Weddle, 2010-01-01

When Robert Cavelier sieur de La Salle landed on the Texas coast in 1685 bent on founding a French colony his enterprise was doomed to failure Not only was he hundreds of miles from his intended landfall the mouth of the Mississippi but his supply ship Aimable was wrecked at the mouth of Matagorda Bay leaving the colonists with scant provisions and little protection against local Indian tribes In anger and disgust he struck out at the ship's captain Claude Aignon accusing him of wrecking the vessel purposely and maliciously Captain Aignon and his crew escaped the doomed colony by returning to France on the warship that had escorted the expedition on its ocean crossing Soon after reaching France Aignon found himself defendant in a civil suit filed by two of his officers seeking recompense for lost salary and personal effects and then imprisoned on order of King Louis XIV while La Salle's more serious accusations were being investigated In this book Robert Weddle meticulously recounts through court documents the known history of Aignon and the Aimable and finds that despite La Salle's fervent accusations the facts of the case offer no clear indictment The court documents deftly translated by Francois Lagarde reveal Captain Aignon's successful defense and illuminate the circumstances of the wreck with Aignon's testimony Much is also revealed about the French legal system and how the sea laws of the period were applied through the French government's L Ordonnance de la Marine
