The Mystical Marriage C. S. Warner,2020-07-27 Have you ever wondered if a Near Death Experience NDE can actually happen The answer to that is No unless you consider the physical body to be the essence of who you are What you will find during one of these experiences is that your Spirit is your essence and your physical body is simply the vehicle that your Spirit rides in Try picturing it this way your body is like a car When the car goes kaput you get a different car That s the way it is with death Your Spirit gets out of the dead body and gets into a different one The first book in this series explains what an NDE looks like feels like and what in our body triggers the visions and silent voices that we hear It also explains why someone who has experienced this sometimes becomes intuitive a psychic or perhaps a savant The author takes you on a journey that shows you how this ancient ability and understanding of the other side and how to communicate with it has existed since the beginning of time Sometimes that understanding is shown to us in mythological or biblical stories or in some type of art form Regardless of how those stories come down to us they are irrevocably intertwined using numbers letters symbols God angels gods goddesses alchemy or astrological astronomical symbols In today s world people use religion and science to explain the same things that our Ancient ancestors knew and that is that there is no such thing as death This book is the stepping stone in learning how to read the writing in the sky and why it is of utmost importance to learn what Enlightenment is and where to find it **The tarot of the Bohemians, by Papus.
