

THE GODDESSES' MIRROR

Visions of the Divine from East and West

DAVID KINSLEY

The Goddesses Mirror Visions Of The Divine From East And West

Xiang Xie

The Goddesses Mirror Visions Of The Divine From East And West:

The Goddesses' Mirror David R. Kinsley, 1989-01-01 Discusses the cultural background and meaning of ten goddesses including Aphrodite Isis Athena Durga Lakshmi and Sita The Feminine Principle in the Sikh Vision of the Transcendent Nikky-Guninder Kaur Singh, 1993-09-24 This work is a critical analysis of Sikh literature from a feminist perspective It begins with Guru Nanak's vision of Transcendent Reality and concludes with the mystical journey of Rani Raj Kaur the heroine of a modern Punjabi epic The eight chapters of the book approach the Sikh vision of the Transcendent from historical scriptural symbolic mythological romantic existential ethical and mystical perspectives Each of these discloses the centrality of the woman and show convincingly that Sikh Gurus and poets did not want the feminine principle to serve merely as a figure of speech or literary device it was intended rather to pervade the whole life of the Sikhs The present work bolsters the claim that literary symbols should be translated into social and political realities and in so doing puts a valuable feminist interpretation on a religious tradition which has remained relatively unexplored in scholarly literature From Girl to Goddess Valerie Estelle Frankel, 2014-01-10 Many are familiar with Joseph Campbell's theory of the hero's journey the idea that every man from Moses to Hercules grows to adulthood while battling his alter ego This book explores the universal heroine's journey as she quests through world myth Numerous stories from cultures as varied as Chile and Vietnam reveal heroines who battle for safety and identity thereby upsetting popular notions of the passive gentle heroine Only after she has defeated her dark side and reintegrated can the heroine become the bestower of wisdom the protecting queen and arch crone Instructors considering this book for use in a course may request an examination copy here *The Goddess Discovered* Shelley A. Kaehr, 2025-08-05 Your Complete Guide to Hundreds of Goddesses Around the World Meet the many incarnations of the divine feminine past and present with this comprehensive reference guide by bestselling author Shelley A Kaehr PhD Featuring more than five hundred goddesses over forty exercises and journal prompts and guided journeys for understanding yourself at the soul level this book connects you with ancestral energy and can bring peace and balance to your life Shelley first introduces you to goddesses of the ancient world exploring Egyptian Celtic Greek Norse and Mesoamerican pantheons She then shares the living goddesses of modern world religions African East Asian Hindu and Indigenous peoples Each goddess entry features her keywords categories history and lore In discovering these deities you can enliven goddess energy within you and even uncover past lives *God and the Goddesses* Barbara Newman, 2016-01-14 Contrary to popular belief the medieval religious imagination did not restrict itself to masculine images of God but envisaged the divine in multiple forms In fact the God of medieval Christendom was the Father of only one Son but many daughters including Lady Philosophy Lady Love Dame Nature and Eternal Wisdom *God and the Goddesses* is a study in medieval imaginative theology examining the numerous daughters of God who appear in allegorical poems theological fictions and the visions of holy women We have tended to understand these deities as mere personifications and poetic figures but that

Barbara Newman contends is a mistake. These goddesses are neither pagan survivals nor versions of the Great Goddess constructed in archetypal psychology but distinctive creations of the Christian imagination. As emanations of the Divine, mediators between God and the cosmos embodied universals and ravishing objects of identification and desire, medieval goddesses transformed and deepened Christendom's concept of God, introducing religious possibilities beyond the ambit of scholastic theology and bringing them to vibrant imaginative life. Building a bridge between secular and religious conceptions of allegorized female power, Newman advances such questions as whether medieval writers believed in their goddesses and if so in what manner. She investigates whether the personifications encountered in poetic fictions can be distinguished from those that appear in religious visions and questions how medieval writers reconcile their statements about the multiple daughters of God with orthodox devotion to the Son of God. Furthermore, she examines why forms of feminine God talk that strike many Christians today as subversive or heretical did not threaten medieval churchmen. Weaving together such disparate texts as the writings of Latin and vernacular poets, medieval schoolmen, liturgists, and male and female mystics and visionaries, *God and the Goddesses* is a direct challenge to modern theologians to reconsider the role of goddesses in the Christian tradition.

Literary Location and Dislocation of Myth in the Post/Colonial Anglophone World, 2017-11-01

The English speaking world today is so diverse that readers need a gateway to its many postcolonial narratives and art forms. This collection of essays examines this diversity and what brings so many different cultures together. Whether Indian, Canadian, Australasian, or Zimbabwean, the stories discussed focus on how artists render experiences of separation, belonging, and loss. The histories and transformations postcolonial countries have gone through have given rise to a wide range of myths that retrace their birth, evolution, and decline. Myths have enabled ethnic communities to live together; the first section of this collection dwells on stories which can be both inclusive and exclusive under the aegis of nation. While certain essays revisit and retell the crucial role women have played in mythical texts like the Mahabharata, others discuss how settler colonies return to and reappropriate a past in order to define themselves in the present. Crises, clashes, and conflicts which are at the heart of the second section of this book entail myths of historical and cultural dislocation. They appear as breaks in time that call for reconstruction and redefinition, a chief instance being the trauma of slavery with its deep geographical and cultural dislocations. However, the crises that have deprived entire communities of their homeland and their identity are followed by moments of remembrance, reconciliation, and rebuilding. As the term postcolonial suggests, the formerly colonized people seek to revisit and re-investigate the impact of colonization before committing it to collective memory. In a more specifically literary section, texts are read as mythopoeia, foregrounding the aesthetic and poetic issues in colonial and postcolonial poems and novels. The texts explored here study in different ways the process of mythologization through images of location and dislocation. The editors of this collection hope that readers worldwide will enjoy reading about the myths that have shaped and continue to shape postcolonial communities and nations.

Frauenlob's Song of Songs ,2010-11-01 *Dancing after the Whirlwind* Linda J. Tessier,1998-11-01 Dancing after the Whirlwind explores how the denial of a sexual self affects a woman s spiritual identity and her understanding of her place in the world L J Tessier traces the deep roots of this denial and separation of sexuality and spirituality in both Western and Eastern religions She examines the experiences of three groups of women whose sexual desires memories and experiences are routinely denied by society lesbians survivors of childhood sexual abuse and HIV positive women Drawing on their powerful examples Tessier offers us strategies for reclaiming the whirlwind of erotic power and seeing it for what it is the sacred force through which we most deeply touch one another as human beings A Garland of Feminist Reflections Rita M. Gross,2009-03-05 Rita M Gross has long been acknowledged as a founder in the field of feminist theology One of the earliest scholars in religious studies to discover how feminism affects that discipline she is recognized as preeminent in Buddhist feminist theology The essays in A Garland of Feminist Reflections represent the major aspects of her work and provide an overview of her methodology in women s studies in religion and feminism The introductory article written specifically for this volume summarizes the conclusions Gross has reached about gender and feminism after forty years of searching and exploring and the autobiography also written for this volume narrates how those conclusions were reached These articles reveal the range of scholarship and reflection found in Rita M Gross s work and demonstrate how feminist scholars in the 1970s shifted the paradigm away from an androcentric model of humanity and forever changed the way we study religion **Puja and Piety** Pratapaditya Pal,Stephen P.
