John Kennedy Toole

The Neon Bible:

The Neon Bible John Kennedy Toole, 2018-11-20 A moving evocation of the small town South in the mid twentieth century that belongs on the shelf with the works of Flannery O Connor Carson McCullers and Eudora Welty Orlando Sentinel John Kennedy Toole who won a posthumous Pulitzer Prize for his best selling comic masterpiece *A Confederacy of Dunces* wrote *The Neon Bible* for a literary contest at the age of sixteen The manuscript languished in a drawer and became the subject of a legal battle among Toole s heirs It was only in 1989 thirty five years after it was written and twenty years after Toole s suicide at thirty one that this amazingly accomplished and evocative novel was freed for publication Heartfelt emotion communicated in clean direct prose a remarkable achievement Michiko Kakutani *The New York Times* John Kennedy Toole s tender nostalgic side is as brilliantly effective as his corrosive satire If you liked *To Kill A Mockingbird* you will love *The Neon Bible* Florence King Shockingly mature Even at sixteen Toole knew that the way to write about complex emotions is to express them simply Kerry Luft *Chicago Tribune*

Terence Davies Wendy Everett, 2004-09-04 Terence Davies has made some of the most innovative harrowing and hauntingly lyrical films of the contemporary era This first ever book length study of his work combines detailed analysis of all his films with a persuasive and stimulating investigation of key filmic issues of time and memory identity and selfhood and the nature of literary adaptation as well as a previously unpublished interview with Davies himself The book demonstrates that Davies s films successfully subvert traditional division between popular culture and art house cinema Gardner explores not only Davies s debt to social realism the British Documentary movement and Ealing comedies but equally to the European auteur tradition and to the great Hollywood musicals and melodramas that continue to inspire him It provides fresh insight into the centrality of music in Davies s work and into his conviction that film

itself is closer to music than to any other art form

Irish Catholic Writers and the Invention of the American South

Bryan Giemza, 2013-07-08 In this expansive study Bryan Giemza recovers a neglected subculture and retrieves a missing chapter of Irish Catholic heritage by canvassing the literature of American Irish writers from the U S South Giemza offers a defining new view of Irish American authors and their interrelationships within both transatlantic and ethnic regional contexts From the first Irish American novel published in Winchester Virginia in 1817 Giemza investigates a cast of nineteenth century writers contending with the turbulence of their time writers influenced by both American and Irish revolutions Additionally he considers dramatists and propagandists of the Civil War and Lost Cause memoirists who emerged in its wake Some familiar names reemerge in an Irish context including Joel Chandler Harris Lafcadio Hearn and Kate O Flaherty Chopin Giemza also examines the works of twentieth century southern Irish writers such as Margaret Mitchell John Kennedy Toole Flannery O Connor Pat Conroy Anne Rice Valerie Sayers and Cormac McCarthy For each author Giemza traces the influences of Catholicism as it shaped both faith and ethnic identity pointing to shared sensibilities and contradictions Flannery O Connor for example resisted identification as an Irish American while Cormac McCarthy described by some as anti Catholic continues a dialogue with the Church from which he distanced himself Giemza draws on many never before seen documents including authorized material from the correspondence of Cormac McCarthy interviews from the Irish community of Flannery O Connor s native Savannah Georgia and Giemza s own correspondence with writers such as Valerie Sayers and Anne Rice This lively literary history prompts a new understanding of how the Irish in the region helped invent a regional mythos an enduring literature and a national image *Lives of the Novelists* John Sutherland, 2012-03-27 No

previous author has attempted a book such as this a complete history of novels written in the English language from the genre s seventeenth century origins to the present day In the spirit of Dr Johnson s *Lives of the Poets* acclaimed critic and scholar John Sutherland selects 294 writers whose works illustrate the best of every kind of fiction from gothic penny dreadful and pornography to fantasy romance and high literature Each author was chosen Professor Sutherland explains because his or her books are well worth reading and are likely to remain so for at least another century Sutherland presents these authors in chronological order in each case deftly combining a lively and informative biographical sketch with an opinionated assessment of the writer s work Taken together these novelists provide both a history of the novel and a guide to its rich variety Always entertaining and sometimes shocking Sutherland considers writers as diverse as Daniel Defoe Henry James James Joyce Edgar Allan Poe Virginia Woolf Michael Crichton Jeffrey Archer and Jacqueline Susann Written for all lovers of fiction *Lives of the Novelists* succeeds both as introduction and re introduction as Sutherland presents favorite and familiar novelists in new ways and transforms the less favored and less familiar through his relentlessly fascinating readings
