*The Nation Comes of Age* Page Smith, 1990 Volume four of a multi volume history of the United States A history of America from 1826 to 1861 **The Antebellum Period** James M. Volo, Dorothy Volo, 2004-06-30 The Antebellum Era was a complex time in American culture Young ladies had suitors call upon them while men often settled quarrels by dueling and mill girls worked 16 hour days to help their families make ends meet Yet at the same time a new America was emerging The rapid growth of cities inspired Frederick Law Olmstead to lead the movement for public parks Stephen Foster helped forge a catalog of American popular music writers such as Washington Irving and Ralph Waldo Emerson raised the level of American literature artists such as Thomas Cole and Thomas Doughty defined a new style of painting called the Hudson River School All the while schisms between northern and southern culture threatened to divide the nation This volume in Greenwood s American Popular Culture Through History recounts the ways in which things old and new intersected in the decades before the Civil War James and Dorothy Volo are one of the more prolific author teams in reference publishing today and with this volume they make important contributions to Greenwood s successful series on America s other history [Daily Life through American History in Primary Documents](#) Randall M. Miller, Theodore J. Zeman, Francis J. Sicius, Jolyon P. Girard, 2011-12-12 With this book students teachers and general readers get a most important look at primary documents essentially history s first draft revealing rare insights into how American life in past eras really was and also about how professional historians begin their work [Daily Life through American History in Primary Documents](#) presents a large sweep of American history through the voices of the American people themselves This multivolume work explores the daily lives of American people from colonial times to the present through primary documents that include diaries letters memoirs speeches sermons pamphlets and all manner of public and private writings from the people The emphasis is on the variety of people s experiences as they ordered and lived their daily lives The cast includes Americans of every class and condition men and women parents and children free and unfree native born and immigrant Hundreds of images further illustrate American life as it developed over more than four centuries and as Americans moved across a continent Organized both chronologically and topically this collection invites many uses by students teachers librarians and anyone wanting to discover what counted in American lives at any one time and over time Its focus on primary documents encourages readers of the volume to explore specific and critical events by taking a firsthand look at the actual documents from which those events draw historical meaning The documents show Americans at work at home at play in the public square in places of worship and on the move As such they perfectly complement the acclaimed Greenwood Encyclopedia of Daily Life in America and will enrich any American history social science and sociology classroom [The Million-Dollar Man Who Helped Kill a President](#) Christopher McIlwain, 2018-07-19 George Washington Gayle is not a name known to history But it soon will be Forget what you thought you knew about why Abraham Lincoln was assassinated by John Wilkes Booth No it was not mere sectional hatred Booth s

desire to become famous Lincoln's advocacy of black suffrage or a plot masterminded by Jefferson Davis to win the war by crippling the Federal government Christopher Lyle McIlwain Sr's *Untried and Unpunished* George Washington Gayle and the Assassination of Abraham Lincoln exposes the fallacies regarding each of those theories and reveals both the mastermind behind the plot and its true motivation The deadly scheme to kill Lincoln Vice President Andrew Johnson and Secretary of State William Seward was Gayle's brainchild The assassins were motivated by money Gayle raised Lots of money 20 000 000 in today's value Gayle a prominent South Carolina born Alabama lawyer had been a Unionist and Jacksonian Democrat before walking the road of radicalization following the admission of California as a free state in 1850 Thereafter he became Alabama's most earnest secessionist though he would never hold any position within the Confederate government or serve in its military After the slaying of the president Gayle was arrested and taken to Washington DC in chains to be tried by a military tribunal for conspiracy in connection with the horrendous crimes The Northern press was satisfied Gayle was behind the deed especially when it was discovered he had placed an advertisement in a newspaper the previous December soliciting donations to pay the assassins There is little doubt that if Gayle had been tried he would have been convicted and executed However he not only avoided trial but ultimately escaped punishment of any kind for reasons that will surprise readers Rather than rehashing what scores of books have already alleged *Untried and Unpunished* offers a completely fresh premise meticulous analysis and stunning conclusions based upon years of firsthand research by an experienced attorney This original thought provoking study will forever change the way you think of Lincoln's assassination [The Greenwood Encyclopedia of Daily Life in America](#) Randall M. Miller, 2008-12-30 The course of daily life in the United States has been a product of tradition environment and circumstance How did the Civil War alter the lives of women both white and black left alone on southern farms How did the Great Depression change the lives of working class families in eastern cities How did the discovery of gold in California transform the lives of native American Hispanic and white communities in western territories Organized by time period as spelled out in the National Standards for U S History these four volumes effectively analyze the diverse whole of American experience examining the domestic economic intellectual material political recreational and religious life of the American people between 1763 and 2005 Working under the editorial direction of general editor Randall M Miller professor of history at St Joseph's University a group of expert volume editors carefully integrate material drawn from volumes in Greenwood's highly successful *Daily Life Through History* series with new material researched and written by themselves and other scholars The four volumes cover the following periods The War of Independence and Antebellum Expansion and Reform 1763 1861 The Civil War Reconstruction and the Industrialization of America 1861 1900 The Emergence of Modern America World War I and the Great Depression 1900 1940 and Wartime Postwar and Contemporary America 1940 Present Each volume includes a selection of primary documents a timeline of important events during the period images illustrating the text and extensive bibliography of further information resources

Zboray,Mary Saracino Zboray,2013-10-08 Prior to the Civil War publishing in America underwent a transformation from a genteel artisan trade supported by civic patronage and religious groups to a thriving cut throat national industry propelled by profit *Literary Dollars and Social Sense* represents an important chapter in the historical experience of print culture it illuminates the phenomenon of amateur writing and delineates the access points of the emerging mass market for print for distributors consumers and writers It challenges the conventional assumptions that the literary public had little trouble embracing the new literary marketing that emerged at mid century The book uncover the tensions that author s faced between literature s role in the traditional moral economy and the lure of literary dollars for personal gain and fame This book marks an important example in how scholars understand and conduct research in American literature      Guncrazy America Frank N. Egerton,2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and

now I think it s time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization
