecy fiction genre from its eclectic roots among early twentieth century fundamentalists The first rapture novels came onto the scene at the high water mark of Protestant America From there the genre would both witness the defeat of conservative Protestantism and participate in its eventual reconstruction and return providing for the renaissance of the evangelical imagination that would culminate in the Left Behind novels Yet as Gribben shows the rapture genre while vividly expressing some prototypically American themes also serves to greatly complicate the idea of American modernity assaulting some of its most cherished tenets Gribben concludes with a look at post Left Behind rapture fiction noting some works that were written specifically to counter the claims of the best selling series Along the way he gives attention not just to literary fictions but to rapture films and apocalyptic themes in Christian music *Writing the Rapture* is an indispensable guide to this flourishing yet little understood body of literature

*Travel Writing in an Age of Global Quarantine* Gary Fisher,David Robinson,2021-09-07 *Travel Writing in an Age of Global Quarantine* is an anthology of travel accounts by a diverse range of writers and academics Challenging conventional academic authority each contributor writes from memory during the Covid 19 lockdown about a place they have previously visited accompanied by an historical traveller who published an account of the same place As immobility is forced upon us at least for the immediate future we have the chance to reflect *Travel Writing in an Age of Global Quarantine* presents opportunities to approach a text as a scholar differently We break with the traditional academic rules by inserting ourselves into the narrative and foregrounding the personal subjective elements of literary scholarship Each contributor critiques an historical description of a place about which simultaneously they write a personal account A Bibliography on Writing and Written Language Konrad Ehlich,Florian Coulmas,Gabriele Graefen,2011-06-01 The bibliography offers information on research about writing and written language over the past 50 years No comprehensive bibliography on this subject has been published since Sattler s 1935 handbook With a selection of some 27 500 titles it covers the most important literature in all scientific fields relating to writing Emphasis has been placed on the interdisciplinary organization of the bibliography creating many points of common interest for literacy experts educationalists psychologists sociologists linguists cultural

anthropologists and historians The bibliography is organized in such a way as to provide the specialist as well as the researcher in neighboring disciplines with access to the relevant literature on writing in a given field While necessarily selective it also offers information on more specialized bibliographies In addition an overview of norms and standards concerning script and writing will prove very useful for non professional readers It is therefore also of interest to the generally interested public as a reference work for the humanities
